# Better Care Fund 2016/17

---

**Report being considered by:** The Health and Wellbeing Board

**On:** 24 March 2016

**Report Author:** Tandra Forster and Shairoz Claridge

**Item for:** Information

---

## 1. Purpose of the Report

- 1.1 To keep the Board up to date on the BCF and wider integration programme and to inform the Board of the process for 2016.

## 2. Recommendation(s)

- 2.1 That the Health and Wellbeing Board notes the report.

## 3. Introduction/Background

- 3.1 The Better Care Fund (BCF) is a government initiative established to fast track integration with Health and Social Care. 2015/16 was the first year of implementation, all Councils and CCGs had to agree a plan and then obtain approval from their Health and Wellbeing Boards.
- 3.2 As it was a General Election year it was announced as a one year programme, consequently there was some uncertainty about its existence in future years. The recent Spending Review confirmed that BCF would continue into 2016/17 and that the allocations would be slightly higher as the national pot had been increased by 1.9%.
- 3.3 Going forward the Better Care Fund team has indicated that where systems are able to demonstrate real progress in their plans for integration it will be possible to 'graduate' from the BCF process.

## 4. BCF National Policy Framework - Assurance

- 4.1 In common with last year all of the work delivered through the BCF has to meet a number of conditions. A BCF Policy framework published in January confirmed the details, importantly for the local authority 'Maintain provision of social care services' was still included as one of a number of national conditions. In addition the following two new conditions have been introduced:
- (1) Agreement on the consequential impact of the changes on the providers that are predicted to be substantially affected by the plans
- (2) Agreement to invest in NHS commissioned out-of-hospital services, which may include a wide range of services including social care
- 4.2 We are currently in discussion with the CCG to agree how these new conditions will be met and described in the narrative.

## 5. West Berkshire Locality BCF Plan

- 5.1 Despite delays within the Department of Health in confirming the timeline and the technical guidance the Council and the CCGs were able to commence negotiation of the 2016/17 financial plan; details of the initial proposals were discussed at Operations Board on the 14<sup>th</sup> January.
- 5.2 Subsequent to this meeting, allocations for localities were published. These confirmed the CCG minimum contribution at £8.807m, an increase of £279k and an increase in the capital grant to the Council (routed through the BCF) from £1.005m to £1.4m. The main element of the capital funding is for Disabled Facilities Grants.
- 5.3 In the local plan we have agreed with the CCG that £4.367m will now be provided in the 2016/17BCF to 'Maintain provision of social care services. This reflects a real terms increase on last year's amount, £4.021m, and fulfils the guidance 'As a minimum, it should maintain in real terms the level of protection as provided through the mandated minimum element of local Better Care Fund agreements of 2015-16.
- 5.4 The amount includes the £408k invested in the Joint Care Provider scheme. We very much consider this as our local flagship scheme; it has seen much closer working between the council and BFHT resulting in less duplication and good performance levels despite unprecedented challenges for the acute Trusts. The £408k allows us to maintain the existing capacity of our reablement service.
- 5.5 £500k has also been included to help us continue to deliver 7 Day Week Services. The council has made a number of changes to ensure a social work presence in hospitals at the weekend to ensure discharge is not now limited to weekdays. The intention is to build on this good work with other hospitals we work with and to extend our focus into the community to address non elective admissions.
- 5.6 The amount also includes funding for West of Berkshire projects. These include 'Connected Care', an ICT project that aims to support more effective information sharing across health and social care, a key requirement of any integration programme and 'Care Homes' which focuses on reducing the disproportionately high number of non elective admissions from care homes.
- 5.7 We have also agreed with the CCG to include investment related to the contract held with BFHT totalling £1,889,000. This covers a range of services including intermediate care, speech and language therapy and the community geriatrician.
- 5.8 Financial plan can be found at Appendix A.
- 5.9 Whilst the financial plan has been agreed with the CCG we are still in the process of completing the narrative that will sit alongside it. The Better Care Fund have introduced a new Key Lines of Enquiry document that they are confident will reduce the burden in this part of the process, last years plan ran to over 100 pages.

## 6. BCF Assurance Process

- 6.1 For 2016/17 the assurance is being managed collaboratively between NHS England, the Local Government Association and Association of Directors of Adult Social Care. We are working to timeline to ensure final ratification by April, key dates shown below:

- (1) First draft of the financial plan submitted to NHS England 2<sup>nd</sup> March
- (2) Full BCF plan submission 21<sup>st</sup> March
- (3) Council and Health and Wellbeing Board sign off 14<sup>th</sup> April
- (4) Final Plans, following Health and Wellbeing sign off, 25<sup>th</sup> April

## 7. Conclusion

- 7.1 The 2015/16 BCF has provided significant learning that should allow us to build on and plans for the coming year. We are clear on the projects for the coming year and the financial plan that underpins them and recommend that they are agreed.
