Subject: Newbury Rugby Football Club TEN application 31 Aug - 1 Sep 2013

Hi

I have tried to contact NRFC by email - see below - and by the contact mobile number given, to raise my concerns regarding the late finish (02:30) for playing of outdoor live music, however I have not received a response.

It is considered that the playing of live music outdoors until 02:30 will give rise to noise nuisance at nearby residential properties. There is previous history of noise complaints regarding these premises when live music is played outdoors at a late hour.

It is therefore recommended that this application be refused.

Regards

Rosemary Green
