<b>Equality issues:</b>	No issues were raised during the consultation, that weren't already included in the EqIA stage one.		
<b>Suggestions for reducing the impact on service users:</b>	<b>Suggestion</b>	<b>Council response</b>	
	Let the police deal with DA	The police do deal with DA but do not provide therapeutic intervention or provide support and help to families

## Overview of Responses and Recommendations

<b>Alternative options for applying the saving in this area:</b>	<b>Suggestion</b>	<b>Council response</b>
	Look for savings elsewhere in council	All areas council spend have been affected and significant savings made across all areas. Because of the size of the savings it is not possible to protect frontline services
<b>Suggestions for how others may help contribute:</b>	One respondent said they could volunteer to assist the service but this would not make the required savings.	
<b>Officer conclusion and recommendation as a result of the responses:</b>	<p>Feedback from the consultation process has not resulted in any issue being raised which would prevent the council from proceeding with the proposal. The feedback has also not generated any viable counter-proposal which would mitigate the proposal.</p> <p>It is therefore <b>recommended that the proposal be progressed.</b></p>
