Subject: New premises licence application at Wokefield Park

Dear Sirs

We are writing to you with regards to the new premises application at Wokefield Park

As one of the closest residents of this establishment we would like to register our concern at the intention to both increase licensing & entertainment hours .

The level of noise has noticeably increased over the last couple of years from Wokefield Park and as we live in a rural area this is not something that you would expect.

Our concern is also the increased level of traffic that would be generated from this change in licensing & entertainment.

There is very little ambient noise in the local area of Wokefield & Grazely and any additional music or revellers would be much more noticeable late at night.

Wokefield park has successfully traded over many years under the current licence agreement and any extension would only be to the detriment of local residents without providing any benefits apart from to the corporate company that owns the establishment

We would ask that you reject this application on the basis of the unsociable & disruptive effect it would have on the local residents

Yours sincerely

Sue & Keith Rockhill
