Newbury
Berkshire RG14 5LD

Re : 'The Victoria Arms' 54 Victoria Road, Mortimer Common, Reading, Berkshire, RG7 3SE.

Application Reference : 12/02003/LQN.

Dear Sir / Madam

Please accept the following representations with regard to the above application.

Public Safety

If the application was granted it would undoubtedly result in higher attendance at the premises which would make vehicle parking difficult, as the premises in question is situated at the head of a 'T' junction and is also in close proximity to a public transport point (Bus Stop).

The prevention of public Nuisance

Living in close proximity to the premises in question 'The Victoria Arms' we already suffer the annoyance of ongoing loud revelry external of the premises long after licensing hours have ceased, there are young and old alike that have their sleeping hours disturbed by these activities, it would therefore seem inappropriate to allow further extension to live and recorded music which would only serve to enhance the existing nuisance.

Regards

Mr. R.Thomas & Mrs. P.Thomas
