- (A) Question related to an item of business to be answered by the Portfolio Holder for Planning, Transport and Countryside submitted by Simon Pike:**

- (B) Question not related to an item of business to be answered by the Portfolio Holder for Planning, Transport & Countryside submitted by Ruth Steedman:**

"I very much welcome the new electric charging points in Newbury and Hungerford. What plans are there to extend this rollout beyond these towns to West Berkshire villages?"

- (C) Question related to an item of business to be answered by the Portfolio Holder for Planning, Transport & Countryside submitted by Anthony King:**

"The B4000/Ermin Street in the Woodlands area of Lambourn and Shefford is experiencing a significant growth in traffic, particularly HGV's. It is basically a country lane used as the primary access to Membury Industrial Area.

There have been a growing number of incidents, including on the 7th and 16th November, in the same location, when 5 vehicles were written off, including 2 HGV's, and a property nearly demolished. The Emergency Services had significant resources at both including the Air Ambulance.

These happened with current traffic volumes which will grow exponentially when recent approvals for Walkers, Putnams, Gearshifters and the continuing uncontrolled business operations generate huge volumes of additional vehicles from Membury.

Are the council aware that your recent planning decisions and lack of control at Membury, will lead to fatalities on this road and impact the lives of all residents, other road users and your own Environmental targets?"

- (D) Question not related to an item of business to be answered by the Portfolio Holder for Housing, Leisure and Culture submitted by Graham Storey:**

"Is the council confident that all social housing within West Berkshire meets the Decent Homes Standard to avoid the health of tenants suffering due to poor quality accommodation?"

- (F) Question not related to an item of business to be answered by the Portfolio Holder for Finance and Economic Development submitted by Paul Morgan:**

"Councillor Somner stated (03/11/2022 exec meeting) that there have been no planning applications on the LRIE to test the theory that the plot by plot planning can or cannot meet common drainage law. Is this not a criminal waste of taxpayers money to have already spent thousands without even checking whether their plans are even possible?"

- (K) Question not related to an item of business to be answered by the Portfolio Holder for Housing, Leisure and Culture submitted by Vaughan Miller:**

"Why does this Conservative administration have such a limited ambition for Newbury Football Club that it is planning to build a stadium that is too small to allow the club to grow beyond Step 4, which is 4 levels below the National League?"
