Individual Executive Member Decision

West Berkshire Council Forward Plan – 12 November 2019 to 29 February 2020

Committee considering report:	Individual Executive Member Decision
Date of Committee:	10 October 2019
Portfolio Member:	Councillor Lynne Doherty - Leader of the Council
Forward Plan Ref:	ID3696

1. Purpose of the Report

- 1.1 To advise Members and residents of items to be considered by West Berkshire Council over the next four months.

2. Recommendation

- 2.1 That the Leader of the Council agrees and where appropriate amends the West Berkshire Council Forward Plan.

3. Implications

- 3.1 **Financial:** The Forward Plan has no financial implications.
- 3.2 **Policy:** The Forward Plan details the Policies to be adopted by West Berkshire Council.
- 3.3 **Personnel:** The Forward Plan has no personnel implications.
- 3.4 **Legal:** The Forward Plan has no legal implications.
- 3.5 **Risk Management:** The Forward Plan has no risk management implications.
- 3.6 **Property:** The Forward Plan has no property implications.
- 3.7 **Other:** Not applicable.

4. Consultation Responses

Members:

Leader of Council:	Leader of the Council
Overview & Scrutiny Management Commission Chairman:	Councillor Alan Law at Overview and Scrutiny Management Commission meetings.
Ward Members:	All Members
Opposition	Councillor Lee Dillon at Overview and Scrutiny Management

- Spokesperson:** Commission meetings.
- Local Stakeholders:** The West Berkshire Council Forward Plan will be published the first working day after the Individual Decision is signed.
- Officers Consulted:** Nick Carter, John Ashworth, Andy Sharp, Joseph Holmes, Heads of Service, Group Executives.
- Trade Union:** Not sought.

5. Other options considered

5.1 Not applicable.

6. Appendices

6.1 Appendix A – Supporting Information

6.2 Appendix B – Data Protection Impact Assessment – Stage One

6.3 Appendix C - Equalities Impact Assessment

6.4 Appendix D – West Berkshire Council Forward Plan – 12 November 2019 to 29 February 2020

6.5 Appendix E – Notice of Private Decisions for 21 November 2019 Executive meeting

Individual Executive Member Decision

West Berkshire Forward Plan - 12 November 2019 to 29 February 2020– Supporting Information

1. Introduction/Background

- 1.1 West Berkshire Council's Forward Plan, which is published monthly, sets out the key decisions that the Executive (either collectively or by Individual Executive Members) are expected to take over the next four months.
- 1.2 Key decisions are defined by the Government (Regulation 8 of the Local Authorities (Executive Arrangements)(Access to Information)(England) Regulations 2001) as:
- (1) Those which result in the Local Authority incurring expenditure which is, or the making of savings which are, significant having regard to the Local Authority's budget for the service or function to which the decision is related.
 - (2) Those which are significant in terms of its effect on communities living or working in an area comprising two or more wards or electoral divisions in the area of the Local Authority.
- 1.3 The introduction of The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 in September 2012 included a requirement to publish 28 clear days' notice of any intended key decision. It should be noted that "clear days" means working days, from midnight to midnight, and excludes weekends and public holidays, so 28 clear days equates to around 5½ normal weeks.
- 1.4 On occasions, however, situations may arise where an urgent decision needs to be made in respect of an item that does not appear on the Forward Plan. There are two different ways in which this can be done:
- (i) the authority can take an urgent key decision without giving 28 days' notice where it is impracticable to give the full notice, provided that the authority gives at least five days' clear notice to all Members of the Overview and Scrutiny Management Commission, which can then call in the decision to check that it was genuinely urgent; or
 - (ii) where a key decision is so urgent there is not even time to give five clear days' notice, the authority can take the decision if the Chairman of the Overview and Scrutiny Management Commission has agreed that the key decision is urgent and cannot reasonably be deferred.
- 1.5 In addition The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 introduced an entirely new requirement for the Council to publish 28 clear days' notice of the intention to hold a private meeting (or part of a meeting) of the Executive. This 28 day notice must be

reinforced by a five day notice which sets out the reasons for the meeting to be held in private, details of any propositions received as to why the meeting should be open, and the Council's response. The response will be provided by the Monitoring Officer. The regulations again provide for an urgency procedure, under which the Council can decide the matter with shorter than 28 or five days' notice, provided that it has first obtained the consent of the Chairman of the Overview and Scrutiny Management Commission.

- 1.6 There are currently two confidential items scheduled for the 21 November 2019 Executive meeting. The required notice is attached as Appendix E and will be displayed at the Council. If any representations are received the five day notice will be issued on 13 November 2019. The items are:
- EX3589 – 1A Bath Road asset proposal
(Paragraph 3 – information relating to financial/business affairs of a particular person)
 - EX3741 – Proposed Property Investment
(Paragraph 3 – information relating to financial/business affairs of a particular person)
- 1.7 Details of decisions that Full Council, the Governance and Ethics Committee, Licensing Committee and the Personnel Committee are going to take are also included for ease of reference. It should, however, be noted that the 2012 Regulations only apply to Executive meetings.
- 1.8 Publication of the Forward Plan remains a statutory requirement of the Local Authority. The Forward Plan, any General Exception Decision Notices and Notices of Private Decisions have to be available for inspection and also have to be published on the Council's website.

Background Papers:

None.

Subject to Call-In:

Yes: No:

The item is due to be referred to Council for final approval	<input type="checkbox"/>
Delays in implementation could have serious financial implications for the Council	<input type="checkbox"/>
Delays in implementation could compromise the Council's position	<input checked="" type="checkbox"/>
Considered or reviewed by Overview and Scrutiny Management Commission or associated Task Groups within preceding six months	<input checked="" type="checkbox"/>
Item is Urgent Key Decision	<input type="checkbox"/>
Report is to note only	<input type="checkbox"/>

Officer details:

Appendix B

Data Protection Impact Assessment – Stage One

The General Data Protection Regulations require a Data Protection Impact Assessment (DPIA) for certain projects that have a significant impact on the rights of data subjects.

Should you require additional guidance in completing this assessment, please refer to the Information Management Officer via dp@westberks.gov.uk

Directorate:	Resources
Service:	Legal and Strategic Support
Team:	Democratic Services
Lead Officer:	Moira Fraser
Title of Project/System:	West Berkshire Council Forward Plan
Date of Assessment:	27 August 2019

Do you need to do a Data Protection Impact Assessment (DPIA)?

	Yes	No
<p>Will you be processing SENSITIVE or “special category” personal data?</p> <p>Note – sensitive personal data is described as “<i>data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation</i>”</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will you be processing data on a large scale?</p> <p>Note – Large scale might apply to the number of individuals affected OR the volume of data you are processing OR both</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will your project or system have a “social media” dimension?</p> <p>Note – will it have an interactive element which allows users to communicate directly with one another?</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will any decisions be automated?</p> <p>Note – does your system or process involve circumstances where an individual’s input is “scored” or assessed without intervention/review/checking by a human being? Will there be any “profiling” of data subjects?</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will your project/system involve CCTV or monitoring of an area accessible to the public?</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will you be using the data you collect to match or cross-reference against another existing set of data?</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Will you be using any novel, or technologically advanced systems or processes?</p> <p>Note – this could include biometrics, “internet of things” connectivity or anything that is currently not widely utilised</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

If you answer “Yes” to any of the above, you will probably need to complete [Data Protection Impact Assessment - Stage Two](#). If you are unsure, please consult with the Information Management Officer before proceeding.

Appendix C

Equality Impact Assessment - Stage One

We need to ensure that our strategies, policies, functions and services, current and proposed have given due regard to equality and diversity.

Please complete the following questions to determine whether a Stage Two, Equality Impact Assessment is required.

Name of policy, strategy or function:	Forward Plan
Version and release date of item (if applicable):	
Owner of item being assessed:	Moira Fraser
Name of assessor:	Linda Pye
Date of assessment:	27 August 2019

Is this a:		Is this:	
Policy	No	New or proposed	No
Strategy	No	Already exists and is being reviewed	No
Function	No	Is changing	No
Service	No		

1. What are the main aims, objectives and intended outcomes of the policy, strategy function or service and who is likely to benefit from it?	
Aims:	
Objectives:	
Outcomes:	
Benefits:	

2. Note which groups may be affected by the policy, strategy, function or service. Consider how they may be affected, whether it is positively or negatively and what sources of information have been used to determine this. (Please demonstrate consideration of all strands – Age, Disability, Gender Reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion or Belief, Sex and Sexual Orientation.)		
Group Affected	What might be the effect?	Information to support this.
None		

Further Comments relating to the item:		

3. Result	
Are there any aspects of the policy, strategy, function or service, including how it is delivered or accessed, that could contribute to inequality?	No
Please provide an explanation for your answer:	
Will the policy, strategy, function or service have an adverse impact upon the lives of people, including employees and service users?	No
Please provide an explanation for your answer:	

If your answers to question 2 have identified potential adverse impacts and you have answered ‘yes’ to either of the sections at question 3, or you are unsure about the impact, then you should carry out a Stage 2 Equality Impact Assessment.

If a Stage Two Equality Impact Assessment is required, before proceeding you should discuss the scope of the Assessment with service managers in your area. You will also need to refer to the Equality Impact Assessment guidance and Stage Two template.

4. Identify next steps as appropriate:	
Stage Two required	No
Owner of Stage Two assessment:	
Timescale for Stage Two assessment:	
Stage Two not required:	

Name: Linda Pye

Date: 27 August 2019

Please now forward this completed form to Rachel Craggs, the Principal Policy Officer (Equality and Diversity) for publication on the WBC website.

NOTICE OF A PRIVATE MEETING OF A DECISION-MAKING BODY¹

Notice of an imminent occasion when the public may be excluded from a meeting due to the likelihood that if members of the public were present during an item of business confidential or exempt information would be disclosed to them.

¹ In accordance with Regulation 5(7) of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012.

1. At least 28 clear days before a private meeting² of a decision-making body, public notice³ must be given which must include a statement of reasons for the meeting to be held in private.
2. At least 5 clear days before a private meeting of a decision-making body, further public notice⁴ must be given which must include a statement of reasons for the meeting to be held in private, details of any representations received by the decision-making body about why the meeting should be open to the public and a statement of the Council's response to such representations.
3. Where the date by which a meeting must be held makes compliance with the above requirements impracticable, the meeting may only be held in private where the decision-making body has obtained agreement from the Chair of the Overview and Scrutiny Management Commission.

Date of Decision or period within which the decision is to be made	Ref No:	Matter in respect of which the decision is to be made	Short Description	Decision maker	Executive Member & Lead Officer	List of documents to be submitted to decision maker	Public or Private meeting. Statement of reasons if private.
21 November 2019	EX3589	1A Bath Road asset proposal	To seek approval to the disposal of the freehold of 1A Bath Road, Calcot	Executive	Councillor Jeff Cant Richard Turner	Report and associated appendices	(Paragraph 3 – information relating to financial/business affairs of particular person)
21 November 2019	EX3741	Proposed Property Investment	To agree to the potential purchase of a property which does not conform with the criteria of the Property Investment Strategy	Executive	Councillor Jeff Cant Richard Turner	Report and associated appendices	(Paragraph 3 - information relating to financial/business affairs of particular person)

Sarah Clarke
 Head of Legal and Strategic Support
 West Berkshire Council
 Date: 2 October 2019

² A 'private meeting' means a meeting or part of a meeting of a decision making body which is open to the public except to the extent that the public are excluded due to the confidential or exempt business to be transacted.

³ In accordance with Regulation 5(2) of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012.

⁴ In accordance with Regulation 5(4) of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012.

Individual Executive Member Decision

2019/20 Highway Winter Service Plan

Committee considering report:	Individual Executive Member Decision
Date ID to be signed:	10 October 2019
Portfolio Member:	Councillor Richard Somner
Forward Plan Ref:	ID3793

1. Purpose of the Report

- 1.1 To seek approval of the 2019/20 Highway Winter Service Plan.

2. Recommendation

- 2.1 That the Executive Portfolio Member for Transport and Countryside approves the 2019/20 Highway Winter Service Plan.

3. Implications

- 3.1 **Financial:** The cost of providing the Winter Service, including the maintenance of West Berkshire Council owned salt bins (31 no.) and undertaking up to 50 primary precautionary treatments on 511.8km of carriageway, is included in the 2019/20 revenue budget. (There is no budget provision for treatment of the secondary network, snow clearance network or footway networks).
- 3.2 **Policy:** To comply with best practice and the statutory duty to maintain the public highway in a safe condition, the Transport and Countryside Service reviews and produces a Highway Winter Service Plan annually to set out its operational proposals for Members to consider.
- 3.3 **Personnel:** None arising from this report.
- 3.4 **Legal:** Following a House of Lords ruling, the Council has had a statutory duty from 10 October 2003 to ensure, so far as reasonably practicable that the safe passage along a highway is not endangered by snow or ice.
- The Winter Service is to be procured through the Highways, Bridges and Street Lighting Term Maintenance Contract 2016.
- 3.5 **Risk Management:** None arising from this report.

- 3.6 **Property:** None arising from this report.
- 3.7 **Other:** A Stage 1 Equality Impact Assessment has been prepared.

4. Consultation Responses

Members:

Leader of Council: Councillor Lynne Doherty

Overview & Scrutiny Management Commission Chairman: Councillor Alan Law

Ward Members: All Ward Members

Opposition Spokesperson: Councillor Alan Macro

Local Stakeholders: All Town and Parish Councils

Officers Consulted: Jon Winstanley, Rhona Bellis, Sarah Clark, Carolyn Richardson

Trade Union: Not applicable

5. Other options considered

- 5.1 None.

6. Introduction/Background

- 6.1 Government guidance for highway management recommends the provision of an annually reviewed operational plan for winter service. A summary of the 2018/19 winter season and the 2019/20 Highway Winter Service Plan is provided below.

Summary of the 2018/19 Winter Season

- 6.2 October was slightly milder and much sunnier than normal in general. By the middle of the month it became unusually warm with south or south-westerly winds bringing maximum temperatures into the mid-20s Celsius on the 13th of the month. The remainder of the month saw a lot of dry and settled weather, but a few air frosts were seen during the final few days of the month.
- 6.3 Increasingly mild west to south-westerly winds soon developed during November, keeping it mild, wet and breezy. South to south-westerly airflows maintained mild but largely dry weather around the middle of the month. However, a colder easterly airflow developed for a time, before an area of low pressure brought the month to a wet and windy conclusion.
- 6.4 Overall, December was another mild month, although rainfall was around average. The first week saw frequent spells of rain but also rather mild air. High pressure over Scandinavia dominated the weather just before mid-month, giving mostly dry but cold conditions. This changed on the 15th, as Storm Deirdre moved in from the south-west, bringing widespread and persistent rain to the region. During the final

week of the month, it became calmer and drier as high pressure lingered close to the UK.

- 6.5 January was a very dry month and although temperatures were close to average, the first half of the month was relatively mild with only transient cold snaps. The second half of January saw a more general cold spell develop, with wintry showers and bands of wintry precipitation. The final few nights were especially cold, with temperatures widely falling well below zero.
- 6.6 February was a dry, mild and generally very sunny month. After a very cold start to the month, with temperatures falling well below zero on the night of the 2nd, the first half of the month saw frequent incursions of Atlantic fronts from the west and south-west, with Storm Erik bringing strong winds to the region on the 8th. From the middle of the month, high pressure brought dry, settled and mild weather, but cold nights with air frosts at times. Towards the end of the month, largely sunny skies and mild southerly airflows generated a winter heatwave, with temperatures climbing into the high-teens Celsius widely and reaching 21.2C at Kew Gardens on 26th. This was the first time a temperature of over 20C has ever been recorded during a British winter.
- 6.7 March was another mild month (temperatures on average 2C above normal), with the majority of the precipitation during the first half of the month. Storm Freya moved across the country on the 3rd, bringing a period of strong winds to the region overnight. Storm Gareth also brought strong gusts on the 12th. From the middle of the month, high pressure became a semi-persistent feature, maintaining largely dry and settled conditions across southern England.
- 6.8 April began on a cold note, with wintry showers developing on the 2nd and 3rd. Through the middle of the month, high pressure over Scandinavia extended its influence south-east across the country, giving a long spell of dry and settled weather and allowing widespread warm and sunny weather to develop over the Easter weekend. Some heavy showers and thunderstorms broke out on the 24th and 25th, while Storm Hannah brought outbreaks of rain and some gusty winds on the 27th.
- 6.9 During the season the Primary Treatment network was treated on 41 occasions and the Snow Clearance Network 12 times. As a result approximately 2,900 tonnes of salt was used in total through the season. With this in mind the salt stock held at Chieveley Depot will be 1,500 tonnes for the coming season. This stockpile will be replenished throughout the winter season to maintain sufficient supply in accordance with the Winter Service plan. However, should the need arise the Council have access to 1,000 tonnes of additional salt which is stored off site by the Council's Term Contractor (Volker Highways Ltd).
- 6.10 Details of Volker Highways Ltd performance and the number of treatments undertaken during the 2018/19 winter season are provided in Appendix B and C. Of the 369 routes treated during the winter period, 366 were completed within the specified 3 hour period. Through the season only 3 routes were not completed on time.
- 6.11 For the 2018/19 winter period, the Highway Winter service Plan and associated treatment routes were published on the Council's website and incorporated into the Council's online mapping facilities.

- 6.12 The “Safer Driving” leaflet was revised and copies were distributed to relevant stakeholders. It was also made available on the Council’s website.

Highway Winter Service Plan 2019/20 – Treatment Networks

Primary Treatment Network

- 6.13 The Primary treatment Network, which represents 40 % of the highway network, and will be treated when hoar frost and/or ice is forecast, includes all “A” and “B” classified roads and some strategically important “C” class and unclassified roads. No routes have been added or removed from this network for the coming season. Details of these routes are given in Appendix A of the Highway Winter Service Plan 2019/20.

Secondary Treatment Network

- 6.14 For the coming season it is proposed to include Shepherds Mount, Compton on the Secondary Treatment Network. This represents 20% of the highway network and will be treated when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through a period of 3 continuous days and nights). No routes have been removed from this network for the coming season. Details of these routes are given in Appendix B of the Highway Winter Service Plan 2019/20.

Snow Clearance Treatment Network

- 6.15 The Snow Clearance Treatment Network (Roads), which accounts for 49% of the highway network ensures, that as far as is reasonably practicable all bus routes and access routes to schools and doctors surgeries will be cleared of snow as a priority. No routes have been added or removed from this network for the coming season. Details of these routes are given in Appendix H of the Highway Winter Service Plan 2019/20.
- 6.16 Footways will be cleared of snow using cross-service resources as they become available. The Footway Snow Clearance Network includes major town and village centres as well as footways to NHS hospitals and surgeries, schools and other key public buildings owned by the Council. The only amendments to this network is the extension of treatment on Church Hill, East Ilsley and the prioritisation of the pedestrian ramps to subways. Details of these routes are given in Appendix I of the Highway Winter Service Plan 2019/20.

Contingency Treatment Network

- 6.17 The Contingency Treatment Network which covers 46.8% of the highway network, will be treated when hoar frost and/or ice or snow are forecast but only when there is a national shortage of salt or limited salt suppliers and/or there has been a Government directive to limit salt use. No routes have been added or removed from this network for the coming season. Details of these routes are given in Appendix C of the Highway Winter Service Plan 2019/20.

Salt Bins

- 6.18 Currently there are 464 salt bins on the network serving Council Offices and public buildings with daily access and the road network. Of these 31 are owned and maintained by the Council (WBC) and 433 are owned and maintained by the Town or Parish Council.

Operations

- 6.19 The Winter Service period for 2019/20 will operate from Monday 28 October 2019 to Sunday 29 March 2020, although this period may be extended if weather conditions dictate.
- 6.20 Precautionary salting, snow clearance, salt bin provision and the response to adverse weather will be carried out in accordance with the policy and guidance as detailed within the Council's Highway Winter Service Plan 2019/20.
- 6.21 All decisions and actions will be made/instructed by the Council's Winter Service Duty Officer using forecast information as supplied by the Council's contracted forecaster and local roadside weather stations.
- 6.22 Operationally, the delivery of the Highway Winter Service will be provided by the Council's Highway Maintenance Term Contractor, Volker Highways Ltd.
- 6.23 A copy of the 2019/20 Highway Winter Service Plan will be issued to all Members and all Town/Parish Councils as part of the consultation process. It will also be available on the Council's website.
- 6.24 Salt stocks to be maintained above the minimum requirement of 500 tonnes throughout the winter season. At the start of the winter season a total of 2,500 tonnes of salt will be available for the Council's use (1,500 tonnes at Chieveley Depot and 1,000 tonnes off site).

Communications

- 6.25 A copy of the Highway Winter Service Plan 2019/20 is provided in Appendix G.
- 6.26 Following approval of this report, the "safer Driving" leaflet will be revised to reflect any changes in the Primary Treatment Network and any other recommendations within the report. The leaflet will also be made available on the Council's website.
- 6.27 Following approval of this report, an electronic copy of the Highway Winter Service Plan 2019/20 will be distributed to all Members and Parish/Town Councils.
- 6.28 The Highway Winter Service Plan 2019/20 and associated treatment routes will be published on the Council's website to allow users to make an informed decision whether to make a journey.
- 6.29 A map and list showing salt bin locations and ownership will also be published on the Council's website.

7. Supporting Information

- 7.1 In preparing this report, reference was made to the following supporting information/documentation:

The Overview and Scrutiny Management Commission's review of the 2010/11 winter season.

UK Roads Group publication "Lessons Learned from Severe Weather, February 2009.

Well-managed Highway Infrastructure – A Code of Practice, October 2016.

The resilience of England's Transport Systems in Winter – Interim report, July 2010.

8. Options for Consideration

- 8.1 None.

9. Proposals

- 9.1 It is proposed that the Highway Winter service Plan 2019/20 is approved.

10. Conclusion

- 10.1 That the Executive Portfolio Member for Transport and Countryside approves the 2019/20 Highway Winter Service Plan.

Background Papers: Approved 2018/19 Highway Winter Service Plan.

Wards affected:

All Wards, Town and Parish Councils

Strategic Priorities Supported:

The proposals contained in this report will help to achieve the following Council Strategy priority:

X GP1: Develop local infrastructure to support and grow the local economy

Officer details:

Name: Andrew Reynolds
Job Title: Asset Manager
Tel No: 01635 519076
E-mail Address: andrew.reynolds@westberks.gov.uk

11. Executive Summary

- 11.1 Following a House of Lords ruling, the Council has had a statutory duty from 10 October 2003 to ensure, so far as reasonably practicable that the safe passage along a highway is not endangered by snow or ice.

12. Conclusion

- 12.1 That the Executive Portfolio Member for Transport and Countryside approves the 2019/20 Highway Winter Service Plan.

13. Appendices

- 13.1 Appendix A – Data Protection Impact Assessment
- 13.2 Appendix B – Equalities Impact Assessment
- 13.3 Appendix C – Contractors Performance in delivering the 2018/19 Winter Service
- 13.4 Appendix D – Summary of Winter Operations 2018/19
- 13.5 Appendix E – Changes to the Primary, Secondary, Snow Clearance and Contingency Network 2019/20
- 13.6 Appendix F – Salt Bins to be removed from the Network 2019/20
- 13.7 Appendix G – List of departures from the Code of Practice for Maintenance Management
- 13.8 Appendix H – Highway Winter Service Plan 2019/20
- 13.9 Appendix I – Summary of Consultation Responses

Appendix A

Data Protection Impact Assessment – Stage One

The General Data Protection Regulations require a Data Protection Impact Assessment (DPIA) for certain projects that have a significant impact on the rights of data subjects.

Should you require additional guidance in completing this assessment, please refer to the Information Management Officer via dp@westberks.gov.uk

Directorate:	Economy and Environment
Service:	Transport and Countryside
Team:	Asset Management Team
Lead Officer:	Andrew Reynolds
Title of Project/System:	Highway Winter Service Plan 2019/20
Date of Assessment:	10 September 2019

Do you need to do a Data Protection Impact Assessment (DPIA)?

	Yes	No
<p>Will you be processing SENSITIVE or “special category” personal data?</p> <p>Note – sensitive personal data is described as “<i>data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation</i>”</p>	<input type="checkbox"/>	X
<p>Will you be processing data on a large scale?</p> <p>Note – Large scale might apply to the number of individuals affected OR the volume of data you are processing OR both</p>	<input type="checkbox"/>	X
<p>Will your project or system have a “social media” dimension?</p> <p>Note – will it have an interactive element which allows users to communicate directly with one another?</p>	<input type="checkbox"/>	X
<p>Will any decisions be automated?</p> <p>Note – does your system or process involve circumstances where an individual’s input is “scored” or assessed without intervention/review/checking by a human being? Will there be any “profiling” of data subjects?</p>	<input type="checkbox"/>	X
<p>Will your project/system involve CCTV or monitoring of an area accessible to the public?</p>	<input type="checkbox"/>	X
<p>Will you be using the data you collect to match or cross-reference against another existing set of data?</p>	<input type="checkbox"/>	X
<p>Will you be using any novel, or technologically advanced systems or processes?</p> <p>Note – this could include biometrics, “internet of things” connectivity or anything that is currently not widely utilised</p>	<input type="checkbox"/>	X

If you answer “Yes” to any of the above, you will probably need to complete [Data Protection Impact Assessment - Stage Two](#). If you are unsure, please consult with the Information Management Officer before proceeding.

Appendix B

Equality Impact Assessment - Stage One

We need to ensure that our strategies, policies, functions and services, current and proposed have given due regard to equality and diversity as set out in the Public Sector Equality Duty (Section 149 of the Equality Act), which states:

- “(1) A public authority must, in the exercise of its functions, have due regard to the need to:**
- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;**
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; This includes the need to:**
 - (i) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;**
 - (ii) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;**
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it, with due regard, in particular, to the need to be aware that compliance with the duties in this section may involve treating some persons more favourably than others.**
- (2) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.**
- (3) Compliance with the duties in this section may involve treating some persons more favourably than others.”**

The following list of questions may help to establish whether the decision is relevant to equality:

- Does the decision affect service users, employees or the wider community?
- (The relevance of a decision to equality depends not just on the number of those affected but on the significance of the impact on them)
- Is it likely to affect people with particular protected characteristics differently?
- Is it a major policy, or a major change to an existing policy, significantly affecting how functions are delivered?
- Will the decision have a significant impact on how other organisations operate in terms of equality?
- Does the decision relate to functions that engagement has identified as being important to people with particular protected characteristics?
- Does the decision relate to an area with known inequalities?
- Does the decision relate to any equality objectives that have been set by the council?

Please complete the following questions to determine whether a full Stage Two, Equality Impact Assessment is required.

What is the proposed decision that you are asking the Executive to make:	Approve Highway Winter Service Plan 2019/20
Summary of relevant legislation:	Section 111 of the Railways and transport Act 2003
Does the proposed decision conflict with any of the Council's key strategy priorities?	No
Name of assessor:	Andrew Reynolds
Date of assessment:	10 September 2019

Is this a:		Is this:	
Policy	Yes	New or proposed	n/a
Strategy	No	Already exists and is being reviewed	Yes
Function	Yes	Is changing	Yes
Service	Yes		

1 What are the main aims, objectives and intended outcomes of the proposed decision and who is likely to benefit from it?	
Aims:	To comply with best practice and the statutory duty to ensure, so far as is reasonably practicable, that safe passage along a highway is not endangered by snow or ice (Railways and Transport Act 2003).
Objectives:	The Council aims to provide as far as reasonably practicable safe travelling conditions on the treated network during the winter season.
Outcomes:	Safe travelling conditions on treated roads.
Benefits:	Reduce the number of road traffic collisions during the winter season.

2 Note which groups may be affected by the proposed decision. Consider how they may be affected, whether it is positively or negatively and what sources of information have been used to determine this.

(Please demonstrate consideration of all strands – Age, Disability, Gender Reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion or Belief, Sex and Sexual Orientation.)

Group Affected	What might be the effect?	Information to support this
Age	Older residents may have difficulty using footways during the winter season due to frost, ice or snow.	Customer Services calls. Claim submissions.
Disability	As above.	Customer Services calls. Claim submissions.
Gender Reassignment	n/a	n/a
Marriage and Civil Partnership	n/a	n/a
Pregnancy and Maternity	n/a	n/a
Race	n/a	n/a
Religion or Belief	n/a	n/a
Sex	n/a	n/a
Sexual Orientation	n/a	n/a

Further Comments relating to the item:

Following the severe snow episodes in 2009 and 2010, the Council undertook a full and detailed performance review across all its services. The review was carried out by the Overview and Scrutiny Management Commission and their findings and recommendations, where applicable, were incorporated within the Winter Service Plan. As a result of this review, a defined snow clearance footway network was established across the district which included major town and village centres as well as footways to NHS surgeries, West Berkshire Community Hospital, schools and other key public buildings. In addition, the Winter Service Plan is sent out to consultation to all Members and Town/Parish Councils each year and the Plan and associated treatment routes are published on the Council's website to allow users to make an informed decision whether to make a journey. As a result of the above, no Stage 2 Audit is required.

3 Result	
Are there any aspects of the proposed decision, including how it is delivered or accessed, that could contribute to inequality?	No
Please provide an explanation for your answer:	
Will the proposed decision have an adverse impact upon the lives of people, including employees and service users?	No
Please provide an explanation for your answer:	

If your answers to question 2 have identified potential adverse impacts and you have answered 'yes' to either of the sections at question 3, or you are unsure about the impact, then you should carry out a Stage Two Equality Impact Assessment.

If a Stage Two Equality Impact Assessment is required, before proceeding you should discuss the scope of the Assessment with service managers in your area. You will also need to refer to the [Equality Impact Assessment guidance and Stage Two template](#).

4 Identify next steps as appropriate:	
Stage Two required	No
Owner of Stage Two assessment:	n/a
Timescale for Stage Two assessment:	n/a

Date: 10 September 2019

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
1	Authorities should formally approve and adopt policies and priorities for Winter Service, which are coherent with wider objectives for transport, integration, accessibility and network management, including strategies for public transport, walking and cycling. They should also take into account the wider strategic objectives of the authority.	Yes	Winter Service Plan reviewed in accordance with recommendations of the Overview and Scrutiny Management Commission (OSMC) and COP as amended December 2009. Plan to be approved by Individual Decision 8 October 2014.	
2	Authorities should consider, consult on and formally adopt local service standards for resilience of their winter service in terms of number of days continuous severe conditions salting on a defined Minimum Winter Network for the Overall Winter Period and for the Core Winter Period.	Yes		
3	Authorities should review their approach to climate change and in particular their resilience to prolonged cold weather.	Yes		
4	Authorities should consider whether collaborative arrangements such as shared services, lead authority arrangements, collaborative service procurement and sharing depots and salt stock, would prove effective and provide value for money approach to increasing winter service resilience.	Yes	Joint procurement with Berkshire Unitaries for sensor maintenance and forecasting services.	

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
5	Authorities should determine critical areas and infrastructure in conjunction with key public services and other stakeholders and seek to ensure that appropriate winter treatment has been considered by the appropriate party.	Yes	See Item 1.	
6	Authorities should ensure effective communication of information for the public before and during normal and severe winter conditions.	Yes	Publication of 'Safer Driving this Winter on West Berkshire Roads' leaflet and Winter Service Plan and associated route plans via the website.	
7	Authorities should ensure that there is appropriate consultation and communication with other highway authorities, key public services and other stakeholders and seek to ensure improved service for the public.	Yes	All adjoining authorities and stakeholders informed of daily decisions via the MeteoGroup UK message board.	
8	Authorities should formally approve, adopt and publish, in consultation with users and key stakeholders, a Winter Service Plan based on the principles of this Code	Yes	See Item 1.	
9	Authorities should define treatment route plans for carriageways, cycle routes and footways for pre-treatment and snow conditions, based upon the general maintenance hierarchy, but adapted to take into account the factors identified by this Code.	Yes	Route plans in place where appropriate.	The Council only salts specified sections of footway network during prolonged hazardous conditions and when snow is forecast. Remote cyclepaths are not treated.

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
10	Authorities should prepare contingency Winter Service Plans for severe weather conditions, which include possibilities such as salting a Minimum Winter Network. Authorities should seek agreement on plans in advance with other highway authorities and key public services such as hospitals and public transport providers. There should be a co-ordinated approach to implementing Minimum Winter Networks across adjacent Authorities.	Yes	The Council has a defined Contingency network which is detailed in the Winter Service Plan. Route plans are also in place.	
11	Authorities should explore the potential for mutual aid in salt supply and other aspects of winter service and should make contingency arrangements in advance.	Yes	Alternative salt supply arrangements in place with WBC's Term Maintenance Contractor.	
12	Authorities should take full advantage of decision support systems and services to enable timely, efficient and accurate decision making.	Yes	West Berkshire Council makes use of information from roadside sensors and detailed site specific forecasts issued by MeteoGroup UK in its decision making process.	

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
13	Authority should continually monitor performance during service delivery and respond effectively to changing conditions or network incidents.	Yes	KPI's in Term Maintenance Contract and Winter Service Plan.	
14	To ensure appropriate level of competence, training and development needs of all personnel should be established and reviewed annually, including health and safety and appropriate vocational qualifications. Training should then be provided where appropriate before the Winter Service season.	Yes	All Duty Officers trained to City and Guilds Supervisor Standard. All Term Contractor WS operatives have City & Guilds 6157 accreditation (superseded by 6159). 4 no. West Berkshire Council staff accredited with City & Guilds Winter Service Supervisors qualification.	
15	Authorities and relevant organisations should provide training and conduct periodic exercising to test plans for responding to severe weather events.	Yes	Ad hoc audits are undertaken to test Winter Service Plan during winter season.	
16	Authorities and salt suppliers should treat the supply of salt as a service rather than a simple commodity purchase.	Yes	Term Contractor / Compass Minerals re-stocking arrangements in place.	

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
17	As a means of enhancing local salt storage capacity, Authority and salt suppliers should jointly consider supplier owned salt stocks held on a short or long term basis in a number of widely distributed locations around the country. A joint approach may include agreements such as purchase of some or all stock by the end of season or provision of land.	Yes	The salt stock held at Chieveley Depot will be 1,500 tonnes for the coming season. However, should the need arise the Council have access to an additional 1,000 tonnes of salt held off site by the Council's Term Contractor (Volker Highways Ltd).	
18	Authority should seek a broad approach to salt supply, for example establishing framework contracts with more than one supplier.	Yes	Arrangements in place with Highway Term Contract for alternative salt supplies.	

Departures from the Code of Practice for Maintenance Management Recommendations for Winter Service

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
19	Authorities should consider whether efficiency benefits can be obtained from collaborative salt procurement and should also consider ways to improve the balance of risk between salt suppliers and themselves, e.g. Longer contracts, performance contracts with minimum guaranteed purchase and supply, and contracts that include supply of salt and investment facilities.	Yes	Arrangements in place with Compass Minerals to maintain a total salt stock of 2,500 tonnes.	
20	All aspects of the Winter Service Plan, including service delivery arrangements, should be reviewed annually in consultation with key stakeholders to take account of changing circumstances.	Yes	The Winter Service Plan is reviewed annually.

1. INTRODUCTION

- 1.1 Section 111 of the Railways and Transport Act 2003 provides a duty on a Highway Authority to ensure, so far as is reasonably practicable, that safe passage along a highway is not endangered by snow and ice.
- 1.2 The Winter Service Plan for 2019/2020 provides details of the policies, procedures and practices employed by West Berkshire Council, to ensure it meets the responsibilities for providing the Winter Service in West Berkshire.
- 1.3 The purpose of the Winter Service is to provide, as far as reasonably possible, the safe movement of all highway users on designated roads throughout the District whilst keeping delays and accidents brought about by adverse weather conditions to a minimum.
- 1.4 West Berkshire Council is the highway authority in West Berkshire. The Winter Service is delivered by the Council's Term Maintenance Contractor Volker Highways Ltd.
- 1.5 The M4 and A34 form part of the national Motorway and Trunk Road network and are the responsibility of the Department for Transport (DfT) through their agents Highways England. West Berkshire Council has no responsibility for the winter service activities on these roads.
- 1.6 The core Winter Service in West Berkshire shall be provided for a period of 22 weeks commencing Monday 28 October 2019 (Week 44) and finishing Sunday 29 March 2020 (Week 13). The service period shall be extended if sub-zero temperatures are forecast outside the core period.

2. WINTER SERVICE POLICY

- 2.1 West Berkshire Council aims to provide a service to reduce as far as possible the effects of hoar frost, ice and snow and other adverse weather conditions to provide travelling conditions as safe as reasonably practicable having regard to financial constraints and the road hierarchy detailed in Section 7 of this document.
- 2.2 Where reasonably practicable to do so, the Winter Service is delivered in accordance with the recommendations given within the Code of Practice for Highway Maintenance 'Well-Managed Highway Infrastructure' October 2016 and the recommendations given in 'The Resilience of Englands Transport Systems in Winter, Interim Report, July 2010.
- 2.3 The service cannot guarantee that the main routes will be kept open or free of ice or snow, and the provision of the service does not override driver's responsibility to drive safely and in accordance with the conditions. The Council has developed an information leaflet entitled "Safer Driving this Winter on West Berkshire Roads" which is available on the Council's website <http://www.westberks.gov.uk/>

2.4 POLICY FOR TREATMENT WHEN HOAR FROST AND/OR ICE IS FORECAST

Roads
<p>The Road Primary Treatment Network (Appendix A) will receive precautionary treatment when hoar frost and/or ice is forecast.</p> <p>The Road Secondary Treatment Network (Appendix B) will receive precautionary treatment when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through the period for 3 continuous days and nights).</p> <p>The Road Contingency Treatment Network (Appendix C) will be treated when hoar frost and/or ice or snow are forecast but only when there is a national shortage of salt and salt supplies become limited or directions are received from Central Government. This will supercede the primary and secondary treatment networks in these circumstances.</p> <p>Where the Council has been made aware of water being deposited on the highway as the direct result of an unforeseen incident (fire, road traffic accident etc), burst water main or water issuing from apparatus, salt shall be applied to reduce as far as possible the effects of hoar frost, ice and other severe winter weather conditions on the highway. Ice warning signs shall be erected where appropriate.</p> <p>Where the Council has been made aware of a spring, ice warning signs shall be erected on site.</p>

Paved Footways/Cycleways (adjacent to carriageways)
<p>The Paved Footway Treatment Network (Appendix D) will receive precautionary treatment only when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through the period for 3 continuous days and nights).</p> <p>Paved cycleways that form part of the carriageway and are located on a Primary, Secondary or Contingency treatment network will be treated as part of these networks when instructed.</p> <p>Paved cycleways that form part of a footway (footways that are adjacent to carriageways) and are located on the Paved Footway Treatment Network will be treated as part of this network when instructed.</p>

Paved Footpaths/Cyclepaths (remote from carriageways)

With the exception of subways and some identified link footpaths in town centres, no paved footpaths/cyclepaths that are remote from a carriageway will receive precautionary treatment on the forecast of hoar frost and/or ice due to the impracticability and financial implications of doing so. **The treatment of pedestrian ramps to subways will be prioritised, when resources become available.**

Council Offices and Public Buildings with Daily Access

West Berkshire Council will provide and maintain salt bins at Council Offices and some public buildings with daily access (Appendix F).

Public Car Parks

Roof areas and the exposed parking area at Level 2 of the Kennet Centre and the roof areas at Northbrook multi-storey car parks in Newbury, will be subject to a risk assessment by the Car Parks service to determine what action, if any, is required.

Open air surface car parks are not treated unless snow conditions are forecast.

Motorways and Trunk Roads

The treatment of the M4 motorway and the A34 trunk road is the responsibility of Highways England.

Railway Level Crossings

Level crossings will **not** receive precautionary treatment as salt acts as an electrolyte and short circuits the signal system. When an instruction to treat the highway network is issued, Network Rail will be contacted by email so they may arrange appropriate treatment using their own contractors.

All gritting vehicles will carry a notice issued by Network Rail giving instructions not to salt (Appendix P).

Treatment Times

Primary Treatment Network - Unless a variation has been agreed by the Council, the treatment time will be 3 hours from the instructed start time to the completion of the treatment for each route.

Secondary Treatment Network – No specified treatment time.

Snow Clearance Network – No specified treatment time.

In addition, the Contractor will be given at least 1 hour to mobilise the fleet.

2.5 POLICY FOR TREATMENT WHEN SNOW IS FORECAST

Roads

The Road Snow Clearance Network (Appendix H) will receive treatment of salt/grit (as appropriate) to help prevent the laying of snow/formation of ice and will be ploughed when conditions allow.

Paved Footways/Cycleways (adjacent to carriageways)

The Paved Footway Snow Clearance Network (Appendix I) will receive treatment of salt or grit to help prevent the formation of ice and to facilitate the removal of snow.

Paved cycleways that form part of the carriageway and are located on the Road Snow Clearance Network will be treated as part of this network when instructed.

Paved cycleways that form part of a footway (footways that are adjacent to carriageways) and are located on the Paved Footway Snow Clearance Network will be treated as part of this network when instructed, by Transport and Countryside staff/contractors as resources become available.

Paved Footpaths/Cyclepaths (remote from carriageway)

With the exception of subways and some identified linked footpaths in town centres, no paved footpaths/cyclepaths that are remote from a carriageway will receive treatment to facilitate the removal of snow due to the impracticability and financial implications of doing so. **The treatment/clearance of snow from pedestrian ramps to subways will be prioritised, when resources become available.**

Council Offices and Public Buildings with Daily Access

The roads leading to Council Offices and some public buildings with daily access will be treated with salt or grit as part of the Road Snow Clearance Network (Appendix H).

Public Car Parks and Newbury Bus Station

The roads leading to public surface and multi-storey car parks (Appendix E) will be treated with salt or grit as part of Road Snow Clearance Network.

Surface public car parks and Newbury Bus station will be treated along with roads where width restrictions prevent mechanical spreading, by Transport and Countryside staff/contractors as resources become available.

Roof areas and the exposed parking area at Level 2 of the Kennet Centre and the roof areas at Northbrook multi-storey car parks in Newbury will be subject to a risk assessment by the parking staff to determine what action, if any, is required.

2.6 OTHER POLICIES

Salt Bins

Salt Bins are provided by West Berkshire Council to serve Council offices and public buildings with daily access (Appendix F) and Town and Parish Councils as a means of self-help to enable communities to treat targeted areas of the public highway (Appendix G). ***Salt bins are not provided for treating private property.***

West Berkshire Council and the Parish/Town Councils are responsible for the maintenance and refilling of their respective bins.

Motorways and Trunk Roads

The treatment of the M4 motorway and the A34 trunk road is the responsibility of Highways England.

Railway Level Crossings

Level crossings will not be cleared of snow. Network Rail will be contacted by email so they may arrange appropriate treatment using their own contractors.

All gritting vehicles will carry a notice issued by Network Rail giving instructions not to salt (Appendix P).

Cross Boundary Treatment

By agreement, no cross boundary salting and snow clearance will take place between West Berkshire Council and adjoining Counties/Unitary Authorities or vice versa.

3. WEST BERKSHIRE COUNCIL/CONTRACTOR RELATIONSHIP

- 3.1 The Winter Service is provided by the Council's Highway Term Contractor Volker Highways Ltd in accordance with the requirements of the Term Maintenance Contract for "Highways, Bridges and Street Lighting 2016".
- 3.2 The following table indicates how the principal winter service responsibilities are divided between the Council and Volker Highways Ltd.

Preparation of Winter Service Policy and Plan	West Berkshire Council
Road hierarchy priorities	West Berkshire Council
Salt purchase	Volker Highways Ltd
Routeing (salting and snow clearance)	Volker Highways Ltd - with guidance from the Council
Winter Service Vehicles (plant including gritters, snowploughs and snowblowers)	Volker Highways Ltd
Decision making	West Berkshire Council
Day-to-Day operations	Volker Highways Ltd - under the instruction and guidance of the Council
Manning levels	Volker Highways Ltd
Performance monitoring	West Berkshire Council / Volker Highways Ltd
Opening of Emergency Operations Centre and Emergency Planning Room	West Berkshire Council
Approval to commence operations in extreme snow conditions	West Berkshire Council

4 STAFFING AND MANAGEMENT (WEST BERKSHIRE COUNCIL)

- 4.1 The day to day overseeing and management of the Winter Service will be the responsibility of the Winter Service Manager. This role is normally performed by the Principal Engineer (Highway Maintenance) or in his absence the Highways Manager.
- 4.2 The Council will operate a 24/7 Winter Service Duty Officer rota that covers the described Winter Service period. The Winter Service Manager shall issue a copy of the rota to the Council's Emergency Planning team, the Customer Services Team and the Contractor. The roster is detailed in Appendix K.
- 4.3 When on duty, each Winter Service Duty Officer will be available 24 hours a day and will be contactable on the dedicated Winter Service mobile telephone.
- 4.4 During office hours (08:30 to 17:00 Monday to Thursday, 08:30 to 16:30 Friday) all Winter Service enquiries from members of the public will be directed to the Customer Services team on 01635 551111.
- 4.5 For Emergency Enquiries outside of office hours, enquiries will be directed to West Berkshire Council's Emergency service on 01635 42161.

Winter Service Duty Officer's home/private telephone numbers along with the Winter Service Mobile telephone number shall not be released to members of the public.

- 4.6 Prior to the commencement of the Winter Service, each Winter Service Duty Officer will be provided with an information pack, which includes details of all appropriate telephone contacts, together with any additional information that may be appropriate.

5. STAFFING AND MANAGEMENT (HIGHWAYS TERM CONTRACTOR)

- 5.1 The Contractor shall provide all necessary plant, labour and materials to deliver the Winter Service in compliance with the requirements of the “Highways, Bridges and Street Lighting Term Maintenance Contract 2016”.

6. DECISION MAKING

- 6.1 Decision making is the responsibility of West Berkshire Council's on-call Winter Service Duty Officer.
- 6.2 When on duty, the Winter Service Duty Officer will make decisions regarding Winter Service action in accordance with this Plan. The Winter Service Manager will be available to give advice to the Winter Service Duty Officer if required.
- 6.3 The Winter Service Duty Officer is responsible for liaising directly with the forecast service provider's duty forecaster. Using the forecast data provided, the Winter Service Duty Officer will make his decision regarding treatment and will disseminate his decision along with any relevant supporting information first to Volker Highways Ltd and then to the following stakeholders:

West Berkshire Council	
Volker Highways Ltd	
Veolia Waste Management	
Hampshire County Council	
MeteoGroup	
Oxfordshire County Council	
Royal Berkshire Fire & Rescue Service	
Wiltshire Council	
Highways Agency Area 3	
Ambulance Service	
Heart Radio	
Radio Berkshire	
The Breeze Newbury	
Network Rail	

- 6.4 Further information concerning weather forecasts and decision making is provided in Sections 12 to 14. Call out guidelines are provided in Appendix L. The Winter Service Manager will also be available to give advice to the Winter Service Duty Officer when required.

Timing of Actions

- 6.5 Treatment during 'rush hours' should be avoided whenever possible. For the purposes of this plan, rush hour shall be taken as 07:30 – 09:30 in the morning and 16:30 – 18:30 in the afternoon/evening.
- 6.6 The Winter Service Duty Officer's decision will be recorded on the West Berkshire Council Winter Service Daily Action Report as detailed in Appendix M. This form is filed electronically by the Winter Service Duty Officer.
- 6.7 Requests to salt will be assessed by the Winter Service Duty Officer and his/her decision will be recorded on the West Berkshire Council Winter Service Request for Salting Form as detailed in Appendix O.
- 6.8 The Winter Service Duty Officer will communicate any decision with the Council's Highway Term Maintenance Contractor via telephone or email.
- 6.9 Appropriate training will be provided for all Winter Service Duty Officers particularly with regard to technological improvements in forecasting techniques and the ice prediction system.

7. TREATMENTS

7.1 TREATMENT WHEN HOAR FROST AND/OR ICE IS FORECAST

Roads

- 7.1.1 ***The Road Primary Treatment Network (Appendix A) will receive precautionary treatment when hoar frost and/or ice is forecast.***
- 7.1.2 The total length of the Road Primary Treatment Network is 511.8.km which represents 40% of the highway network (excluding motorways and trunk roads) and comprises all A and B classified roads and some strategically important C and U roads.
- 7.1.3 The Road Primary Treatment Network is broken down into 9 individual treatment routes. Each route has been optimised so that it takes no longer than 3 hours to treat.
- 7.1.4 ***The Road Secondary Treatment Network (Appendix B) will receive precautionary treatment when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through the period for 3 continuous days and nights).***
- 7.1.5 The total length of the Road Secondary Treatment Network is 264.0km which represents 20% of the highway network (excluding motorways and trunk roads) and comprises locally important C and U roads.
- 7.1.6 The Road Secondary Treatment Network is broken down into 11 individual treatment routes. There is no specified treatment time for these routes.
- 7.1.7 Sections of road having proprietary 'porous' type surfacings will receive twice the normal rate of spread of salt. These sections of road are detailed in Appendix J.
- 7.1.8 ***The Road Contingency Treatment Network (Appendix C) will be treated when hoar frost and/or ice or snow are forecast but only when there is a national shortage of salt/limited salt supplies and/or a Government directive.***
- 7.1.9 The Road Contingency Treatment Network has been designed in accordance with the governing guidance as detailed in Section 18 and provides a minimum essential service to the public, including strategic routes, access to key facilities and other transport needs. The network is approximately 592 Km in length and represents 46.8% of the total road network, ie, it is considerably less than the combined primary and secondary networks.

Paved Footways/Cycleways (adjacent to carriageways)

- 7.1.10 ***The Paved Footway Treatment Network (Appendix D) will receive precautionary treatment only when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through the period for 3 continuous days and nights).***
- 7.1.11 The network comprises primary walking routes (town centres including routes to main transport hubs, Council Offices, Council owned surface car parks and some public buildings with daily access) and footways adjacent to primary and secondary schools and doctors surgeries.
- 7.1.12 Paved cycleways that form part of the carriageway and are located on a Primary, Secondary, Snow Clearance and Contingency Networks will be treated as part of these networks when instructed.

7.1.13 Paved cycleways that form part of a footway (footways that are adjacent to carriageways) and are located on the Paved Footway Treatment Network will be treated as part of this network when instructed.

Paved Footpaths/Cyclepaths (remote from carriageways)

7.1.14 With the exception of subways and some identified link footpaths in town centres, no paved footpaths/cyclepaths that are remote from a carriageway will receive precautionary treatment on the forecast of hoar frost and/or ice due to the impracticability and financial implications of doing so. **The treatment of pedestrian ramps to subways will be prioritised, when resources become available.**

Council Offices and Public Buildings with Daily Access

7.1.15 The roads leading to Council Offices and some public buildings with daily access will be treated as part of the Road Primary Precautionary Treatment Network.

Public Car Parks

7.1.16 When ice conditions occur on the roof areas and the exposed landing area at Level 2 of the Kennet Centre, and the roof areas at Northbrook multi-storey car parks in Newbury, a risk assessment will be undertaken by the parking staff to determine what action, if any, needs to be taken. Depending on the severity of the conditions some or all of the following actions may be carried out by parking staff:

- (a) Erection of prominent warning signs at the approach points to the exposed areas;
- (b) Sprinkling ice melting granules across the icy surface (these granules release a heat generating chemical when crushed by a passing vehicle). It is not possible to use traditional rock salt in multi-storey car parks as it has a marked deteriorating effect on the waterproof membrane of the roof areas leading to water ingress and a corrosive effect on the steel reinforcement within the structure;
- (c) Closure of the areas completely by use of tapes and cones.

7.1.17 On those occasions when the areas are closed they will be periodically checked during the day and if the ice has melted they will be re-opened for use. The intermediate indoor parking levels of the two multi-storey car parks will not be treated as they are unaffected by icy weather.

7.1.18 Open air surface car parks are not treated unless snow conditions are forecast.

7.2 TREATMENT WHEN SNOW IS FORECAST

Roads

7.2.1 In the event of snow being forecast, the Road Snow Clearance Network (Appendix H) will first receive a treatment of salt/grit (as appropriate) and will then be followed by ploughing/snow clearance if required.

The Snow Clearance Network is broken down into 9 individual treatment routes. There is no specified treatment time for these routes.

Paved Footways/Cycleways (adjacent to carriageways)

7.2.2 The Paved Footway Snow Clearance Network (Appendix I) will receive treatment to help prevent the formation of ice and to facilitate the removal of snow.

- 7.2.3 The network comprises primary walking routes (town centres including routes to main transport hubs, Council Offices, Council owned surface car parks and some public buildings with daily access) and footways adjacent to primary and secondary schools and doctors surgeries. Treatment will be managed by the Council's Highway Term Maintenance Contractor and carried out by Transport and Countryside staff/contractors as resources become available.
- 7.2.4 Paved cycleways that form part of the carriageway and are located on the Snow Clearance network will be treated as part of this network when instructed.
- 7.2.5 Paved cycleways that form part of a footway (footways that are adjacent to carriageways) and are located on the Paved Footway Snow Clearance Network will be treated as part of this network when instructed.

Remote Paved Footpaths/Cyclepaths (remote from carriageways)

- 7.2.6 As detailed in the Council's 'Safer Driving this Winter on West Berkshire Roads' leaflet, the Council does not promote the use of bicycles during periods of hazardous winter weather. With the exception of subways and some identified link footpaths in town centres, remote paved footpath/cyclepaths are not treated when snow conditions are forecast due to the impracticability and financial implications of doing so. **The treatment/clearance of snow from pedestrian ramps to subways will be prioritised, when resources become available.**

Council Offices and Public Buildings with Daily Access

- 7.2.7 The roads leading to Council Offices and some public buildings with daily public access (Appendix F) will be treated as part of the Road Snow Clearance Network.

Public Surface and Multi-Storey Car Parks, and Newbury Bus Station

- 7.2.8 The roads leading to public surface and multi-storey car parks (Appendix E) will be treated as part of Road Snow Clearance Network (Appendix H). Surface public car parks and Newbury Bus Station will also be treated along with roads where width restrictions prevent mechanical spreading by hand using Transport and Countryside staff/contractors as resources become available.
- 7.2.9 In the case of multi-storey car parks, when snow conditions occur on the roof areas and the exposed parking area at Level 2 of the Kennet Centre, and the roof areas at Northbrook multi-storey car parks in Newbury, a risk assessment will be undertaken by the parking staff to determine what action, if any, needs to be taken. Depending on the severity of the conditions some or all of the following actions will be carried out by parking staff:
- (a) Erection of prominent warning signs at the approach points to the exposed areas;
 - (b) Sprinkling ice melting granules across the snow surface (these granules release a heat generating chemical when crushed by a passing vehicle). It is not possible to use traditional rock salt in multi-storey car parks as it has a marked deteriorating effect on the waterproof membrane of the roof areas leading to water ingress and a corrosive effect on the steel reinforcement within the structure;
 - (c) Closure of the areas completely by use of tapes and cones.
- 7.2.10 On those occasions when the exposed parking areas are closed they will be periodically checked during the day and if the snow has melted they will be re-opened for use. The intermediate indoor parking levels of the two multi-storey car parks will not be treated as they are unaffected by winter weather.

8 SALT BINS

General

- 8.1 Salt Bins are provided by West Berkshire Council at Council offices and public buildings with daily access and by Town and Parish Councils as a means of self-help to enable communities to treat targeted areas of the public highway. West Berkshire Council and the Parish/Town Councils are responsible for the maintenance and refilling of their respective bins. **Salt bins are not provided for treating private property.**
- 8.2 31 salt bins are owned and maintained by West Berkshire Council (Appendix F) and 433 are owned and maintained by the Parish/Town Council (Appendix G). Unless alternative arrangements are put in place by Town or Parish Councils, salt bins sited on the public highway are expected to remain on the highway on a permanent basis.

Council Owned Salt Bins

- 8.3 Salt bins owned and maintained by West Berkshire Council (Appendix F) are clearly marked with the following information:

This Bin has been provided by West Berkshire Council
**for residents to use to treat local roads and
footways with salt or grit.**

**The Salt or grit must not be used on private
property.**

If this salt bin needs refilling please contact West
Berkshire Council's **Customer Services** on **01635
551111**

Requests to Remove, Move or Add a Salt Bin to the Network

- 8.4 When requested by a Town or Parish Council, the Council can arrange for a salt bin to removed, moved or added to the network on behalf of the Town or Parish Council. The cost for these services are as followed and will be reviewed annually.

Removal of a salt bin: £188.61 + VAT (includes salt removal, taking up and disposal of the bin and a general tidy up of the verge/footway).

Moving a salt bin to a new location: £156.70 + VAT (includes salt removal, taking up and resiting the salt bin, refilling and a general tidy up of the verge/footway).

Providing a new salt bin (170 litres): £282.46 + VAT (includes purchase, delivery, first fill of salt/grit and the issue of a license).

- 8.5 Where more than one bin is requested, a discount will be offered to reflect any savings that can be made on supply and delivery.
- 8.6 Any request to remove, move or have a new salt installed must come in writing from the Town or Parish Council Clerk. When the request is to have an existing salt bin moved or for a new salt bin, the suitability of site will be assessed taking into account the following:
- the bin must not cause a nuisance or obstruction (interfere with sight lines etc)

- there must be sufficient space for the bin and safe access for the purposes of refilling
- 8.7 If approved, a licence will be issued to the Town or Parish Council. The salt bin will be clearly labelled to inform the public that the salt bin is owned and maintained by the Town or Parish Council.
- 8.8 Should a Town or Parish Council wish to purchase salt bins directly from an independent supplier, a formal request should be made by following the above procedure. If approved, the Town or Parish Council will be responsible for making the necessary arrangements with their suppliers for payment and delivery and the filling of the salt bin.
- 8.9 Salt bins owned by Town and Parish Councils will be clearly marked with the following information on stickers provided by The Council:

This Bin has been provided by the Town/Parish Council ***for residents to use to treat local roads and footways with salt or grit.***

The Salt or grit must not be used on private property.

If this salt bin needs refilling please contact the local Town/Parish Council

- 8.10 West Berkshire Council will be responsible for maintaining an electronic inventory of salt bins across the district and reserves the right to remove any salt bin from the highway network.

Refilling

- 8.11 With the exception of the salt bins owned by West Berkshire Council (Appendix F) requests to refill a salt bin should be directed to the appropriate Town or Parish Council.
- 8.12 The Council can provide a refilling service when requested by a Town or Parish Council. The cost of a refill is £108.50 + VAT and will be reviewed annually.

Advertising

- 8.12 Should a Town or Parish Council wish to use new bins for advertising, such adverts may require planning permission. The Town or Parish Council should be directed to the Council's website/Planning service.

9. OPERATIONAL INFORMATION

Response Time

- 9.1 Throughout the Winter Service season the Contractor will commence and complete treatment within 3 hours (Primary Treatment Network only) from the start time as specified by the Winter Service Duty Officer.

Salt and Stocks

- 9.2 At temperatures below minus 10°C, salt no longer acts as an efficient de-icer, however, in Britain, with rare exceptions, the temperature during periods of icing or snowfall is usually above minus 3°C making salt the most commonly used chemical in the UK.
- 9.3 Rock salt complying with BS 3247 shall be supplied by the Council's Term Maintenance Contractor. The salt shall be either stored in a purpose-built barn or in the open if covered by a proprietary sheeting system. Current salt stocks are summarised below.

Depot	Stock Capacity	Pre-Winter Stock	Minimum Stock Level
Chieveley	2500 tonnes	2500 tonnes	500 tonnes

- 9.4 Salt stocks will be in place by 30 September each year and maintained in accordance with the requirements of the Term Contract for Highways, Bridges and Street Lighting 2016.
- 9.5 Salt chemical composition is to be established by the Contractor through testing in accordance with BS 3247 (Part 1).
- 9.6 The rates of spread shown below will be used for the listed forecast conditions. For other forecast conditions, the Winter Service Duty Officer will liaise with the Duty Forecaster and the Term Contractor in finalising a rate of spread.

- 9.7 The Council reserves the right to use a salt/grit mix as circumstances dictate, particularly during snow conditions.

	Weather Condition	Spread Rate (g/m ²)	Comments
Precautionary Treatment when hoar frost and/or ice is are forecast	Forecast of hoar frost	8 - 10	6mm salt
	Forecast of hoar frost on stone mastic asphalt type surfaces.	20	6mm salt
	Forecast of Ice	10 - 40	6mm salt
Treatment prior to and after snowfall.	Prior to snowfall	20	6mm salt
	Prior to snowfall on porous type surfaces during and after snowfall during snowfall	40	6mm salt
	After snowfall	10	Every 25mm of snow
Compacted Snow	Hard compacted snow and ice at air temperatures down to - 5°C	20	50/50 salt/single sized abrasive aggregate not exceeding 6 mm or 5 mm sharp sand
	Hard compacted snow and ice at air temperatures below - 5°C	10	Single sized abrasive aggregate not exceeding 6 mm or 5 mm sharp sand
Contingency Network	Salt shortage/rationing	10	6mm salt

Snow Clearance

- 9.8 When snow conditions are forecast with a high degree of confidence, the Winter Service Duty Officer will instruct the Term Contractor to prepare the vehicles for snow clearance and fit ploughs.
- 9.9 The Winter Service Duty Officer will liaise with the Council's Civil Contingency Manager and if appropriate, the Civil Contingency Manager will arrange for the Council's Emergency Operations Centre (EOC) to be opened and manned until conditions abate. Once opened, all incoming calls relating to winter service operations will be directed to the EOC.
- 9.10 The Winter Service Duty Officer may instruct the Term Contractor to patrol the Road Snow Clearance Network to monitor the weather / level of snowfall / snow clearance operation and will liaise with the Duty Forecaster to obtain accurate forecast information. The Winter Service Duty Officer will instruct the Highway Term Contractor to treat (precautionary treatment and snow clearance) the Road Snow Clearance Network as appropriate using the forecast information provided.
- 9.11 The Winter Service Duty Officer will ensure that all appropriate records of activities and actions taken by Highways in managing the snow clearance operation are electronically stored. Records will also include the activities and actions of the Planning and Countryside service and the Term Contractor. These records are essential in dealing with claims and making bids for additional funding for winter damage repairs.

- 9.12 Following the thaw, the Snow Clearance Treatment Networks will be inspected for damage. Details of any damage along with repair estimates will be passed to the Highway Manager.

Wet Spots

- 9.13 Where the Council has been made aware of water being deposited on the highway, the Winter Service Duty Officer will inform the Street Works team if a utility company is involved and arrange for the site to be treated with salt and arrange for ice warning signs to be erected. A record of the wet spot will be recorded in the 'Wet Spot' register along with the actions taken.

Possible causes of wet spots may include the following:

- direct result of an unforeseen incident (fire, road traffic accident etc)
- burst water main
- water issuing from apparatus
- spring

Records

- 9.14 The Winter Service Manager will hold the following details:

- Road Primary Treatment Network
- Road Secondary Treatment Network
- Contingency Treatment Network
- Footway/Cycleway Treatment Network
- Snow Clearance Network
- Footway/Cycleway Snow Clearance Network
- Route plans where applicable
- Database of salt bin locations
- Roads having 'porous' surface courses
- Wet Spot Register

10. PLANT, VEHICLES AND OPERATORS

10.1 A schedule of plant and vehicles owned by the Contractor is listed below:

Chieveley:	2 no	Econ purpose built 9 m ³ gritters
	7 no	Econ purpose built 6 m ³ gritters
	1 no	Econ 3.5 tonne transit pickup with 1.2 m ³ gritter (weight restricted routes)
	10 no	Snowploughs
	1 no	JCB tele handler loading shovel
	2 no	JCB tele handler loading shovel (owned by Sub-Contractor)
	3 no	7.5 tonne tipper lorries for hand spreading
	5 no	3.5 tonne tipper lorries for hand spreading
	1 no	Tractor with Snow Blower attachment (owned by Sub-Contractor)

10.2 Details of the treatment routes, information from Network Rail and any other relevant documentation will be kept in each vehicle.

10.3 To ensure effective and even salt distribution and the correct rate of spread, the spreading equipment will be calibrated annually and the controls marked accordingly for spreads of 10g/m² for normal pre-salting and 20g/m² and 40g/m² for more severe conditions by the Contractor.

10.4 All gritters are fitted with a GPS vehicle tracking system and the following vehicle tracking information is recorded:

- (i) Speed
- (ii) Width of spread
- (iii) Spreading rate
- (iv) Start and finish time
- (v) Lengths of gritting and free-running

Operator Training

10.5 All gritter drivers must hold a current City & Guild 6159 with the following units:

- (1) 080 Winter Service Operations Health & Safety
- (2) 013 Prepare and operate winter service vehicles over 7500kg LGV
- (3) 313 Plough angle blade / Vee blade.

11. OPERATIONAL COMMUNICATIONS

- 11.1 All winter service vehicles are in contact with the Contractor's depot via 'hands free' mobile phones in order that instructions can be passed and current information relayed back from the vehicles.
- 11.2 The Term Contractor is required to provide the Council with a list of the telephone numbers that are to be used prior to the commencement of winter service operations not later than 14 October 2019.
- 11.3 The Term Contractor is required to provide the Council with a copy of the Contractor's Winter Service Daily Action Report by 9:30 am the next working day (refer to Appendix N). This records details of each vehicle, driver, route number, start time, finish time, rate of spread and any other remarks.

12. WEATHER FORECASTS

12.1 During the winter period, West Berkshire Council will use the 'RoadMaster' forecasting service provided by MeteoGroup, from their UK Headquarters in Victoria, London. The information received each day includes the following:

- (i) detailed 36-hour forecast
- (ii) morning, afternoon and evening update forecasts
- (iii) site specific temperature graphs (obtained from the "A4 Halfway" primary weather forecasting station within West Berkshire)
- (iv) early morning summary and preliminary forecast
- (v) 2 - 10 day forecast

12.2 The 36-hour forecast is received at 06:00 and 12:30 hours each morning/afternoon. The main features of this forecast are as follows:

(i) Readiness Colour

This is based on the traffic light system of colours; green, amber or red. The definitions are:

Green No hazard expected.

Amber RST's below zero but road dry
RST between 0 and +1 °C (inclusive)
RST > +1 °C and < +2 °C with low confidence Red
RST's below zero with a hazard.

Red RST's below zero with a hazard.

(ii) Hazards

This section includes the hazards causing the red or amber readiness colours as well as other weather hazards such as heavy rain, high winds or fog, which could accompany a green readiness colour. A qualifying time will be given for all hazards.

(iii) Minimum Temperatures

Minimum air and road temperatures for urban and rural areas are provided.

(iv) Confidence Statements

This consists of high, moderate or low confidence for each of the hazards described above, together with a qualifying statement. For example: low confidence regarding extent of showers this evening but high regarding road temperatures falling below zero.

(v) 36 hour Weather Summary

This is a general summary of the forecast for the period from midday to midday. An example of a typical forecast is shown on the following page.

12.3 At 18:00 hours each evening, a forecast update is issued by MeteoGroup and can be viewed by the Winter Service Duty Officer at home on a portable laptop computer. ***If further information is required, the Winter Service Duty Officer can make use of the 24 hour consultancy service provided by MeteoGroup.***

Example of 24 Hour Summary.

24 HOUR SUMMARY FORECAST FOR BERKSHIRE FORECAST FOR MONDAY 11/10/2010 12:00 TO TUESDAY 12/10/2010 12:00

Headline	RSTS ABOVE ZERO
Confidence	HIGH

General Synopsis

This afternoon, it will be dry and bright with long periods of sunshine. Tonight, dry with the chance of some clearer breaks at first, but mist and low cloud will become extensive. Tomorrow morning, dry but with cloudy skies. RSTs above zero throughout the period.

13. THERMAL MAPPING AND ICE PREDICTION

West Berkshire Roads

- 13.1 Vaisala Ltd has undertaken thermal mapping across Berkshire, a technique for measuring and analysing the thermal characteristics of road surfaces. It is normally carried out under three different weather conditions, one of which is the extreme condition or night when skies are clear and winds light. The other weather conditions are known as intermediate and damped. Under extreme conditions, the maximum variation in road surface temperature is produced, this, together with the coldest absolute temperatures, leads to potentially hazardous road conditions. Under such conditions it is most important to be able to accurately predict road surface temperatures.
- 13.2 The information yielded from thermal mapping is used in conjunction with site specific forecasts to predict accurately the minimum temperature of road surfaces across the road network. This allows accurate decisions to be made not only about whether to salt or not but whether to salt only those roads that require treatment.
- 13.3 Thermal mapping has been used to produce data, which allows the pre-salting routes to be analysed objectively and to ensure the optimum location of road surface and atmospheric condition sensors. Ten sensor sites have been installed on the network locations shown on the following page.
- 13.4 Annual calibration checks on sensors are undertaken by the equipment supplier(s).
- 13.5 Every hour, information from these sensors is fed automatically into the Central Processing Unit at Vaisala's offices in Birmingham. The parameters recorded are, air temperature, humidity, precipitation, wind speed and direction, road surface condition (wet or dry) and depth temperature. Forecasts are produced by MeteoGroup UK based on this information. These forecasts when used in conjunction with the thermal mapping data forms one of the most sophisticated ice prediction systems in the UK.
- 13.6 West Berkshire Council acts as lead authority on behalf of the other Berkshire Unitary Authorities in respect of the co-ordination and procurement of contracts with Vaisala and MeteoGroup UK Ltd.
- 13.7 All six Berkshire Unitary Authorities have access to the ice detection equipment described above.

14. MEDIA COMMUNICATIONS

- 14.1 The Winter Service Duty Officer will notify the relevant organisations via the Message Board on the Metegroup's Winter Service web portal when a decision to treat has been made confirming what actions have been taken.
- 14.2 During periods of prolonged adverse weather and snowfall, the Winter Service Duty Officer shall liaise with the Council's Public Relations team who will provide relevant information to all interested organisations.
- 14.3 Prior to the onset of winter, details of the Council's Winter Service Plan will be published in the local press and made available through the Council's web site: www.westberks.gov.uk
- 14.4 A leaflet called 'Safer Driving This Winter on West Berkshire Roads' will be produced which shows the primary salting network and provides winter driving tips. This leaflet is available from Council offices and libraries as well as being displayed on the Council's web page (www.westberks.gov.uk)

15. PERFORMANCE MONITORING AND AUDIT

- 15.1 The Winter Service provided by West Berkshire Council is carried out by the Council’s Highway Term Maintenance Contractor Volker Highways.
- 15.2 Performance of the Contractor in relation to response and treatment times shall be monitored to ensure satisfactory service delivery and contract compliance in accordance with the following Contractual requirements.

	Performance Criteria	Frequency
1.	Winter Service Operations: Start Time Finish Time	Weekly by Winter Service Manager
2.	Winter Service Audit	At times agreed by the Winter Service Manager

- 15.3 The Contractor’s performance will be reported annually as part of the Highway Winter Service Plan approval process.
- 15.4 Throughout the Winter Service season and where reasonably practicable to do so, the Winter Service Manager will arrange for ad hoc audits to take place. The audit will consist of West Berkshire Council staff following a gritter on an actual salting run to record and verify the following:
 - (i) Time vehicle left depot.
 - (ii) Vehicle following agreed route.
 - (iii) Vehicle travelling at appropriate speed whilst salting.
 - (iv) Ensure vehicle driver stops to check spreading equipment is working correctly.
 - (v) Check that salt is being spread.
 - (vi) Time vehicle arrives back in depot.
- 15.5 Following an audit, a formal meeting will be held with the Contractor to discuss their performance, results and any urgent actions required to achieve the contract standards.

16. OTHER SEVERE / ADVERSE WEATHER

16.1 Please refer to the Council Severe Weather Plan.

17. BUDGETS

17.1 West Berkshire Council's 2019/2020 budget for winter service allows for the following:

- (i) Maintenance, repair and calibration of communication and ice prediction equipment.
- (ii) Fixed costs of standby arrangements.
- (iii) 50 precautionary salting runs on the Road Primary Treatment Network.
- (iv) Weather forecasts and ice prediction service.
- (v) Provision and maintenance of salt bins.

17.2 It should be noted that whilst snow clearing operations will be undertaken in accordance with the Winter Service Plan and as instructed by the Winter Service Manager, there is no specific budget for this work. However, a report will be prepared and submitted to the appropriate committees as soon as possible after snow clearing has been completed in order for any budgetary pressures and adjustments to be discussed and agreed.

1	Road surface dry
2	Road surface wet but may dry
3	Road surface wet
4	Road surface dry but may become wet

RECOMMENDED ACTION

- a) No Precautionary salting.
- b) Partial salt - wet patches, major structures, high ground etc.
- c) Inspections at a time to enable any necessary action to be taken before conditions become critical.
- d) Full pre-salt to be completed before onset of freezing conditions.
- e) Full pre-salt after rain has finished.
- f) Salting crews to remain in Depot awaiting instructions.
- g) Road conditions to be monitored by duty officer using ice prediction system.

CLEARING SNOW AND ICE FROM PAVEMENTS AND PUBLIC SPACES

This guide is designed to help you to act in a neighbourly way by safely clearing snow and ice from pavements and public spaces.

Will I be held liable if someone falls on a path I have cleared?

There is no law preventing you from clearing snow and ice on the pavement outside your property, pathways to your property or public spaces.

It is very unlikely that you would face any legal liability, as long as you are careful, and use common sense to ensure that you do not make the pavement or pathway clearly more dangerous than before. People using areas affected by snow and ice also have responsibility to be careful themselves.

What can I do to help clear snow and ice from pavements and public spaces?

Practical advice from highway engineers is given below. This is not a comprehensive list.

- Start early: it is much easier to remove fresh, loose snow compared to compacted ice that has been compressed by people walking on it.
- **Do not use hot water.** This will melt the snow, but may replace it with black ice, increasing the risk of injury.
- Be a good neighbour: some people may be unable to clear snow and ice on paths leading to their property or indeed the footway fronting their property. Snowfall and cold weather pose particular difficulties for them gaining access to and from their property or walking to the shops.
- If shovelling snow, consider where you are going to put it, so that it does not block people's paths, or block drainage channels. This could shift the problem elsewhere.
- Make a pathway down the middle of the area to be cleared first, so you have a clear surface to walk on. Then you can shovel the snow from the centre to the sides.
- Spreading some salt on the area you have cleared will help to prevent any ice forming. Table salt or dishwasher salt will work, but avoid spreading on plants or grass as they may be damaged by it. A few grams (a tablespoon) for each square metre you clear should work. The salt found in salting bins will be needed for keeping roads clear.

Particular care and attention should be given to steps and steep gradients to ensure snow and ice is removed. You might need to apply additional salt to these areas.

- Use the sun to your advantage. Removing the top layer of snow will allow the sun to melt any ice beneath; however you will need to cover any ice with salt to stop it refreezing overnight.
- If there is no salt available, then a little sand or ash is a reasonable substitute. It will not have the same de-icing properties as salt but should offer grip under foot.

CLEARING SNOW AND ICE FROM PAVEMENTS AND PUBLIC SPACES (cont'd)

Where can I find out more information about what I can do in an emergency?

The Preparing for Emergencies web pages on DirectGov contain useful information on how you can prepare for the impacts of all emergencies. The pages can be found at:

www.direct.gov.uk/preparingforemergencies

Why is the Government publishing this information?

During the severe winter in 2009/10, many people across the country worked very hard to keep our transport network open. This included many members of the public who cleared pavements and public spaces around their homes. Some people, however, were deterred from taking action to clear pavements and other public spaces because they feared that they might be sued.

An independent review of the transport sector's response to the severe weather of 2009/10 recommended that the Department for Transport should publish this note on good practice for members of the public in clearing snow and ice from footways and other public spaces. The Local Government Association published a report on behalf of Councils which reached the same conclusion. The Government is committed, as a key part of the Big Society agenda, to remove the barriers which may unnecessarily prevent people from helping themselves and those around them.

Recommendations

Code of Practice for Maintenance Management for Winter Service - 2009/2010

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
1	Authorities should formally approve and adopt policies and priorities for Winter Service, which are coherent with wider objectives for transport, integration, accessibility and network management, including strategies for public transport, walking and cycling. They should also take into account the wider strategic objectives of the authority.	Yes	Winter Service Plan reviewed in accordance with recommendations of the Overview and Scrutiny Management Commission (OSMC) and COP as amended December 2009. Plan to be approved by Individual Decision 11 November 2010.	
2	Authorities should consider, consult on and formally adopt local service standards for resilience of their winter service in terms of number of days continuous severe conditions salting on a defined Minimum Winter Network for the Overall Winter Period and for the Core Winter Period.	Yes	Revised Contingency Treatment Network.	
3	Authorities should review their approach to climate change and in particular their resilience to prolonged cold weather.	Yes	Emerging Severe Weather Plan covering flooding, severe winter conditions, heatwaves and droughts.	
4	Authorities should consider whether collaborative arrangements such as shared services, lead authority arrangements, collaborative service procurement and sharing depots and salt stock, would prove effective and provide value for money approach to increasing winter service resilience.	Yes	Joint procurement with Berkshire Unitaries for sensor maintenance and forecasting services.

Code of Practice for Maintenance Management for Winter Service - 2009/2010 (cont'd)

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
5	Authorities should determine critical areas and infrastructure in conjunction with key public services and other stakeholders and seek to ensure that appropriate winter treatment has been considered by the appropriate party.	Yes	Scrutiny by WBC's OSMC involving all interested internal and external parties.	
6	Authorities should ensure effective communication of information for the public before and during normal and severe winter conditions.	Yes	Publication of 'Safer Driving this Winter on West Berkshire Roads' leaflet and Winter Service Plan and associated route plans via the website.	
7	Authorities should ensure that there is appropriate consultation and communication with other highway authorities, key public services and other stakeholders and seek to ensure improved service for the public.	Yes	Comprehensive consultation was carried out by OSMC during their review and during the development of the 2011/12 Winter Service Plan. Consultees included internal stakeholders, Council and Parish/Town Council Members, transport providers, adjoining councils and emergency services.	
8	Authorities should formally approve, adopt and publish, in consultation with users and key stakeholders, a Winter Service Plan based on the principles of this Code	Yes	Winter Service Plan reviewed in accordance with recommendations of the OSMC and COP as amended December 2009. All interested internal and external parties consulted as part of scrutiny and development and approval of Plan.	

Recommendations

Code of Practice for Maintenance Management for Winter Service - 2009/2010 (cont'd)

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
9	Authorities should define treatment route plans for carriageways, cycle routes and footways for pre-treatment and snow conditions, based upon the general maintenance hierarchy, but adapted to take into account the factors identified by this Code.	Yes	Route plans in place.	The Council only salts specified sections of footway network during prolonged hazardous conditions and when snow is forecast.
10	Authorities should prepare contingency Winter Service Plans for severe weather conditions, which include possibilities such as salting a Minimum Winter Network. Authorities should seek agreement on plans in advance with other highway authorities and key public services such as hospitals and public transport providers. There should be a co-ordinated approach to implementing Minimum Winter Networks across adjacent Authorities.	Yes	<p>Comprehensive consultation was carried out by OSMC during their review and during the development of the 2011/12 Winter Service Plan. Consultees included internal stakeholders, Council and Parish/Town Council Members, transport providers, adjoining councils and emergency services.</p> <p>Thames Valley Police 'Salt Cell' working group to develop GIS plans for Thames Valley to assist authorities with cross boundary treatment.</p>	
11	Authorities should explore the potential for mutual aid in salt supply and other aspects of winter service and should make contingency arrangements in advance.	Yes	Alternative salt supply arrangements in place with WBC's Term Maintenance Contractor.	

Recommendations

Code of Practice for Maintenance Management for Winter Service - 2009/2010 (cont'd)

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
12	Authorities should take full advantage of decision support systems and services to enable timely, efficient and accurate decision making.	Yes	West Berkshire Council makes use of information from roadside sensors and detailed site specific forecasts issued by MeteoGroup UK in it's decision making process.	
13	Authority should continually monitor performance during service delivery and respond effectively to changing conditions or network incidents.	Yes	PI's in Term Maintenance Contract and Winter Service Plan.	
14	To ensure appropriate level of competence, training and development needs of all personnel should be established and reviewed annually, including health and safety and appropriate vocational qualifications. Training should then be provided where appropriate before the Winter Service season.	Yes	Formal training of WBC Staff undertaken with Vaisala 2009. All Duty Officers trained to City and Guilds Supervisor Standard. All Term Contractor WS operatives have City & Guilds 6157 accreditation (superseded by 6159). 2 staff are now accredited City & Guilds Winter Service Supervisors.	
15	Authorities and relevant organisations should provide training and conduct periodic exercising to test plans for responding to severe weather events.	Yes	Ad hoc audits are undertaken to test Winter Service Plan during winter season.	
16	Authorities and salt suppliers should treat the supply of salt as a service rather than a simple commodity purchase.	Yes	Term Contractor/salt Union re-stocking arrangements in place.	

Recommendations

Code of Practice for Maintenance Management for Winter Service - 2009/2010 (cont'd)

Recommendation	Description	Adopted by WBC	Comments	Reason for not adopting recommendation
17	As a means of enhancing local salt storage capacity, Authority and salt suppliers should jointly consider supplier owned salt stocks held on a short or long term basis in a number of widely distributed locations around the country. A joint approach may include agreements such as purchase of some or all stock by the end of season or provision of land.	Yes	WBC's salt stock for the coming season will be 2500t. Being a predominantly rural district, WBC's winter service requirements do not favourably align with those of the more urban UA's in Berkshire.	
18	Authority should seek a broad approach to salt supply, for example establishing framework contracts with more than one supplier.	Yes	Arrangements in place with Highway Term Contract for alternative salt supplies.	
19	Authorities should consider whether efficiency benefits can be obtained from collaborative salt procurement and should also consider ways to improve the balance of risk between salt suppliers and themselves, e.g. Longer contracts, performance contracts with minimum guaranteed purchase and supply, and contracts that include supply of salt and investment facilities.	Yes	Arrangements in place with salt union to maintain 2500t salt reserve.	
20	All aspects of the Winter Service Plan, including service delivery arrangements, should be reviewed annually in consultation with key stakeholders to take account of changing circumstances.	Yes	The Winter Plan has been comprehensively consulted on and reviewed 2010/11. The next annual review will take place next summer in advance of the 2012/13 winter season.	

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010

No.	Recommendation	Action by:	Comments
1.	<p>That for the forthcoming winter the need for a strategic reserve stock of salt for England's highway authorities be recognised, if the resilience to handle the risk of its being as severe as last winter is to be secured, and given the projected shortfall of UK production against the possible demand; and that the Highways Agency should be tasked, on behalf of the Secretary of State, to acquire by import, store and make available on terms to be agreed an initial reserve stock of some 0.25m tonnes</p> <p>of salt for 'last resort' use by local highway authorities and for itself; and that the DfT at the end of December should formally lead the consideration and review (using information and forecasts then available) of whether further additional reserve stocks should be secured for the remainder of the winter.</p>	DfT/HA	N/A
2.	<p>A systematic year-round process of collecting data, monitoring salt stocks and movements and disseminating the findings should be put in place by DfT, to give advance warning of any issues affecting prospective salt supplies and availability, and to provide the basis for regular strategic overviews of the salt supply chain and any necessary decisions by them or other parties. This should be independent of any need for the operation of Salt Cell in 'allocation' mode.</p>	DfT	N/A

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010 (cont'd)

No.	Recommendation	Action by:	Comments
3.	The vulnerability and lack of resilience of the salt supply chain as currently configured should be recognised; that some targeted intervention needs to be designed which will substantially improve the resilience of the supply chain with minimal impact on the normal functioning of the salt market in the UK; and to note that the development and evaluation of proposals for this is a key part of the Review's stage two work, which will be presented in the Final Report in the autumn.	N/A	N/A
4.	DfT should consult with the Scottish and Welsh authorities about the implications for Scotland and Wales of these short term recommendations for the salt supply chain.	DfT	N/A
5.	Every local highway authority should have a robust winter service plan, and should regularly review the key elements of it, including network coverage, operational procedures and standards and appropriate salt stockholding to meet defined resilience standards, all in line with current best practice.	WBC	West Berkshire has a robust Plan in place that has been reviewed as a result of internal scrutiny and in line with the recommendations of the CoP as amended December 2009.
6.	Consultation on treated networks should be broadly drawn to include business representatives, passenger and freight transport operators and local communities, as well as health and education service providers; and to help manage public expectations should be followed by clear and comprehensive communications of winter service plans, supported by good real-time communications through media and on-line when winter conditions arrive.	WBC	Appropriate stakeholders were consulted as part of the scrutiny review. The 2010/11 Plan has been developed in accordance with the scrutiny panel's recommendations.

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010 (cont'd)

No.	Recommendation	Action by:	Comments
7.	As many local highway authorities already do, authorities should collaborate with and support lower-tier authorities to help ensure that maximum practical winter support can be given in areas and communities beyond the treated networks, including possibly the treatment of key footways and pedestrianised areas.	WBC	Use of internal staff to treat town centre footways identified and included in revised 2010/11 Plan. Consultation ongoing regarding the use of farmers.
8.	While recognising that research and technical information in this area is relatively fragmented and uncoordinated, and that available evidence needs to be presented more authoritatively, local highway authorities should be aware of the opportunities to improve salt utilisation through adopting lower spread rates and alternative treatment methods, both to reduce cost and to reduce demands on a potentially vulnerable salt supply chain.	LHA	Await further research.
9.	Professional bodies and the Local Government Association should encourage the more widespread dissemination and adoption of best practice in the preparation and delivery of winter service plans.	LGA	N/A

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010 (cont'd)

10.	<p>While recognising that the resilience of salt supply is being addressed as a nationwide issue, local highway authorities can support this and should:</p> <ul style="list-style-type: none"> • all participate fully in the year-round systematic information collection and monitoring of salt stocks and movements which we are recommending should be adopted by DfT; • ensure their own planning of salt stocks and supply is sound and carried out in accordance with best practice, and supported by practical measures to improve salt utilisation; • put in place (or confirm where existing) mutual aid with neighbouring authorities to help address localised shortages. 	DfT	3500t of salt purchased to provide additional resilience.
-----	---	-----	---

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010 (cont'd)

No.	Recommendation	Action by:	Comments
11.	Local highway authorities should treat their winter service planning as an integral part of wider general resilience planning for civil contingencies, bringing to the development of winter service plans the benefits of processes and disciplines associated with resilience planning, together with the culture of constructive challenge and validation.	WBC	Winter Service Plan will form part of a larger emerging Adverse Weather Plan.
12.	The Highways Agency should be commended for the research-based measures it has put in place to improve its salt utilisation. It should: <ul style="list-style-type: none"> • continue to research and monitor the efficiency of its practices and strive to improve the cost-effectiveness of its winter service operation; • share best practice, research and knowledge with other highway authorities. 	HA	
13.	There should be a comprehensive, authoritative review of technical standards and guidance relating to both the treatment and the spread rates of salt, based on research and evidence as necessary, leading to the production of practical guidance for practitioners as well as at a policy and planning level. This should be led by the UK Roads Liaison Group (see next recommendation).	UKRLG	
14.	The valuable initiative and work of the National Winter Service Research Group should be brought under the wing of the UK Roads Liaison Group, who should take responsibility for and set the strategy for its work programme, including its contribution to the comprehensive review of technical standards and methods.	UKRLG	

Recommendations

The Resilience of England's Transport Systems in Winter - An Independent Review July 2010 (cont'd)

No.	Recommendation	Action by:	Comments
15.	<p>The Department for Transport should develop, in collaboration with local government representatives and appropriate experts, a code setting out good practice for members of the public, including business owners, in clearing snow and ice from footways. This should:</p> <ul style="list-style-type: none"> • be produced by the end of October 2010 in time for the coming winter; • be short, along the lines of Westminster's advice to its residents; • set a standard which, if observed, should guard the public against negligence claims; • be made available to households by local authorities. 	DfT	
16.	<p>We note and commend the generally high quality and accuracy of short term (0–5 days) weather forecasting now available to support the operational decisions of highway authorities and their contractors, and recommend that the weather forecasters continue to develop their capabilities both for 15–30 day forecasting to meet the resource planning needs of highway authorities, and for longer term seasonal forecasting.</p>	Forecast Agencies	
17.	<p>Given that the probability of next winter being severe continues to be relatively small but that severe winters are still possible despite the warming trend, we recommend that winter resilience planning – and the securing of greater resilience in the supply of salt – should continue on the basis of dealing with winters of a severity similar to that of 2009–2010.</p>	WBC	Salt stock 2500t. Alternative sources of salt available through Term Contractor (off site). Further sources being explored.

We are committed to being accessible to everyone. If you require this document in an alternative format or translation, please call Highways on Telephone 551111.

Summary of Consultation Responses

APPENDIX I

Ref Number	Name / Organisation	Date Received	Comments	Response Issued	Action
1	Tidmarsh & Sulham PC	29/07/2019	No comments to make.	n/a	No action required.
2	Brimpton PC	8/08/2019	Wasing Road incorrectly named. Listed as Wasing Lane.	18/09/2019	Amendments made to Winter Service Plan as opposite.
3	East Ilsley PC	13/08/2019	Consideration is given to treating Church Hill (from the duck pond to the school), in particular footpaths.	19/09/2019	Church Hill already part of Secondary and Snow Clearance Networks. No action. Extend extent of footway treatment (Paved Footway Network) from Church Side to Broad Street. Winter Service Plan amended accordingly.
4	Lambourn PC	14/08/2019	Raised concerns over cross boarder treatments.	18/09/2019	By agreement there will be no cross boundary salting or snow clearance. Suggested contact adjoining authority. No action.
5	Aldermaston PC	14/08/2019	Frouds Lane to be promoted to the Primary Treatment Network.	19/09/2019	Frouds Lane is on the Secondary Treatment Network. Any closure of treated roads on the Primary Network involving a diversion along Frouds Lane would result in Frouds lane being treated while the diversion is in force. No action.

APPENDIX I (cont'd)

6	Compton PC	15/08/2019	<p>Page 95 – Primary School located on School Road not Aldworth Road.</p> <p>Page 101 – Salt bin on Burrell Road located outside the Village Hall.</p> <p>Page 105 – Salt bin in Shepherds Mount located outside No. 28.</p> <p>Consideration given to promoting Shepherds Mount (Junction with Burrell Road to School Road) onto the Secondary Treatment Route.</p>	19/09/2019	<p>Amendments made to Winter Service Plan as listed opposite.</p> <p>Shepherds Mount added to Secondary treatment Network – steep gradients links into Burrell Road already on Secondary Network.</p>
7	Councillor Jeff Beck	18/08/2019	No comments to make.	n/a	No action required.
8	Padworth PC	19/08/2019	<p>Padworth Lane – continuous water flow down the road.</p> <p>Correction to road name, Farrows Road not Fallows.</p>	19/09/2019	Padworth Lane already on Primary Treatment Network, will receive treatment on the forecast of hoar frost and/or ice. No action.
9	Beenham PC	19/08/2019	No contacts in the “Contacts Section”.	18/09/2019	Personal contact details not entered into the public copy of the plan available to the general public.
10	Woolhampton PC	27/08/2019	Continued treatment of Woolhampton Hill and Cods Hill funded by the Parish Council.	19/09/2019	Existing arrangement to be continued. PC to pay for additional treatment.

APPENDIX I (cont'd)

11	Tilehurst PC	27/08/2019	<p>Salt Bins:</p> <p>Salt bin located at Aston Avenue (Junction of Childrey Way) not in Appendix.</p> <p>Salt bin located at Barbrook Close (Junction with Ullswater Drive) not in Appendix.</p> <p>New PC salt bin at Bowfell Close not in Appendix.</p> <p>Salt bin listed at Birkhall Close should read "Junction with Empress Way".</p> <p>Salt bin listed at Fairford Road should read "Tring Road, grass verge".</p>	19/09/2019	Amendments made to Winter Service Plan as opposite.
12	Newbury TC	29/08/2019	Consideration be given to clearance of the subway ramps along the A339 as a priority during snowfall.	19/09/2019	Paragraph added to plan prioritising clearance of subway ramps.
13	Chieveley PC		<p>Consideration be given to promoting Kiln Drive to Primary Treatment Network.</p> <p>Consideration be given to promoting Curridge Piece and Chapel Lane to Snow Treatment Network.</p>	20/09/2019	<p>Requests do not meet criteria for inclusion.</p> <p>Suggested Parish Council could fund additional salt bins.</p>

Individual Executive Member Decision

Adult Autism Strategy October 2019 – October 2022

Committee considering report:	Individual Executive Member Decision
Date ID to be signed:	10 October 2019
Portfolio Member:	Councillor Graham Bridgman
Forward Plan Ref:	ID3757

1. Purpose of the Report

To agree the Council's Three Year Autism Strategy.

2. Recommendation

That the Strategy is agreed.

3. Implications

- | | | |
|-----|-------------------------|---|
| 3.1 | Financial: | No ongoing financial commitment. The Autism Partnership Board (APB) oversees a ring-fenced capital grant from Central Government, and in part this paper proposes a methodology for spending the grant. |
| 3.2 | Policy: | None |
| 3.3 | Personnel: | None |
| 3.4 | Legal: | None |
| 3.5 | Risk Management: | None |
| 3.6 | Property: | None |
| 3.7 | Other: | None |

4. Consultation Responses

Members:

Leader of Council:	Councillor Lynne Doherty
Overview & Scrutiny Management Commission Chairman:	Councillor Alan Law
Ward Members:	All. Policy forwarded in advance of decision.

**Opposition
Spokesperson:** Councillor Owen Jeffery

Local Stakeholders: N/A

Officers Consulted: Head of Adult Social Care
Human Resources

Trade Union: Ongoing work with to raise awareness on Autism

5. Executive Summary

- 5.1 The Autism Act 2009 aimed to improve the provision of relevant services and a wider appreciation and understanding of the condition as a whole. The Secretary of State for Health was charged with overseeing the progress of the Autism Strategy.
- 5.2 West Berkshire Council's response to the Autism Act 2009 was to provide Strategic Leadership in the form of the Autism Partnership Board, chaired by Adult Social Care Head of Service. Its purpose is to provide strategic leadership and user and family engagement in the planning and developing of services. Membership of the Autism Partnership Board includes autistic adults, parent carers, NHS providers and commissioners, WBC Children's and Adult Social Care, with voluntary sector representation from the National Autistic Society (NAS) and NAS West Berkshire, and Job Centre Plus. This list is not exclusive and the membership is under review so that the board's composition best meets needs.

6. Conclusion

The Strategy aims to offer structure and greater focus to the work of the Autism Partnership Board. Quarterly meetings will check on its progress in making a difference locally to those in West Berkshire on the Autism Spectrum.

7. Supporting Information

N/A

8. Options for Consideration

- 8.1 In 2017, it was agreed that the arrangements for overseeing implementation of the Strategy should be refreshed. In some areas it was agreed with stakeholders that progress was not as quick as envisaged, and that there was scope to streamline the set of actions and commitments, and to re-confirm ownership of specific actions to focus on those that would best realise the objectives of the Strategy.
- 8.2 The Strategy itself has not changed, but the implementation activities required to deliver its intended outcomes, and who will do what, have been clarified. This has returned the focus to delivering what is required by the Autism Act and Statutory Guidance, in a realistic and measurable way
- 8.3 The Department of Health and Social Care requires local authorities to report on their progress regularly through a self-assessment exercise. The information collected through this is available online for each local authority.
- 8.4 APBs are an integrated strategic planning forum that is responsible for developing autism provision across health and social care. These multi-agency forums bring together different agencies and stakeholders to identify local commissioning priorities and enable a more strategic approach to developing better outcomes for people with autism.
- 8.5 Such forums do not require additional funding to set up and they are a key mechanism for addressing the need for a more collaborative approach to public services, where agencies join up resources, both financial and human, to provide a more coherent response to local needs.

9. Proposals

The APB has been working to support our local strategy and is looking for the endorsement of the wider public so that it can be more widely publicised. If agreed by council the strategy will be better able to drive policy locally.

10. Conclusion

- 10.1 The Strategy is looking to build communities in West Berkshire that are more aware of and accessible to the needs of people with autism.
- 10.2 The APB will promote innovative local ideas, services and projects in West Berkshire which can help people in their communities.

11. Appendices

- 11.1 Appendix A – Data Protection Impact Assessment
- 11.2 Appendix B – Equalities Impact Assessment
- 11.3 Appendix C – Adult Autism Strategy and Action Plan 2019-2022

Wards affected:

All wards

Appendix A

Data Protection Impact Assessment – Stage One

The General Data Protection Regulations require a Data Protection Impact Assessment (DPIA) for certain projects that have a significant impact on the rights of data subjects.

Should you require additional guidance in completing this assessment, please refer to the Information Management Officer via dp@westberks.gov.uk

Directorate:	Communities
Service:	Adult Social Care
Team:	Senior Management Team
Lead Officer:	Mike Harling
Title of Project/System:	Autism Strategy
Date of Assessment:	9 July 2019

Do you need to do a Data Protection Impact Assessment (DPIA)?

	Yes	No
<p>Will you be processing SENSITIVE or “special category” personal data?</p> <p>Note – sensitive personal data is described as “data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation”</p>		x
<p>Will you be processing data on a large scale?</p> <p>Note – Large scale might apply to the number of individuals affected OR the volume of data you are processing OR both</p>		x
<p>Will your project or system have a “social media” dimension?</p> <p>Note – will it have an interactive element which allows users to communicate directly with one another?</p>		x
<p>Will any decisions be automated?</p> <p>Note – does your system or process involve circumstances where an individual’s input is “scored” or assessed without intervention/review/checking by a human being? Will there be any “profiling” of data subjects?</p>		x
<p>Will your project/system involve CCTV or monitoring of an area accessible to the public?</p>		x
<p>Will you be using the data you collect to match or cross-reference against another existing set of data?</p>		x
<p>Will you be using any novel, or technologically advanced systems or processes?</p> <p>Note – this could include biometrics, “internet of things” connectivity or anything that is currently not widely utilised</p>		x

If you answer “Yes” to any of the above, you will probably need to complete [Data Protection Impact Assessment - Stage Two](#). If you are unsure, please consult with the Information Management Officer before proceeding.

Appendix B

Equality Impact Assessment - Stage One

We need to ensure that our strategies, policies, functions and services, current and proposed have given due regard to equality and diversity as set out in the Public Sector Equality Duty (Section 149 of the Equality Act), which states:

- “(1) A public authority must, in the exercise of its functions, have due regard to the need to:**
- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;**
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; This includes the need to:**
 - (i) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;**
 - (ii) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;**
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it, with due regard, in particular, to the need to be aware that compliance with the duties in this section may involve treating some persons more favourably than others.**
- (2) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.**
- (3) Compliance with the duties in this section may involve treating some persons more favourably than others.”**

The following list of questions may help to establish whether the decision is relevant to equality:

- Does the decision affect service users, employees or the wider community?
- (The relevance of a decision to equality depends not just on the number of those affected but on the significance of the impact on them)
- Is it likely to affect people with particular protected characteristics differently?
- Is it a major policy, or a major change to an existing policy, significantly affecting how functions are delivered?
- Will the decision have a significant impact on how other organisations operate in terms of equality?
- Does the decision relate to functions that engagement has identified as being important to people with particular protected characteristics?
- Does the decision relate to an area with known inequalities?
- Does the decision relate to any equality objectives that have been set by the council?

Please complete the following questions to determine whether a full Stage Two, Equality Impact Assessment is required.

What is the proposed decision that you are asking the Executive to make:	To agree an Autism Strategy
Summary of relevant legislation:	West Berkshire Council's response to the Autism Act 2009 was to provide Strategic Leadership in the form of the Autism Partnership Board, chaired by Adult Social Care Head of Service. Its purpose is to provide strategic leadership and user and family engagement in the planning and developing of services
Does the proposed decision conflict with any of the Council's key strategy priorities?	No
Name of assessor:	Mike Harling
Date of assessment:	9 July 2019

Is this a:		Is this:	
Policy	No	New or proposed	No
Strategy	Yes	Already exists and is being reviewed	No
Function	No	Is changing	No
Service	No		

1 What are the main aims, objectives and intended outcomes of the proposed decision and who is likely to benefit from it?	
Aims:	To better meet the needs of Adults and
Objectives:	To identify minor and on-consequential amendments
Outcomes:	Minor changes proposed which do not result in negative impact on customers
Benefits:	Improved service efficiency and customer journey

2 Note which groups may be affected by the proposed decision. Consider how they may be affected, whether it is positively or negatively and what sources of information have been used to determine this.

(Please demonstrate consideration of all strands – Age, Disability, Gender Reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion or Belief, Sex and Sexual Orientation.)

Group Affected	What might be the effect?	Information to support this
Age	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Disability	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Gender Reassignment	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Marriage and Civil Partnership	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Pregnancy and Maternity	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Race	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Religion or Belief	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Sex	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Sexual Orientation	There are no negative impacts on this group	The proposed strategy looks to engage and have a positive impact for this group.
Further Comments relating to the item:		

3 Result	
Are there any aspects of the proposed decision, including how it is delivered or accessed, that could contribute to inequality?	No
Please provide an explanation for your answer: The aim of the strategy is to tackle inequality and increase awareness and understanding of Autism	
Will the proposed decision have an adverse impact upon the lives of people, including employees and service users?	No
The strategy aims to have a positive impact upon the lives of everyone in West Berkshire including employees and service users.	

If your answers to question 2 have identified potential adverse impacts and you have answered 'yes' to either of the sections at question 3, or you are unsure about the impact, then you should carry out a Stage Two Equality Impact Assessment.

If a Stage Two Equality Impact Assessment is required, before proceeding you should discuss the scope of the Assessment with service managers in your area. You will also need to refer to the [Equality Impact Assessment guidance and Stage Two template](#).

4 Identify next steps as appropriate:	
Stage Two required	No
Owner of Stage Two assessment:	
Timescale for Stage Two assessment:	

Name: Mike Harling

Date: 24 June 2019

Please now forward this completed form to Rachel Craggs, Principal Policy Officer (Equality and Diversity) (rachel.craggs@westberks.gov.uk), for publication on the WBC website.

Appendix - Action Plan.....	11

1 Introduction

- 1.1 Autism is a lifelong development disorder that affects the way that a person communicates with and relates to others, and makes sense of the world around them. There are around 700,000 people on the autism spectrum in the UK – more than 1 in 100¹ which would mean that approximately 1,585 residents in West Berkshire have autism. Some West Berkshire residents will require support from Health and Social Care as a result of their diagnosis but most will manage independently.
- 1.2 Autism is a spectrum condition which can present differently in each individual. This may be attributed to co-morbid conditions such as learning disabilities or mental health diagnoses. The spectrum of autism covers individuals who need low level support with communication or activities of daily living to individuals who need a lifetime of high level specialist support. Autism is not a learning disability or a mental health condition, however autistic people have a higher rate of mental health issues.
- 1.3 Some strategies which have been proven to aid Autistic people include:
- Attention to the individual's sensory profile;
 - Clear communication and expectations;
 - Routine;
 - Adjustments to sound and lighting;
 - Visual cues.
- 1.4 This strategy sets out the actions and activities that the Autism Partnership Board (APB) have taken so far and the six strategic priorities for future work to support autistic people in West Berkshire.

2 National Strategic Guidance

- 2.1 The Autism Act 2009 aimed to improve the provision of relevant services and a wider appreciation and understanding of the condition as a whole. The Secretary of State for Health (now the Secretary for Health and Social Care) was charged with overseeing the progress of the Autism Strategy.
- 2.2 West Berkshire Council's response to the Autism Act 2009 was to provide strategic leadership in the form of the Autism Partnership Board (APB), chaired by the Adult Social Care Head of Service. Its purpose is to provide strategic leadership and user and family engagement in the planning and developing of services.
- 2.3 Membership of the APB includes autistic adults, parent carers, NHS providers and commissioners, WBC Children's and Adult Social Care and voluntary sector representation from the National Autistic Society (NAS), NAS West Berkshire and Job Centre Plus.
- 2.4 England's first Adult Autism Strategy, *Fulfilling and Rewarding Lives*, was published in 2010 and was updated in April 2014 along with statutory guidance published in November 2014. This guidance outlined nine areas of focus to be addressed:

¹ The NHS Information Centre, Community and Mental Health Team, Brugha, T. et al (2012). *Estimating the prevalence of autism spectrum conditions in adults: extending the 2007 Adult Psychiatric Morbidity Survey*. Leeds: NHS Information Centre for Health and Social Care

- 1 Training of staff who provide services to autistic adults in both voluntary and statutory services;
- 2 Identification and diagnosis of autism in adults, leading to assessment of needs for relevant services;
- 3 Planning in relation to the provision of services for autistic people as they move from being children to adults;
- 4 Local planning and leadership in relation to the provision of services for autistic adults;
- 5 Preventative support and safeguarding in line with the Care Act;
- 6 Reasonable adjustments for everyone that requires them;
- 7 Supporting people with complex needs, whose behaviour may challenge or who may lack capacity;
- 8 Employment for autistic adults;
- 9 Working with the criminal justice system.

2.5 The West Berkshire Autism Partnership Board have recognised that, in common with other boards across the country, they want to do more to support the implementation the national autism strategy at a local level. This point was acknowledged within the *Think Autism Strategy Government refresh (2018)* that stated 'In some areas, it was agreed with stakeholders that progress was not as quick as envisaged, and that there was scope to streamline the set of actions and commitments and to re-confirm ownership of specific actions to focus on those that would best realise the objectives of the Strategy'.

2.6 In the same report, the government have produced a revised governance model which has grouped 19 strategic objectives into five domains:

- 1 Measuring, understanding and reporting the needs of autistic people;
- 2 Workforce development;
- 3 Health, care and wellbeing;
- 4 Specific support;
- 5 Participation in the local community.

2.7 The delivery of these strategic objectives will be the responsibility of five task and finish groups, who are overseen by an executive group. The five domains have aided us in developing our autism survey from which we devised our strategic vision and priorities.

3 **Scope**

3.1 West Berkshire's Adult Autism Strategy is aimed at those over the age of 18 and looks to reflect the national strategy while recognising local variations where appropriate. The Strategy aims to ensure that appropriate advice and support is available post diagnosis which will be something to develop in coordination with partner agencies. The Strategy also seeks to have an impact on local services and businesses to help and advise them how to be more autism friendly with particular reference to the lived experience of autistic adults such as lighting and noise as well as their employment practices. The Strategy aims to support all autistic adults, including those who do not meet adult social care eligibility criteria.

3.2 This Strategy has been developed based on feedback from autistic adults and in partnership with a range of organisations including:

- West Berkshire Council
- West Berkshire National Autistic Society
- Berkshire Healthcare Foundation Trust
- Autistic Adult representatives
- Watermill Theatre

4 Vision

4.1 Locally West Berkshire Council has a Vision document entitled *Building On Our Strengths 2019- 2023*: The main aims are identified as follows:

- Ensuring our vulnerable children and adults achieve better outcomes;
- Supporting everyone to reach their full potential;
- Supporting businesses to start, develop and thrive in West Berkshire;
- Developing local infrastructure, including housing, to support and grow the local economy;
- Maintaining a green district;
- Ensuring sustainable services through innovation and partnerships.

4.2 This Autism Strategy will provide a strategic direction and approach in order to realise the above vision and enable the Board to have the potential to check and affect change where possible in order to improve the lives of autistic adults. What will be delivered within each priority is outlined below.

5 Priorities - introduction

5.1 The APB previously developed an autism strategy survey for autistic adults (aged 18 and over) to find out about different aspects of their lives including; school life, finding a job, living arrangements, using local services and other experiences.

5.2 The survey was open between 11 September 2017-10 December 2017 and 99 local residents responded. As a result of the survey, six priority areas were identified which are described below.

6 Priorities

6.1 ***Priority 1: Autistic adults have access to information, advice and guidance***

6.1.1 Why is this important?

Getting access to the right information, advice and guidance is essential so that autistic adults and their families are able to find and access services that can support them. Information available about local support needs to be easily accessible to autistic people as this will support their independence and wider community engagement.

6.1.2 What is the picture in West Berkshire?

Autistic adults require information and support on how to live with autism after their diagnosis and understand what it means. The results from the autism strategy survey found that half of respondents found it hard to find the information they required. Many respondents thought it would be helpful to have information in one place. Almost three-quarters of respondents found information from the internet and half from parents or carers.

6.1.3 This will be achieved by:

- Developing an autism directory/booklet that gives information about autism and lists local services for autistic people - this will be updated annually;
- Continuing to update and maintain relevant information on the West Berkshire Directory;
- Setting up an autism page on the West Berkshire Council Website and work with board members to ensure its kept up to date;
- Working with the local autism diagnostic service to ensure everyone who receives a diagnosis has more information about existing groups/services pre or post diagnosis;
- Raising awareness of the Autism Alert Card;
- Identifying with the support of board members to identify a single identifiable contact point where autistic adults (whether or not in receipt of a statutory services) can get information, signposting and autism-friendly entry points for a wide range of local services.

6.2 ***Priority 2: Autistic adults have had supportive education and training opportunities***

6.2.1 Why is this important?

According to the National Autistic Society some autistic children, teenagers and young people will need additional help and support in education. Fewer than one in four school leavers stay in further or higher education. Of those young people with a special educational need that take A levels or equivalent, 77% go on to higher education employment or training. Many young people with special educational needs including autism experience higher levels of bullying and exclusion while at school.

6.2.2 What is the picture in West Berkshire?

The results from the Autism Strategy Survey showed that some autistic adults felt there was a lack of autism training and awareness among teachers, which could lead them to feeling unsupported. The APB will look to develop links with local colleges in order to develop our understanding of this.

6.2.3 This will be achieved by:

- Mapping what autism awareness training is given to teachers and school staff in West Berkshire;
- Inviting a schools/college representative to sit on the Autism Partnership Board.

6.3 ***Priority 3: Autistic adults are able to find employment or volunteering opportunities and are supported to remain employed.***

6.3.1 Why is this important?

According to the National Autistic Society², not all autistic people are able to work, but, with understanding from their employer and colleagues, and reasonable adjustments to the interview process and workplace, many autistic people can be a real asset to businesses. They found that only 16% of autistic adults are in full-time paid employment, and this figure has remained static since 2007. They also report that over three quarters (77%) of autistic adults who are unemployed say they want to work and 40% have never worked.

Overall, 80% of non-disabled people are in work, but only 47% of disabled people are in work and only 32% of autistic adults are in work. Having paid employment has a range of benefits for the individual in terms of increased independence and confidence. It also benefits wider society as the out-of-work benefits payments could be saved.

There needs to be more done to help support autistic adults to find and stay in work. In addition, employers need information about how to employ and support an autistic person.

6.3.2 What is the picture in West Berkshire?

Our survey found that many autistic adults are not currently working or volunteering and it was felt that their autism could create barriers for them when seeking employment. Typical barriers included; feeling anxious, lacking confidence, experiencing sensory overload, communication difficulties, not managing social interactions, travel to and from work and overall difficulties with the recruitment process.

Some respondents reported that keeping a job had its challenges due to lack of flexible working, employers not understanding their autism, time keeping, not feeling a part of the team and lack of training opportunities.

6.3.3 This will be achieved by:

- Developing employment and structured activities for autistic adults by working with local organisations. We will be looking to the DWP (Department of Work and Pensions) to take a lead in this area;
- Increasing awareness of autism to employers and working with relevant organisations such as Job Centre Plus;
- Development of a hints and tips sheet to be sent to local employers;
- Conducting a survey at West Berkshire Council to learn about the experiences of its autistic employees in order to find out whether the workplace is meeting their specific needs adequately. By conducting such a survey within West Berks we should have examples of what a good employer should do and provide examples of it to share.

6.4 ***Priority 4: Enabling and encouraging Autism Friendly environments***

6.4.1 Why is this important?

Autistic adults experience sensory overload which means that excess noise, flashing lights, background music and beeping noises can make things unbearable. In

² <https://www.autism.org.uk/get-involved/media-centre/news/2016-10-27-employment-gap.aspx> (accessed 11/02/2019)

addition, autistic adults need clear unambiguous communication as they can sometimes find it difficult to understand what other people say.

6.4.2 What is the picture in West Berkshire?

The results from our survey found that less than 20 respondents thought the following services and facilities were autism friendly; community activities, council offices, places of worship, public transport, shops and sports and leisure facilities. Over 30 people thought the following places were autism friendly; museums, theatres and cinemas, and parks and open spaces. Autistic adults gave reasons for why facilities are not autism friendly and most reasons involved issues with sensory processing. For example, many respondents felt that noise from other people, loud music, bright florescent lights and too many visuals, made it hard to access certain facilities along with crowds and queuing.

A lack of awareness among staff was also mentioned, which meant they often felt unsupported or found it difficult for how to ask for help. Almost one in four people that answered our survey said there was things that could be done to make facilities and services more autism friendly. Suggestions included; autism awareness training which would benefit staff and organisations, having a member of staff with greater knowledge of autism to provide support and making this person visible to the autistic person (eg by wearing a badge). Clear signage would help (visuals), along with autism friendly events. Toning down lighting and turning down the volume of music could also make places more autism friendly.

6.4.3 This will be achieved by:

- Raising awareness of initiatives undertaken elsewhere and encouraging them locally;
- Finding good practice about autism friendly shopping experiences (e.g. slower checkouts, dim lights, no music) and present to Newbury Bid at a themed Autism Partnership Board;
- Encouraging organisations to make autism friendly adjustments to the physical environment and practice, provide autism friendly specific sessions/days where possible. Ask board members to look to their own examples of best practice and take a lead locally in realising this priority.

6.5 ***Priority 5: Increase awareness and understanding of autism***

6.5.1 Why is this important?

It will help if more people understand what autism is so that they can understand people they work or come into contact with.

6.5.2 What is the picture in West Berkshire?

There is a general lack of knowledge and awareness of autism, which has an impact on autistic adults in employment as employers in many organisations are often unaware of the characteristics of autism. As mentioned above, if staff had autism awareness training, this would help to create autism friendly environments which would help autistic adults to participate more fully in day-to-day activities, such as shopping and visiting the cinema.

6.5.3 This will be achieved by:

- Developing a range of information stands about autism and coordinate where they will be displayed with the engagement and support of board members;
- Supporting autism training in our different organisations as that enables delegates to understand autistic behaviours and how to deal effectively with them;
- The board promoting an annual event to celebrate national autism day;
- Ensuring local residents, professionals, and employers have access to autism awareness training to learn more about autism.

6.6 ***Priority 6: Autistic adults are given support to understand themselves***

6.6.1 Why is this important?

Autism can affect a person psychologically and physically. Someone with a diagnosis of autism needs help and support to enable a greater sense of self awareness, an understanding their behaviours and how they interact with others. We need to enable autistic adults to learn, understand and accept themselves, and their experiences to help them to realise that what they experience might be different from someone else. This insight might help them to feel more confident and aware of their personal strengths, helping them to lead fulfilling lives.

6.6.2 What is the picture in West Berkshire?

The Autism Survey showed that 49% of our survey respondents were able to find all the information they needed on their diagnosis. They often had to do extensive research themselves to find out how to live with autism post diagnosis and understand what it means for them. Information and support were sought from the internet, family, friends, professionals, and support groups.

6.6.3 This will be achieved by:

- Working in partnership with the West Berkshire libraries service to develop and promote a list of books about autism;
- Working in partnership with our local autism diagnostic service to provide information and support to people pre-autism diagnosis.

7 **Monitoring arrangements**

The APB will meet every three months and they will further define:

- Monitoring arrangements;
- Actions to support priorities - the Board owns the action plan (see Appendix), which is a working document and this subject to amendment;
- Measures of success.

8 **Funding**

8.1 The APB has access to a non-recurrent Autism Innovation Capital Grant which can be used for any projects that make local areas more autism-friendly. This is capital funding which could be spent things like improving buildings, purchasing books or buying autism friendly technology and equipment.

- 8.2 It will be expected that any funding proposal submitted to the APB is fully costed. Applications for funding will be presented on a completed funding form so that proposals for the use of the grant can be submitted in advance of a board meeting and it will include the above criteria.
- 8.3 Application forms to apply for the Autism Innovation Capital Grant are available at: ccenquiries@westberks.gov.uk
-

Appendix – Action Plan

Priority	Action	Owner	Measure
PRIORITY 1: Autistic adults have access to information, advice and guidance	Develop an autism service directory/booklet that gives information about autism and lists local services for autistic people	Public Health	Devon booklet has been adapted, with West Berkshire Services included and all links and information checked and corrected
		Autism Partnership Board	Booklet has been printed and made available at a minimum of 2 events
		Autism Partnership Board	Booklet has been widely promoted
	Set up an autism web page on West Berkshire Council Website	Adult Social Care	Website set up, friendly url promoted,
	Work with the local autism diagnostic service to ensure everyone who receives a diagnosis has more information about existing groups/services post diagnosis	Berkshire Healthcare Foundation Trust and Autism Partnership Board	Number of people diagnosed with Autism, Number of people on waiting list receiving autism service directory
	Raise awareness of the Autism Alert Card	Autism Partnership Board	Information about the autism alert card on Website, in directory and on stands/leaflet
	Identify a single identifiable contact point where autistic adults (whether or not in receipt of a statutory services) can get information, signposting and autism-friendly entry points for a wide range of local services	Adult Social Care	
PRIORITY 2: Autistic adults have had supportive education and training opportunities	Map what autism awareness training is given to teachers and school staff in West Berkshire	Public Health and Autism Partnership Board	Schools survey has been developed, any training needs have been identified and recommendations sent to Service Manager
	Invite a schools representative to sit on the autism partnership board	Autism Partnership Board	Representative is a member of the autism partnership board
PRIORITY 3: Autistic adults are able to find employment or volunteering opportunities and are supported to remain employed.	Developing employment and structured activities for autistic adults by working with local organisations	Autism Partnership Board	Themed Autism Partnership Board held to develop ideas and sharing good practice from elsewhere
	Increase awareness of autism to employers and work with relevant	Autism Partnership Board	Twice year training, course and banner or leaflet developed

Priority	Action	Owner	Measure
	organisations such as Job Centre Plus		
	Development of a hints and tips sheet to be sent to local employers	Autism Partnership Board	Leaflet designed and printed, list of employers identified, leaflet sent to local employers
	Conduct survey at West Berkshire Council to learn about the experiences of its autistic employees in order to find out whether the workplace is meeting their specific needs adequately	Adult Social Care and Public Health	Questions designed, permission sought from HR, sign off from adult social care SMT, questionnaire circulated to staff, interviews conducted with staff members
PRIORITY 4: Enabling and encouraging Autism Friendly environments	Raising awareness of initiatives undertaken elsewhere and encouraging them locally: Find good practice about slower lanes / quieter hours, changing lighting, turning down volume of music etc. and present to Newbury Bid at a themed Autism Partnership Board	Autism Partnership Board	At least 5 examples of good practice identified, Newbury BID invited to a themed board in 2019/20
	Encourage organisations to make autism friendly adjustments to the physical environment and practice, provide autism friendly specific sessions/days where possible	Autism Partnership Board	Promote the National Autistic Society's "Autism Hour" to different shops in West Berkshire and encourage sign up, letter developed and sent (October 2019)
PRIORITY 5: Increase awareness and understanding of autism	Develop a range of information stands/roll up banners and coordinate where they will be displayed	Autism Partnership Board	At least 2 stands designed and printed, list of locations identified, feedback on stands obtained
	Support autism training that enables delegates to understand autistic behaviours and how to deal effectively with them	Autism Pride	Twice yearly course held
	Hold an annual event to celebrate national autism day (2 nd April each year)	Autism Partnership Board	At least 1 event per year
	Ensure local residents, professionals, and employers have	Autism Partnership Board	At least 2 training events per year

Priority	Action	Owner	Measure
	access to autism awareness training to learn more about autism		
PRIORITY 6: Autistic adults are given support to understand themselves	Work in partnership with the West Berkshire libraries service to develop and promote a list of books about autism	Public Health and Autism Partnership Board	Autism booklist developed and published, number of autism books loaned 6 monthly figures
	Work in partnership with our local autism diagnostic service to provide information and support to people pre-autism diagnosis	Autism Pride, BHFT and Autism Partnership Board	Twice yearly course for people waiting for an autism diagnosis, number of autism service directories given to people on waiting list

Progress on the Action Plan will be checked at every other board meeting. A number of the initiatives noted above have now started and the board's role will be monitoring progress and considering how a response to the 6 priorities might need to develop over the 3 years of the strategy.
