Under the Licensing Act 2003, for a representation to be relevant it must be one that is about the likely effect of the application on the promotion of the four licensing objectives.

Please give details of your representation(s) and include information as to why the application would be unlikely to promote any of the following objective(s):

**The Prevention of Crime and Disorder:**

More people in the vicinity of Rectory Rd and the Golf Club take at night and early hours of the morning can only increase the likelihood of crime occurring both to properties and the general public. If the licensing hours finish at 1am, people will still be 'milling' about well after this time.

**Public Safety:**

Rectory Rd is poorly lit and this will make people very vulnerable when walking along the road late at night - (There is no pavement)

**The Prevention of Public Nuisance:**

When people have presumably had an enjoyable evening at the Golf Club there is going to be an increase in the level of noise in the early hours of the morning as people leave. Residents of Rectory Rd do have to get some sleep, especially if they are working in the morning. It is not appropriate to increase the licensing hours to late at night.  
A week,

**The Protection of Children from Harm:**

If more functions occur, and a variety of functions, which children may attend (even if they are not old enough to drink), they may be put in a situation where they are vulnerable, and there is a high risk of injury when walking along Rectory Rd late at night in a poorly lit road.
