### Cultural Heritage Strategy Delivery Plan - 2021 to 2026

#### **West Berkshire's Cultural Heritage**

From work undertaken on the Cultural Heritage Strategy, and through working with partners, stakeholders and parish and town councils to create the Delivery Plan, the following was developed to define:

Our Cultural Heritage Identity - A rich, unique mix of historic buildings, landscape, waterways, folklore and festivals, with traditional artists/makers through to the contemporary arts, digital industries and film production, reflecting the stories and communities, all within a small district. We will recognise, celebrate and use our cultural heritage to improve the lives of residents, support and develop professional cultural heritage organisations and businesses in the following ways:

Through:

- 1. Partnership working and increasing inward investment
- 2. Creative social prescribing, arts, heritage, landscape and health programmes
- 3. Place making and social cohesion
- 4. Increased engagement with education, and using the arts as a means to support children and young people with engaging in education
- 5. Increased access to arts, culture and heritage
- 6. Access to and provision of cultural heritage training and employment opportunities
- 7. Economy development of cultural heritage tourism, helping to support our cultural heritage sector, and contribution to day and night time economy

### Delivery Plan Overview

West Berkshire Council's Cultural Heritage Strategy runs from 2020 – 2030. The Strategy takes a holistic view and the Delivery Plan reflects that approach. The plan covers the period from 2021 to 2026. Some actions are medium or long term, and will be carried forward (subject to review) to the next delivery plan.

- The Cultural Heritage Strategy was designed and written as a partnership document, and the Delivery Plan reflects this.
- This document indicates where actions are linked to multiple strategic themes. This does not necessarily imply actions which meet one strategic theme are less impactful or significant.
- In line with the Cultural Heritage Strategy, projects in the plan respond to the West Berkshire Vision, council strategies and plans, ensuring a cross organisational approach.
- This plan takes into consideration, regional and national strategies from key stakeholders such as the DCMS: Arts Council England, Visit England, and for example, DfE, Historic England, PHE, and local agenda's.
- It should be noted this is a dynamic document and is subject to change in line with shifting sector and community requirements, internal and external factors. This framework provides flexibility, whilst ensuring transparency, and the ability to track progress.
- This plan will be reviewed annually (subject to agreement)
- West Berkshire Museum is an accredited museum and there are requirements which must be met in order to retain accreditation, these include provision of participatory activity and public access.
- Both West Berkshire Museum and Shaw House having been in receipt of Lottery Funds, are required to have a minimum number of days when they are accessible.
- Core activity for Shaw House currently consists of income generating events and hires.

#### **Performance Measures**

Measures and KPIs will be developed in order to track progress and indicate where actions are/are not meeting anticipated targets. Measures will include qualitative and quantitative components, and where appropriate, sector specific methodology.

## Timescales

Predicted duration of project from start date to completion.

Short: 1 to 3 years Medium: 3 to 5 years Long: 5 years plus

Key

## Actions highlighted in blue denote projects/programmes which have commenced

# West Berkshire Local Cultural Education Partnership

1. Part of a national scheme to develop and deliver a range of high quality creative programmes in the education sector in partnership with the cultural, health, children's/adult services, and related sectors. Pupils benefit from access/increased access to creative projects/programmes developed and delivered in partnership with the cultural sector and specialists.

2. Pupils can undertake recognised awards scheme Arts Awards suitable for all ages and abilities.

3. Programmes/projects are based on evidence that participating in cultural activity raises academic attainment and where relevant school attendance.

4. Teacher CPD is included in many programmes.

5. Cultural Education Partnerships work with their regional Bridge Organisation (Arts Council England), Music Education Hubs and other partners - e.g. British Film Institute

The following organisations have agreed/are to confirm pending approval, being core partners should we proceed:
The Corn Exchange
The Watermill Theatre
Berkshire Maestros
Newbury College
Berkshire Youth
City Arts
WBC colleagues have been consulted, and the following would be included in partnership meetings.
Education Services
Public Health and Wellbeing

Public Health and Wellbeing Building Communities

#### West Berkshire Cultural Heritage Tourism\*

West Berkshire as a district has: a historic market town, with Shaw House and the Museum, picturesque villages, a rich history, places of interest, a strong cultural, retail and hospitality offer, and an Area of Outstanding Natural Beauty

Cultural Heritage Tourism Offer

1. Experiential Tourism: 1.1 Arts, culture, heritage organisations hosting visits and including participation in a creative activity

1.2 Arts, culture and heritage activity coupled with a visit to e.g. wine producers, artisan food producers to see how food/drink is produced and have lunch. Accompanying offer with B & B's, hotels, restaurants, retail

1.2 Green tourism - combining green spaces and historic landscapes with heritage sites and cultural heritage activity Food and drink – highlight tours and activity linked to local producers

1.3 Food and drink – highlight tours and activity linked to local producers

Strengths:
 Close proximity to London and Oxford – two of the highest ranking destinations for tourism in terms of visitors

2.2 Day travel distance to the South Coast, and to East Sussex both with a strong visitor offer

2.3 Opportunities to attract domestic and international visitors with an interest in cultural heritage visiting the East Coast or London (key destinations) to combine with a visit to West Berkshire

3. Opportunities
3.1 Work with Destination Management Organisations and cultural heritage tourism providers/schemes e.g. Sussex Modern, Experience West Sussex Sussex Sussex Sussex Modern, Experience West Sussex Sussex Sussex Sussex Modern, Experience West Sussex Susse

3.3 Utilise Visit England/Britain data re: domestic and international tourism (pre pandemic) and maximise on current trends for domestic travel. Maximise on developing offer for future international travel

3.4 Access funds and inward investment via DCMS/Visit England/Visit Britain/Visit South East schemes for professional, high quality tourism
