Under the Licensing Act 2003, for a representation to be relevant it must be one that is about the likely effect of the application on the promotion of the four licensing objectives. Please give details of your representation(s) and include information as to why the application would be unlikely to promote any of the following objective(s):

The Prevention of Crime and Disorder:

I believe that the chairman and committee of htfc to be trustworthy responsible and diligent upstanding members of the Hungerford community and regularly confer with local constabulary therefore as elected district councillor for the Hungerford ward have no concerns.

Public Safety:

As far as my knowledge regarding public safety goes Hungerford town football club adhere strictly to all health and safety regulations and the committee should be commended on their commitment to public safety.

The Prevention of Public Nuisance:

I speak as an authority on this issue as I live within 200m of the club and have on match days have heard music from the tanoyed system. Although some of the music played most certainly not to my taste but do not regard this as a public nuisance and not a huge issue. As a life long resident of Hungerford and lived within ear shot of the club all of my life to refuse a license in these difficult economic times on a public nuisance issue would be lunacy and downright irresponsible to a very much law abiding local business.

The Protection of Children from Harm:

this subject in relation to htfc is very much on their agenda with all the good fund raising events and training provided to children of all ages in their quest for sporting excellence. I myself have grandchildren on Hungerford town football clubs books and have absolutely no issues or concerns regarding this subject and again commend the committee and employees of the club for their diligence and professionalism in running this very important business / club
