Executive Report

1. Introduction

1.1 The Resource Management Working Group has agreed to incorporate into its work programme an examination of the Highway Asset Management Plan in order to identify the opportunities arising from exploiting the information contained within the Asset Register.

2. Agreement of the scrutiny activity to be undertaken

2.1 Shown at Appendix A is the report of the Highway Manager for the Individual Decision giving approval for the adoption of the Highway Asset Management Plan.

2.2 The Highway Manager will highlight to the Commission the key points in the plan and will provide clarification and amplification as required.

3. Recommendation

3.1 Members of the Commission are recommended to examine the Highway Asset Management Plan and comment on it accordingly.

Appendices

Appendix A – Individual Decision on the adoption of the Highway Asset Management Plan
