Public Safety:

The increased time span for functions will give rise to events which are different in nature to the current ~~golf~~ largely golf club centred functions. The traffic flow to and from the club already gives rise to concerns of pedestrian safety.

The Prevention of Public Nuisance:

We believe that the present midnight deadline for events at the Goring and Streatley Golf Club is appropriate. We view, with concern, an increase in traffic flows after 1:00am in such a rural location, and wish to lodge our objection.
