Supporting Information

1. Background

1.1 The purpose of this report is to seek approval of the Traffic Management and Road Safety Programme 2015/16. The programme needs to be approved at this time so that it runs alongside the Councils Capital Programme and is in place for the financial year 2015/16.

1.2 Approximately 50% of the work undertaken by the Traffic Management and Road Safety Team is planned. These schemes are identified under the following work areas:

- School Safety Programme.
- Local Safety Schemes.
- Network Signing Schemes.
- Parking Schemes.
- Speed Limit Review.
- Section 106 Schemes.
- Safety Campaigns.
- Road Safety Events.

1.3 Due to the nature of the work undertaken by the Traffic Management and Road Safety Team many schemes cannot be identified in advance as they are requested throughout the year by Members, in correspondence with stakeholders, at Neighbourhood Action Groups or from maintenance inspections. These schemes fall within the following work areas:

- Assessment Reports – Traffic Assessments, Home to School Assessments and School Crossing Patrol Assessments.
- Road Marking Maintenance.
- Road Signing Maintenance.
- Temporary Traffic Regulation Orders – i.e. Road Closures.
- Petition Reports.
- Rechargeable Schemes – i.e. Tourist Signs, Access Protection Markings.
- Vehicle Operators Licences – Assessment and attending Public Inquiries.
- Letters & E-mails requiring a response.
- Telephone enquiries.

- 1.4 A programme of schemes for 2015/16 is provided in Appendix A and is based on the level of work completed in previous years and the draft budgets for 2015/16.
- 1.5 At the end of March 2015 approximately 96% of the 290 schemes and projects listed in the 2014/15 works programme will have been completed. This includes an additional 29 schemes and projects that were not originally identified as part of the works programme.
- 1.6 Delivery of the works programme for 2015/16 is based on a fully resourced Traffic Management and Road Safety Team. The precise number of schemes to be delivered within the programme is dependent on the detail of what is actually required when the individual schemes are developed. This programme is therefore a desirable outcome subject to sufficient funding being available from various funding sources. Any variations will be agreed with the Executive Member for Highways, Transport (Operations), Emergency Planning, Newbury Vision.

2. Equalities Impact Assessment Outcomes

- 2.1 The main aim of this item is for the approval of the Traffic Management and Road Safety works programme for 2015/16. The programme consists of many different types of schemes/projects and any requiring an Individual Decision report will have an EIA attached at that stage if required. For the schemes/projects that do not require an Individual Decision, the appropriate groups will be considered as part of the design and implementation process.

3. Conclusions

- 3.1 Given the high volume of work and the available resources to deliver it the prioritisation of work is important. The Traffic Management and Road Safety programme for 2015/16, which includes an estimated number of schemes for unplanned work in response to the various stakeholders' requests, is shown in Appendix A. This is based on the level of work completed in previous years and draft budgets for 2015/16.
- 3.2 If the programme is approved it will commit a fully resourced Traffic Management and Road Safety team for the year. Any variations to the programme resulting from changed priorities will require the approval of the Executive Member for Highways, Transport (Operations), Emergency Planning, Newbury Vision and may result in reprogramming of some schemes.

4. Recommendations

- 4.1 That the Traffic Management and Road Safety Programme 2015/16 as shown in Appendix A is approved.
