Under the Licensing Act 2003, for a representation to be relevant it must be one that is about the likely effect of the application on the promotion of the four licensing objectives.

Please give details of your representation(s) and include information as to why the application would be unlikely to promote any of the following objective(s):

The Prevention of Crime and Disorder:

- Disorder on Rectory Road from golf club pedestrians, fuelled by alcohol, is already an issue, and this will be exacerbated by extending the club's alcohol licence as ~~requested~~ per the application.
- Late night/early morning increased activity on Rectory Road, which has no lighting will make properties more vulnerable to crime.

Public Safety:

- Many Ridgeway walkers etc. use Rectory Road late at night an increase in traffic from golf club functions will be an added danger.
- Rectory Road is unlit & officially a single track road. The golf club is seeking to increase the number of non member functions, and this will lead to more road activity and an increase to public safety, particularly late at night & in the early hours.

The Prevention of Public Nuisance:

- Being the golf club's nearest neighbour, we are already enduring considerable large levels of noise from events. In the interests of being good neighbours we generally tolerate this and contact the club to complain from time to time. An increase in licences to 1:00 am would have a serious impact on our ability to ~~stop~~ sleep and enjoy our home. The emptying of the car park after 1:00 am, & staff cars parked within 10 yards of our home would be intolerable & totally unreasonable

The Protection of Children from Harm:

- An increase in road traffic with people coming to golf club events would endanger children who use the road with their parents for leisure walking, cycling etc.
- An increase in traffic will inevitably lead to an increase in noise, thus disturbing the sleep pattern & well being of children living on the road.
- As a member of the Golf Club I am aware that the club is seeking licence extensions to increase the number of events ... thus more traffic, more noise, more disturbance & threat to Rectory Road children & other users
