## PROW Priority Matrix Calculator Speadsheet

Add your ratings for each parameter in this column

|   | Factor                         | Circumstances which would         | Circumstances which would        | Score for your | With       |
|---|--------------------------------|-----------------------------------|----------------------------------|----------------|------------|
|   |                                | produce a score of 0              | produce a score of 5             | path           | Multiplier |
| 1   | Danger level along used route  | No danger                         | Severe danger on a well-used     |                |            |
|   |                                |                                   | path                             |                | 0          |
| 2   | Usage level                    | Not used                          | Very well used                   |                | 0          |
| 3   | Degree of obstruction of       | No obstruction                    | Completely obstructed            |                |            |
|   | Definitive line                |                                   |                                  |                | 0          |
| 4   | Benefit to general public once | No benefit                        | Great benefit                    |                |            |
|   | resolved                       |                                   |                                  |                | 0          |
| 5   | Cost/time effectiveness in     | Major works on little-used path / | Minor works on little-used path/ |                |            |
|   | resolving                      | poor evidence for enforcement     | good evidence for enforcement    |                |            |
|   |                                | action                            | action                           |                | 0          |
| 6   | Level of complaint             | Minor problem noted by staff      | Many complaints received and/or  |                |            |
|   |                                | member / very low number of       | representation from Parish       |                |            |
|   |                                | complaints                        | Council                          |                | 0          |
| 7   | Potential for deterioration    | Unlikely to deteriorate           | Rapid deterioration could be     |                |            |
|   |                                |                                   | stopped by prompt action         |                | 0          |
| Score of 45 or over: high priority / 44 or less: low priority |                                |                                   |                                  | Total with     |            |
|   |                                |                                   |                                  | Multiplier     | 0          |
