Further to the recent application for a TEN for 17/18th August 2013 between 19:00-01:00 for the sale of alcohol and for regulated entertainment I write to advise that Environmental Health recommend that this application is refused.

The Pavilion lies in close proximity to residential properties on Heath Road. An email was sent to the applicant, Mr Wilson, on Friday 26th August requesting more information regarding the regulated entertainment. As no information has been received there are concerns that the playing of live and recorded music, possibly indoor and outdoor, until 01:00 hours would give rise to a statutory noise nuisance at the nearby residential properties

Please do not hesitate to contact me if you have any queries.
