Schools Block Budget Proposals 2017/18

Report being Schools Forum

considered by:

On: 23/01/2017

Report Author: Claire White, Ian Pearson

Item for: Decision **By:** All Forum Members

1. Purpose of the Report

1.1 To set out the proposals for the schools block budget for 2017/18.

2. Recommendation(s)

- 2.1 To note the final school formula for 2017/18 and the individual school funding formula allocations for 2017/18.
- 2.2 To agree the centrally retained budgets as set out in Tables 2 and 3 (by all Forum Members).
- 2.3 To agree the additional de-delegations as set out in Tables 4 and 5 (by primary and secondary maintained school members only).

Will the recommendation require the matter		
to be referred to the Council or the	Yes:	No: 🔀
Executive for final determination?		

3. Introduction

- 3.1 The Dedicated Schools Grant (DSG) schools block allocation for 2017/18 was confirmed on 20 December 2016, and totals £96.7m. In addition, it is estimated that there will be an under spend of £300k in the Growth and Falling Rolls fund which can be carried forward and included within the amount available for allocation.
- 3.2 There are a few centrally retained services that are met from this block, but the majority of this funding is allocated to schools through the school formula.
- 3.3 The Government has made changes to how central education services previously funded through the Education Services Grant (ESG) are to be funded in 2017/18. Services attributable to all schools maintained and academy will be a charge to the schools block DSG, and additional funding (£15 per pupil) has been added to the DSG. Statutory services provided only to maintained schools will be a dedelegation from individual school budgets. No additional funding has been provided for this element. Academy schools will also have a cut to the grant they receive to pay for these services, but will still need to purchase them.
- 3.4 This report sets out how the funding to be allocated to schools through the formula has been determined; sets out proposals for the centrally retained budgets; and sets out proposals for the new de-delegations. The amounts to be centrally retained and de-delegated need to be agreed by the relevant Schools' Forum members.

4. School Formula Allocations

4.1 It was agreed at the previous meeting of the Schools' Forum that there would be no change to the formula factors used, and all headroom within the schools block should be allocated to schools on the following basis:

If there is additional funding available, that for the first £848k, 55% be added to the basic entitlement (per pupil funding) and 45% be added back to the lump sum. This is in proportion to the deduction that was made to school budgets in 2016/17 to transfer funding to the high needs block. Any additional funding over this amount will be added to the basic entitlement.

- 4.2 This proposal will be confirmed by the Council's Executive on 19 January 2017.
- 4.3 Although pupil numbers have increased, the funding rate has decreased, and the total grant allocation has worked out the same as 2016/17. However, in 2016/17 £848k was transferred to the high needs block which will not recur in 2017/18, and there is an estimated £300k carry forward of funds from 2016/17, both of which create headroom.
- 4.4 The headroom however also needs to fund the central services previously funded by the ESG. The other pressure is the increase in school Business Rates to be met through the formula. Table 1 sets out the calculation of headroom.

Table 1

Total DSG Allocation for 2017/18	96,687,340
Add: Estimated Carry Forward of DSG from 2016/17	300,000
Total Funds Available	96,987,340
Less: Centrally Retained Budgets (see paragraph 5)	1,490,690
Funds Available for Delegation	95,496,650
Formula Allocation on current funding rates (including increase in business rates of £205k)	95,270,920
Headroom	225,730

- 4.5 Allocating the headroom as per the basis agreed by Schools' Forum adds £1,400 to the lump sum and £8 to the per pupil rate.
- 4.6 The final school formula for 2017/18 is shown in Appendix A and the allocations per school are shown in Appendix B.

5. Centrally Retained Budget

5.1 The School Finance Regulations set out which services can be funded from the DSG and provided centrally by the local authority. These services are for the benefit of all schools, maintained and academy.

5.2 Table 2 sets out the existing centrally retained services and budgets which will continue to be met from the schools block DSG.

Table 2

Service	2016/17 Original Budget	2017/18 Proposed Budget
Growth Fund & Falling Rolls Fund	290,000	202,000
National Copyright Licences	126,780	128,940
School Admissions	309,070	301,990
Servicing of Schools Forum	42,220	64,090
TOTAL	768,070	697,020

Table 3 sets out the services previously funded by the Education Services Grant (ESG) that will now need to be met from the DSG (as per the amended School Finance Regulations), and partly for which additional funds have been added (£373k).

Table 3

Service	2017/18 Proposed Budget
Education Welfare Service	290,340
Asset Management	68,590
Statutory & Regulatory Duties	434,740
TOTAL	793,670

- 5.4 Appendix C sets out further details on the former ESG funded services to be centrally retained.
- 5.5 It is recommended that the centrally retained budgets set out in Tables 2 and 3 are agreed.
- 6. Additional De-Delegations from Maintained School Budgets
- 6.1 There are a few statutory services funded by the ESG received by the local authority for the benefit of maintained schools only. Academies receive the grant direct. From 2017/18 this grant is being cut. In order to continue to provide these statutory services, mainstream schools will have a single per pupil rate deducted

from their formula funding (de-delegation). The services and amounts are set out in Table 4. Non mainstream schools will also incur an equivalent charge (per place), not included in the figures below.

Table 4

Service	2017/18 Proposed Budget £	Amount per pupil to be de-delegated
Pension scheme administration	30,404	£1.96
Internal Audit of Schools	41,883	£2.70
Accountancy	30,953	£2.00
Health & Safety - Option 1	155,764	£10.06
- Option 2	113,222	£7.31
- Option 3	56,642	£3.66
TOTAL – Option 1	259,007	£16.72
- Option 2	216,462	£13.97
- Option 3	159,882	£10.32

- 6.2 Further information on the first three services is provided in Appendix D.
- 6.3 For health & safety there are three options. The first two options are to combine the current health and safety traded service with the de-delegated service from 2017/18. Otherwise the service will remain at two levels, a core de-delegated service plus an optional traded service. The detail is set out in detail in Appendix E.
- 6.4 In December, it was announced by the DfE that school improvement will continue to be a statutory requirement of local authorities for a transitional period. A "school improvement monitoring and brokering" grant is to be provided to each local authority from September 2017 towards their statutory intervention functions. Further funding for additional school improvement provision for maintained schools can be de-delegated.
- 6.5 Table 5 sets out the proposed cost of the school improvement de-delegated service in 2017/18. Due to the grant commencing from September 2017, the cost will be nil for the period September to March.

Table 5

Service	2017/18 Proposed Budget £	Amount per pupil to be de-delegated
School Improvement – additional provision	255,817	£16.52

- 6.6 Appendix F sets out the detailed proposal and costs.
- 6.7 It is recommended that the de-delegations set out in Tables 4 (option 1) and 5 are agreed. The breakdown of the de-delegations on this basis per school is set out in Appendix G.

7. Conclusion

- 7.1 Although it is welcome that there is a small amount of headroom available to allocate to schools in 2017/18, the amount is lower due to the impact of meeting the costs of the services previously funded by the ESG, whether this be through a top slice of the DSG or through new de-delegations. The impact of the business rates revaluations is also significant.
- 7.2 It is likely that 2017/18 will be the final year of the local formula, with the national formula due to be implemented from 2018/19 meaning that formula rates will be nationally determined.

Appendix C Former ESG Services to be Centrally Retained in 2017/18

Education Welfare - Statutory Requirements

Description of Duties:

Tracking of children who can be legally removed from the school roll.

Monitoring of elective home education.

Issuing and monitoring of child work permits and performance licences.

Attendance at core group meetings for specific pupils.

Advice on keeping registers.

Progress cases to court where appropriate. Maintain up to date knowledge of legal processes and proceedings so that culpable parents are prosecuted or issued with a fixed penalty notice i.e. Take legal action in Magistrates and Family Courts.

There is a separate traded service for non statutory elements of the service, e.g. for visits, casework, and training.

Cost: £290,340

0.52 FTE Principal EWO

0.65 FTE Senior EWO

3.05 FTE EWO

0.65 FTE Assistant EWO

0.26 FTE Administrative Assistant

Support service costs include modules on Capita One system

Asset Management – Statutory Requirements

Description of Duties:

Management of the schools capital programme.

Preparation and review of the education asset management plan.

Cost: £68,589

0.53FTE Strategic Commissioning & Compliance Manager

0.5 FTE Commissioning & Compliance Data Co-ordinator

Statutory & Regulatory Duties

Description of Duties:

Strategic planning of the Education service as a whole - Head of Education and his PA with delegated responsibility from Director of Communities.

DSG services budget preparation, monitoring, and year end.

Education services budget preparation, monitoring, and year end.

School funding formula and early years funding formula.

Administration of funding allocations to all schools for early years and high needs.

Statutory finance returns e.g. APT, S251, CFO deployment of DSG.

Education statutory returns to DfE.

Data analysis and reporting e.g. Exam results, performance.

School census administration and reports.

Cost: £434,740

0.80 FTE Head of Education

1.00 FTE Head of Education PA

0.55 FTE Finance Manager

0.4 FTE Senior Accountant

1.25 FTE Accountant

2.0 FTE Education Data Management Officer

Support service costs include modules on Capita One system

Appendix D

Former ESG Services to be De-delegated in 2017/18

Pension Scheme Administration – Statutory Requirements

Description of Duties:

Administration of Teachers and Local Government pension schemes in relation to staff working in maintained schools:

Amending and updating employee records in relation to pensions

Responding to queries from employees in relation to pensions

Completion of statutory monthly returns to Teachers Pensions and Local Government pension scheme, including service and pay calculations.

Cost: £32,681

1.0 FTE Pensions Assistant

Internal Audit of Schools – Statutory Requirements

Description of Duties:

Annual internal audit of maintained schools according to level of risk - circa 15 schools are audited per year. Each audit takes up to 10 days.

The audit covers Governance; financial planning and management; financial policy, processes and records; benchmarking and value for money; school fund, SFVS.

Advice/investigation of financial irregularities.

Cost: £45,019

0.4FTE Senior Auditor

0.6 FTE Auditor

Accountancy – Statutory Requirements

Description of Duties:

Consolidation of school accounts into Council's year end statement of accounts.

Overview of school budget submissions & budget monitoring reports.

Monitoring of schools in deficit.

Monitoring adherence to Scheme for Financing Schools.

Returns to Central Government – CFR, CFO grants return.

Administration of grants & other funding to maintained schools eg. PPG, budget allocations & adjustments.

Cost: £33,271

0.35 FTE Accountant

0.10 FTE Senior Accountant

0.15 FTE Finance Manager

Health & Safety – see Appendix E

School Improvement – see Appendix F

Proposal for the Health & Safety Service for Maintained Schools 2017/18

1. Purpose of the Report

1.1 This report considers the Health and Safety Service in line with the changes to the Education Services Grant (being that the statutory element of this service will now need to be met by schools) and how this fits in with the current traded service with maintained schools and academies.

2. Recommendations

2.1 To consider options for the future provision of the service as follows:

Option 1

- 2.2 Combine the costs of the provision of the schools health and safety service currently split and funded through the Education Services Grant and through buy back income, thus removing the differing levels of service and maintain current staff levels.
- 2.3 All schools will equally and equitably share the costs of the provision of the schools health and safety service. The three posts will provide an equivalent of the Level Two service to all maintained schools, although some site visits will be more evenly distributed so the fire, asbestos, legionella, play equipment review visits would move to 'at least every 2 years or more frequently as required'. This accommodates the extra 25 schools that would qualify for them as all schools would be paying but spreads the workload over 2 years with 3.2 FTE posts.

Option 2

- 2.4 Combine the costs of the provision of the schools health and safety service currently split and funded through the Education Services Grant and through buy back income, thus removing the differing levels of service but reduce current staff levels by 1FTE.
- 2.5 All schools will equally and equitably share the costs of the provision of the schools health and safety service. Two posts will provide an equivalent of the Level Two service to all maintained schools, although some site visits will be further spread so the fire, asbestos, legionella, play equipment review visits would move to 'at least every 3 years or more frequently as required'. This accommodates the extra 25 schools that would qualify for them as all schools would be paying but spreads the workload over 3 years with 2.2 FTE posts.

Option 3

- 2.6 Maintain the current choice based service options with all schools equally and equitably share the costs of the provision of the Level One schools health and safety service.
- 2.7 Those schools that decide to purchase the Level Two schools health and safety service will then be provided the comprehensive health and safety support service equivalent of the Level Two service to all schools at additional cost.

3. Introduction

- 3.1 The principle legislation in the United Kingdom for health and safety is the Health and Safety at Work Etc Act 1974. There is also a considerable amount of health and safety legislation under the Health and Safety at Work Etc Act 1974 including the Management of Health and Safety at Work Regulations
- 3.2 The Management of Health and Safety at Work Regulations set out that every employer shall appoint one or more competent persons to assist him in undertaking the measures he needs to take to comply with the requirements and prohibitions imposed upon him by or under the relevant statutory provisions and by Part II of the Fire Precautions (Workplace) Regulations 1997.
- 3.3 The regulations also state that the employer shall ensure that the number of competent persons appointed, the time available for them to fulfil their functions and the means at their disposal are adequate having regard to the size of his undertaking, the risks to which the employers employees are exposed and the distribution of those risks throughout the undertaking. It should be noted that the regulations do not suggest any limit or scope to the competent advice or how it should be delivered practically.
- 3.4 The regulations also state that where there is a competent person in the employer's employment, that person shall be appointed in preference to a competent person not in his employment.
- 3.5 The duties imposed by the health and safety at work Act 1974 and associated regulations apply to the Council as the employer in the majority of the Council's schools.
- 3.6 In the case of Foundation and Voluntary Aided schools the Governors are the employer. The Council also has the general "duty to educate", even where the Governors are the employer.

4. Health & Safety Support Service

- 4.1 The Council has an established, professional and well regarded Health and Safety Team that already supports West Berkshire schools, through two service options set out in Level One and Level Two. See Annex A.
- 4.2 The Level One service suggests compliance with the Management of Health and Safety at Work Regulations in terms of access to competent advice for health and safety. However, the Level One service includes for a health and safety needs assessment of schools on a three year basis but all other services are remote and

- delivered by email and/or telephone contact. All other services set out in Level Two are not included or would require payment.
- 4.3 Schools health and safety needs assessments are completed less frequently for Level One schools and there is no additional support to improve on the areas identified in the needs assessment report. The schools are expected to make the improvements themselves without further access to competent advice and support. The issues discussed at 4.2 and 4.3 are not immediately compatible with 3.3 above.
- 4.4 The Level Two service is a comprehensive health and safety support service and covers all aspects of health and safety management and support including necessary health and safety training.
- 4.5 Two members of the health and safety team provide the Level Two service to the 50 schools that opt to take the service. It could also be argued that there is a potential conflict in performing a compliance / enforcement role with their customers.
- 4.6 The Health and Safety Team provide a compliance, advice and training role for schools. However, the work of the team relies on the buy-back which thus far has been reasonably stable but only just covers the costs of the posts.
- 4.7 This brings with it difficulty in future planning and the risk that if there was even a relatively small drop off in buy-back that one of the posts would be vulnerable. This in turn would make the service unviable as it would not be possible to maintain the Level Two service with one post/person.

5. Proposals

Option 1

5.1 To combine the costs of the provision of the schools health and safety service as shown in the table below and remove the differing levels of service.

Table 1

Service Costs Currently Funded by ESG (and will be required to be met by all schools from April 2017). Equivalent of 1.2 FTE post.	£61k
Service Costs Currently Funded by Schools Buy Back. Equivalent of 2 FTE posts (less buy back from academies).	£106k
Total Cost of Service to Schools	£167k
Less: Charge to maintained nursery, special, and PRU schools	-£11k
Total Cost of Service Proposed to be met by Maintained Primary and Secondary Schools	£156k
Rate per Pupil	£10.06

- 5.2 The three FTE posts will provide a comprehensive health and safety support service equivalent of the Level Two service to all schools but we would need to smooth the workload over more time, so the fire, asbestos, legionella, play equipment review visits would move to 'at least every 2 years or more frequently as required'. This accommodates the extra 25 schools that would qualify for them as all schools would be paying but spreads the workload over 2 years with 3.2 FTE posts. (See Annex B)
- 5.3 All schools will equally and equitably share the costs of the provision of the schools health and safety service.

Option 2

5.4 Due to the internal promotion of one of the members of the Schools Health and Safety Team to a corporate role away from schools, an opportunity exists to offer a saving by not re-appointing to the vacant post. This would reduce the Schools Health and Safety Team 2.2 FTE.

Table 2

Service Costs Currently Funded by ESG (and will be required to be met by all schools from April 2017). Equivalent of 1.2 FTE post.	£61k
Service Costs Currently Funded by Schools Buy Back. Equivalent of 2 FTE posts (less buy back from academies).	£106k
Less 1FTE post	-£45k
Total Cost of Service to Schools	£122k
Less: Charge to maintained nursery, special, and PRU schools	-£9k
Total Cost of Service Proposed to be met by Maintained Primary and Secondary Schools	£113k
Rate per Pupil	£7.31

- 5.5 I have consulted the two existing Senior Schools Health and Safety Advisers and they are confident that they would be able to provide effective support to all schools although we would need to smooth the workload over more time, so the fire, asbestos, legionella and play equipment review visits would move to 'at least every 3 years or more frequently as required'. This accommodates the extra 25 schools that would qualify for them as all schools would be paying but spreads the workload over 3 years with 2 FTE posts. (See Annex C)
- 5.6 The two FTE posts will provide a comprehensive health and safety support service equivalent of the Level Two service to all schools. (See Annex C)
- 5.7 All schools will equally and equitably share the costs of the provision of the schools health and safety service.

Option 3

- 5.8 Maintain the current choice based service options with all schools equally and equitably share the costs of the provision of the Level One schools health and safety service.
- 5.9 Those schools that decide to purchase the Level Two schools health and safety service will then be provided the comprehensive health and safety support service equivalent of the Level Two service to all schools at additional cost. Additional costs for the Level Two service will be charged similar to existing.

Table 3

Service Costs Currently Funded by ESG (and will be required to be met by all schools from April 2017). Equivalent of 1.2 FTE post for Level One service.	£61k
Less: Charge to maintained nursery, special, and PRU schools	-£4k
Total Cost of Service Proposed to be met by Maintained Primary and Secondary Schools	£56k
Rate per Pupil	C2 66
Trate per i upii	£3.66

- 5.10 This is not a preferred option for the arguments set out above in 3.2, 3.3 and 3.4 in that it may not comply the spirit of the legislation.
- 5.11 The work of the team will rely on the buy-back which has in the recent few years only just covers the costs of the two posts. This brings difficulty in future planning and the risk that if there was even a relatively small drop off in buy-back that one of the posts would be vulnerable. This in turn could make the Level Two service unviable as it would not be possible to maintain the Level Two service with one post/person. The service will be delivered in the same format as Annex A

6. Conclusion

- 6.1 The Council recognises that safety is important but needs to be approached creatively and should not be seen as simply another legal burden or bureaucratic chore. A planned approach to managing risk should be seen as an enabler, not just to prevent accidents and work related health problems to both staff and pupils but to build a culture of sensible risk management, linked to a curriculum where teaching young people can develop their capability to assess and manage risk.
- 6.2 Risk is part of life but accidents do not need to be, so while schools need to make sure staff, pupils and visitors are safe, they also need to make sure that pupils are helped to become risk aware without becoming unnecessarily risk averse.

6.3 The Council will continue to support sensible and pro-active health and safety management in schools by providing a supportive infrastructure and service to all schools.

Annexes

- Annex A Health and Safety Service 2016/17 (existing and Option 3)
- Annex B Proposed Health and Safety Service 2017/18 (Option 1)
- Annex C Proposed Health and Safety Service 2017/18 (Option 2)

Annex A

Health and Safety Service (Existing and Option 3)

Overview of Service

West Berkshire Council has a professional and dedicated Schools Health and Safety Team who provide support and advice to schools on all aspects of health and safety including policy development and effective implementation, user friendly guidance and information, support in completing risk assessments, a complete range of health and safety training, a regularly updated website, SLA online, safety alerts and health and safety newsletters.

West Berkshire Council Health and Safety

Level 1 Service

Summary

The core elements (accident/incident reporting, advice and safety auditing) of the Level 1 Health and Safety Service are provided free to all WBC schools.

Level 1 schools will be required to complete a regular return to WBC to confirm they have appropriate and effective health and safety management systems in place.

Health and Safety Training can be purchased at exceptionally good value on a cost per person per course basis or schools can request a quotation via SLA Online for bespoke or onsite health and safety training.

Service Provided	Service Standard
1) Advice	This is a 'REMOTE' service i.e. no 'in depth' support on site. Services will generally only be provided via email and/or telephone.
2) Training	The Health and Safety Team run school specific health and safety courses, which are accessible to Level 1 schools and Academies for a fee. Further details of courses available and costs can be obtained from CYP Training http://info.westberks.gov.uk/index.aspx?articleid=29858 . Online health and safety courses can be accessed here http://intranet/index.aspx?articleid=19785
3) Health and Safety Audit (Needs Assessment)	Schools will receive a health and safety audit designed to assess and measure levels of compliance with health and safety legislation and best practice. The associated action plan will help you prioritise your improvement plan. Health and Safety Needs Assessments will be completed for Level 1 school on a 3 yearly cycle. Schools will be required to complete a regular health and safety return to the Council. Health and Safety Audits are available to Academies for a fee.
4) Webrisk	The Webrisk system is provided to all schools to allow them to record and monitor incidents. Schools must use the system. Failure to use the Webrisk system appropriately may invalidate a schools insurance cover with the Council. Webrisk is not available to Academies

Level 2 Service

Summary

The aim of this service is to provide schools with a named, dedicated and professional Health and Safety Adviser to provide 'on site support and advice' to the school, guiding and prioritising the integration of an effective and efficient safety management system and documentation in support of the School's Health and Safety Policy.

The Schools dedicated Health and Safety Adviser will begin by arranging and completing a Health and Safety Audit (Needs Assessment) of the school that will help to identify the strengths and areas for improvement in the schools existing arrangements. The Schools dedicated Health and Safety Adviser will then continue to work closely with the school to help plan, develop and implement your health and safety policy and the areas for improvement you need.

The Management of Health and Safety at Work Regulations require you to appoint someone competent to help you meet your health and safety duties. A competent person is someone with the necessary skills, knowledge and experience to manage health and safety.

West Berkshire Council, Schools Health and Safety Team will be your competent person and help ensure you meet your health and safety duties. Level 2 services are listed below in further detail.

S	ervice Provided	Service Standard
1)	Advice	Advice and support will be provided to the school on specific questions/issues. If required the schools dedicated Health and Safety Adviser will arrange to visit the school and meet with relevant persons to ensure the enquiry is resolved.
2)	Health and Safety Needs Assessment	Schools will receive a health and safety needs assessment designed to assess and measure levels of compliance with health and safety legislation and best practice. The associated action plan will help you prioritise your improvement plan. Your dedicated Health and Safety Adviser will then arrange
		to assist and support the school in progressing the recommendations to ensure continual improvement.
		Health and Safety Needs Assessments will be completed for Level 2 school on a 2 yearly cycle but schools can request an additional Health and Safety Needs Assessments if required.
		Health and Safety Needs Assessments are available to Academies for a fee.
3)	School Safety Policy:	Review existing against a model H&S Policy that is school specific, in line with the LA Safety Policy, and conforms to appropriate local and legislative requirements.
		Ensure the Policy identifies key commitments with current signature.
		Ensure that the Policy, Organisation and arrangements are carried out and accurately reflect practice.
4)	Safety Organisation:	Review and provide documentation that identifies how health and safety is/shall become 'embedded' in daily operations at the school. Identify and/or nominate key staff tasked with health and safety responsibilities.

_		
5)	Planning and implementing:	Review the existing arrangements; ensure the school adequately documents the standards and procedures required for a safe place of work.
		Following written review and prioritisation of issues, help the school to progress the areas for improvement by providing support and guidance. Improvement will be achieved with the schools full commitment and involvement.
6)	Health and Safety Risk Assessment:	Provide the school with initial or refresher training to nominated persons regarding completion of <i>local</i> Risk Assessments.
		Provide on-site review of the schools risk assessments, to support their completion.
		Provide basic refresher training to nominated groups of key staff. Ensure a practical understanding of the training by jointly completing several specific health and safety risk assessments required by the school.
		Provide support and guidance in terms of prioritising risk assessments to be completed or reviewed etc.
7)	Telephone/Incident response:	Provide general telephone health and safety advice as required.
		Please note that where the topic is of a specific nature, additional time may be required for a detailed response following the initial call.
		Whilst every endeavour is made to provide an immediate answer to health and safety queries via telephone/email, requests may require additional research time. Therefore, where it is not possible to provide an answer of sufficient depth at the time of the call, or the same day, every endeavour shall be made to provide a follow-up call the next working day.
		Should the associated risk to safety or health warrant a school visit, this shall be arranged by the Health and Safety Team.
8)	Health and Safety Training	The Health and Safety Team run school specific health and safety courses. All health and safety training is included in the Level 2 service.
		Further details of courses available and costs can be obtained from CYP Training
		http://info.westberks.gov.uk/index.aspx?articleid=29858.
		On-site training can also be arranged free of charge.
9)	Fire Management	Level 2 schools will receive an annual visit to complete a review of the schools Fire Risk Assessment (FRA) with their Health and Safety Advisor.
		Your advisor will also: Complete a site inspection to verify recommendations have

	hoon implemented
	been implemented. Discuss any issues outstanding and how to address these.
	Your advisor will help schools to complete an assessment to
	ensure you have adequate numbers of appropriately trained
	staff to deal with fire safety issues.
	·
	Your advisor can also provide Fire Awareness training to
10) 0 1 1	school staff at an agreed time and date on site.
10) Asbestos Management	Level 2 schools will receive an annual visit to complete a
	condition check of ACM (asbestos containing materials) with
	their Health and Safety Advisor.
	Your advisor will also review:
	The Asbestos Management Plan
	The Asbestos Register
	The Asbestos Survey
	Additionally any asbestos related risk assessment you may
	have in place will be reviewed to ensure it is correct and relevant.
	relevant.
	Your advisor can also provide tool box talks to your staff to
	allay any fears they may have regarding retained ACMs and
	also to highlight their responsibilities in respect of Health and
	Safety regarding asbestos.
11) Legionella Management	Level 2 schools will receive an annual site visit to complete a
	review of the legionella risk assessment with their Health and
	Safety Advisor.
	The advisor will also shook that the school are working within
	The advisor will also check that the school are working within the written scheme suggested and in line with the
	recommendations of the risk assessment.
12) Playground Equipment	Level 2 schools will receive an annual visit to complete a
izir iaygroana zqaipinoni	playground equipment inspection with their Health and
	Safety Advisor. This will be a guided check to ensure staff
	are confident with what should be checked, what should be
	recorded and what action to take.
	We will also review the playground equipment risk
	assessment with the school to ensure it is suitable and sufficient.
	Sumcient.
	This will give a specific opportunity for any concerns to be
	discussed and queries answered.
	·
	We can also provide on-site training and support to staff if
	required.
13) Firet Aid	Level 2 schools will receive support and assistance to ensure
13) First Aid	Level 2 schools will receive support and assistance to ensure the school's first aid risk assessments are in place and up to
	date and an appropriate number of staff are identified and
	trained to deliver first aid.
14) Accident / Incident	Level 2 schools will receive full on-site support and advice
investigation and	from your named and dedicated Health and Safety Adviser
enforcement action	during an accident investigation for a serious accident or
	enforcement action by an enforcing authority such as the
	Health and Safety Executive.

15) Webrisk	Webrisk is provided to all schools to allow them to record and monitor accidents/incidents. Schools must use Webrisk as failure to do so could invalidate insurance cover.
16) CHAS	Assessing health and safety competence can be a lengthy and time consuming process. CHAS assesses applicants: health and safety policy, their organisation for health and safety and their specific health and safety arrangements to a standard acceptable to our buyers and others. In essence, CHAS completes the initial health and safety application process for you.
	Using CHAS will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
17) Safety Schemes In Partnership (SSIP)	An important feature of the SSIP Forum is the HSE's message that a buyer can be confident a supplier who is registered or accredited as compliant or approved with an SSIP member has been assessed to the Core Criteria standard.
	There are numerous pre-qualification health and safety schemes including CHAS, EXOR, SAFEcontractor etc. SSIP brings most of the pre-qualification schemes together under one umbrella via a 'deem to satisfy' agreement.
	This means that buyers using the SSIP database will have access to thousands of contractors who are accredited as compliant to the HSE's Core Criteria (stage one) standard.
	Using SSIP will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
	Access to SSIP is included for Level 2 schools.

Annex B

Health and Safety Service (Option 1)

Overview of Service

West Berkshire Council has a professional and dedicated Schools Health and Safety Team who provide support and advice to schools on all aspects of health and safety including policy development and effective implementation, user friendly guidance and information, support in completing risk assessments, a complete range of health and safety training, a regularly updated website, SLA online, safety alerts and health and safety newsletters.

West Berkshire Council Schools Health and Safety

Standard Service

Summary

The aim of this service is to provide schools with a named, dedicated and professional Health and Safety Adviser to provide 'on site support and advice' to the school, guiding and prioritising the integration of an effective and efficient safety management system and documentation in support of the School's Health and Safety Policy.

The Schools dedicated Health and Safety Adviser will begin by arranging and completing a Health and Safety Needs Assessment of the school that will help to identify the strengths and areas for improvement in the schools existing arrangements.

The Schools dedicated Health and Safety Adviser will then continue to work closely with the school to help plan, develop and implement your health and safety policy and the areas for improvement you need.

The Management of Health and Safety at Work Regulations require you to appoint someone competent to help you meet your health and safety duties. A competent person is someone with the necessary skills, knowledge and experience to manage health and safety.

Service Provided	Service Standard
Advice	Advice and support will be provided to the school on specific questions/issues. If required the schools dedicated Health and Safety Adviser will arrange to visit the school and meet with relevant persons to ensure the enquiry is resolved.
Health and Safety Needs Assessment	Schools will receive a health and safety needs assessment designed to assess and measure levels of compliance with health and safety legislation and best practice. The associated action plan will help you prioritise your improvement plan.
	Your dedicated Health and Safety Adviser will then arrange to assist and support the school in progressing the recommendations to ensure continual improvement. Health and Safety Needs Assessments will be completed on a 3 yearly cycle.
School Safety Policy:	Review existing against a model H&S Policy that is school specific, in line with the LA Safety Policy, and conforms to appropriate local and legislative requirements.
	Ensure the Policy identifies key commitments with a current signature and that the policy, organisation and arrangements are carried out and accurately reflect practice.

Safety Organisation:	Review and provide documentation that identifies how health
	and safety is/shall become 'embedded' in daily operations at the school. Identify and/or nominate key staff tasked with
	health and safety responsibilities.
Planning and	Review the existing arrangements; ensure the school
implementing:	adequately documents the standards and procedures required for a safe place of work.
	required for a safe place of work.
	Following written review and prioritisation of issues, help the
	school to progress the areas for improvement by providing
	support and guidance. Improvement will be achieved with the schools full commitment and involvement.
Health and Safety Risk	Provide the school with initial or refresher training to
Assessment:	nominated persons regarding completion of <i>local</i> Risk
	Assessments.
	Provide on-site review of the schools risk assessments, to
	support their completion.
	Provide basic refresher training to nominated groups of key
	staff. Ensure a practical understanding of the training by
	jointly completing several specific health and safety risk
	assessments required by the school.
	Provide support and guidance in terms of prioritising risk
	assessments to be completed or reviewed etc.
Telephone/Incident	Provide general telephone health and safety advice as
response:	required.
	Please note that where the topic is of a specific nature,
	additional time may be required for a detailed response
	following the initial call.
	Whilst every endeavour is made to provide an immediate
	answer to health and safety queries via telephone/email,
	requests may require additional research time. Therefore, where it is not possible to provide an answer of sufficient
	depth at the time of the call, or the same day, every
	endeavour shall be made to provide a follow-up call the next
	working day.
	Should the associated risk to safety or health warrant a
	school visit, this shall be arranged by the Health and Safety
Hoalth and Safoty Training	Team. The Health and Safety Team run school specific health and
Health and Safety Training	safety courses. All health and safety training is included in
	the Standard Service.
	Further details of courses available can be obtained from
	CYP Training
	http://info.westberks.gov.uk/index.aspx?articleid=29858.
Fire Management	The schools dedicated Health and Safety Adviser will visit on
	a regular basis (at least every 2 years or more frequent if required) to assist the school to complete a review of the
	schools Fire Risk Assessment (FRA).
	Vous advisor will also:
	Your advisor will also:

Complete a site inspection to verify recommendations have been implemented. Discuss any issues outstanding and how to address these. Your advisor will help schools to complete an assessment to ensure you have adequate numbers of appropriately trained staff to deal with fire safety issues.
Your advisor can also provide Fire Awareness training to school staff at an agreed time and date on site.
The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 2 years or more frequent if required) to assist the school to complete a condition check of ACM (asbestos containing materials).
Your advisor will review: The Asbestos Site Management Plan The Asbestos Register The Asbestos Survey
Additionally any asbestos related risk assessment you may have in place will be reviewed to ensure it is correct and relevant.
Your advisor can also provide tool box talks to your staff to allay any fears they may have regarding retained ACMs and also to highlight their responsibilities in respect of Health and Safety regarding asbestos.
The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 2 years or more frequent if required) to assist the school to complete a review of the legionella risk assessment.
The advisor will also check that the school are working within the written scheme suggested and in line with the recommendations of the risk assessment.
The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 2 years or more frequent if required) to assist the school to complete a playground equipment inspection. This will be a guided check to ensure staff are confident with what should be checked, what should be recorded and what action to take.
We will also review the playground equipment risk assessment with the school to ensure it is suitable and sufficient. This will give a specific opportunity for any concerns to be discussed and queries answered. We can also provide on-site training and support to staff if required.
The schools dedicated Health and Safety Adviser will assist the school to complete a review of the school's first aid risk assessment to ensure they are in place and up to date and an appropriate number of staff are identified and trained to deliver first aid.
The schools dedicated Health and Safety Adviser will assist the school with on-site support and advice during an accident investigation for a serious accident or enforcement action by an enforcing authority such as the Health and Safety Executive.

Webrisk	Webrisk is provided to all schools to allow them to record and monitor accidents/incidents. Schools must use Webrisk as failure to do so could invalidate insurance cover.
CHAS	Assessing health and safety competence can be a lengthy and time consuming process. CHAS assesses applicants: health and safety policy, their organisation for health and safety and their specific health and safety arrangements to a standard acceptable to our buyers and others. In essence, CHAS completes the initial health and safety application process for you.
	Using CHAS will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
Safety Schemes In Partnership (SSIP)	An important feature of the SSIP Forum is the HSE's message that a buyer can be confident a supplier who is registered or accredited as compliant or approved with an SSIP member has been assessed to the Core Criteria standard.
	There are numerous pre-qualification health and safety schemes including CHAS, EXOR, SAFE-contractor etc. SSIP brings most of the pre-qualification schemes together under one umbrella via a 'deem to satisfy' agreement.
	This means that buyers using the SSIP database will have access to thousands of contractors who are accredited as compliant to the HSE's Core Criteria (stage one) standard.
	Using SSIP will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
	Access to SSIP is included for schools.

School responsibilities

Whilst the duty to comply with statutory requirements cannot be delegated and remains with the Schools and the Local Authority, the tasks involved with the effective implementation of good health and safety management in schools has been delegated to the Head Teachers. For this approach to be successful, each school must do all that is reasonably practicable to ensure the health, safety and welfare at work of their staff, pupils and that of non-employees.

Operation of an effective health and safety management system at the school is central to achieving the above, with key areas being:

- The school Health and Safety Policy
- Organising for health and safety
- Planning and implementing safety controls
- Monitoring school health and safety performance
- Auditing and reviewing health and safety compliance and best practice.

Schools must also use the Council's Webrisk system to record accidents and incidents relating to the health and safety of their staff, pupils or visitors.

Annex C

Health and Safety Service (Option 2)

Overview of Service

West Berkshire Council has a professional and dedicated Schools Health and Safety Team who provide support and advice to schools on all aspects of health and safety including policy development and effective implementation, user friendly guidance and information, support in completing risk assessments, a complete range of health and safety training, a regularly updated website, SLA online, safety alerts and health and safety newsletters.

West Berkshire Council Schools Health and Safety

Standard Service

Summary

The aim of this service is to provide schools with a named, dedicated and professional Health and Safety Adviser to provide 'on site support and advice' to the school, guiding and prioritising the integration of an effective and efficient safety management system and documentation in support of the School's Health and Safety Policy.

The Schools dedicated Health and Safety Adviser will begin by arranging and completing a Health and Safety Needs Assessment of the school that will help to identify the strengths and areas for improvement in the schools existing arrangements.

The Schools dedicated Health and Safety Adviser will then continue to work closely with the school to help plan, develop and implement your health and safety policy and the areas for improvement you need.

The Management of Health and Safety at Work Regulations require you to appoint someone competent to help you meet your health and safety duties. A competent person is someone with the necessary skills, knowledge and experience to manage health and safety.

Service Provided	Service Standard
Advice	Advice and support will be provided to the school on specific questions/issues. If required the schools dedicated Health and Safety Adviser will arrange to visit the school and meet with relevant persons to ensure the enquiry is resolved.
Health and Safety Needs Assessment	Schools will receive a health and safety needs assessment designed to assess and measure levels of compliance with health and safety legislation and best practice. The associated action plan will help you prioritise your improvement plan.
	Your dedicated Health and Safety Adviser will then arrange to assist and support the school in progressing the recommendations to ensure continual improvement. Health and Safety Needs Assessments will be completed on a 3 yearly cycle.
School Safety Policy:	Review existing against a model H&S Policy that is school specific, in line with the LA Safety Policy, and conforms to appropriate local and legislative requirements.
	Ensure the Policy identifies key commitments with a current signature and that the policy, organisation and arrangements are carried out and accurately reflect practice.

	[
Safety Organisation:	Review and provide documentation that identifies how health and safety is/shall become 'embedded' in daily operations at the school. Identify and/or nominate key staff tasked with health and safety responsibilities.
Planning and implementing:	Review the existing arrangements; ensure the school adequately documents the standards and procedures required for a safe place of work.
	Following written review and prioritisation of issues, help the school to progress the areas for improvement by providing support and guidance. Improvement will be achieved with the schools full commitment and involvement.
Health and Safety Risk Assessment:	Provide the school with initial or refresher training to nominated persons regarding completion of <i>local</i> Risk Assessments.
	Provide on-site review of the schools risk assessments, to support their completion.
	Provide basic refresher training to nominated groups of key staff. Ensure a practical understanding of the training by jointly completing several specific health and safety risk assessments required by the school.
Telephone/Incident	Provide support and guidance in terms of prioritising risk assessments to be completed or reviewed etc. Provide general telephone health and safety advice as
response:	required.
	Please note that where the topic is of a specific nature, additional time may be required for a detailed response following the initial call.
	Whilst every endeavour is made to provide an immediate answer to health and safety queries via telephone/email, requests may require additional research time. Therefore, where it is not possible to provide an answer of sufficient depth at the time of the call, or the same day, every endeavour shall be made to provide a follow-up call the next working day.
	Should the associated risk to safety or health warrant a school visit, this shall be arranged by the Health and Safety Team.
Health and Safety Training	The Health and Safety Team run school specific health and safety courses. All health and safety training is included in the Standard Service.
	Further details of courses available can be obtained from CYP Training http://info.westberks.gov.uk/index.aspx?articleid=29858 .
Fire Management	The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 3 years or more frequent if required) to assist the school to complete a review of the schools Fire Risk Assessment (FRA). Your advisor will also: Complete a site inspection to verify recommendations have been implemented.

	Discuss any issues outstanding and how to address these. Your advisor will help schools to complete an assessment to ensure you have adequate numbers of appropriately trained staff to deal with fire safety issues. Your advisor can also provide Fire Awareness training to school staff at an agreed time and data an airc
Asbestos Management	school staff at an agreed time and date on site. The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 3 years or more frequent if required) to assist the school to complete a condition check of ACM (asbestos containing materials).
	Your advisor will review: The Asbestos Site Management Plan The Asbestos Register The Asbestos Survey
	Additionally any asbestos related risk assessment you may have in place will be reviewed to ensure it is correct and relevant.
	Your advisor can also provide tool box talks to your staff to allay any fears they may have regarding retained ACMs and also to highlight their responsibilities in respect of Health and Safety regarding asbestos.
Legionella Management	The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 3 years or more frequent if required) to assist the school to complete a review of the legionella risk assessment.
	The advisor will also check that the school are working within the written scheme suggested and in line with the recommendations of the risk assessment.
Playground Equipment	The schools dedicated Health and Safety Adviser will visit on a regular basis (at least every 3 years or more frequent if required) to assist the school to complete a playground equipment inspection. This will be a guided check to ensure staff are confident with what should be checked, what should be recorded and what action to take.
	We will also review the playground equipment risk assessment with the school to ensure it is suitable and sufficient. This will give a specific opportunity for any concerns to be discussed and queries answered. We can also provide on-site training and support to staff if required.
First Aid	The schools dedicated Health and Safety Adviser will assist the school to complete a review of the school's first aid risk assessment to ensure they are in place and up to date and an appropriate number of staff are identified and trained to deliver first aid.
Accident / Incident investigation and enforcement action	The schools dedicated Health and Safety Adviser will assist the school with on-site support and advice during an accident investigation for a serious accident or enforcement action by an enforcing authority such as the Health and Safety Executive.
Webrisk	Webrisk is provided to all schools to allow them to record and monitor accidents/incidents. Schools must use Webrisk

	as failure to do so could invalidate insurance cover.
CHAS	Assessing health and safety competence can be a lengthy and time consuming process. CHAS assesses applicants: health and safety policy, their organisation for health and safety and their specific health and safety arrangements to a standard acceptable to our buyers and others. In essence, CHAS completes the initial health and safety application process for you.
	Using CHAS will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
Safety Schemes In Partnership (SSIP)	An important feature of the SSIP Forum is the HSE's message that a buyer can be confident a supplier who is registered or accredited as compliant or approved with an SSIP member has been assessed to the Core Criteria standard.
	There are numerous pre-qualification health and safety schemes including CHAS, EXOR, SAFE-contractor etc. SSIP brings most of the pre-qualification schemes together under one umbrella via a 'deem to satisfy' agreement.
	This means that buyers using the SSIP database will have access to thousands of contractors who are accredited as compliant to the HSE's Core Criteria (stage one) standard.
	Using SSIP will help you select a competent contractor or supplier but you still need to check they are competent to carry out your project by checking they have appropriate experience and take references etc.
	Access to SSIP is included for schools.

School responsibilities

Whilst the duty to comply with statutory requirements cannot be delegated and remains with the Schools and the Local Authority, the tasks involved with the effective implementation of good health and safety management in schools has been delegated to the Head Teachers. For this approach to be successful, each school must do all that is reasonably practicable to ensure the health, safety and welfare at work of their staff, pupils and that of non-employees.

Operation of an effective health and safety management system at the school is central to achieving the above, with key areas being:

- The school Health and Safety Policy
- Organising for health and safety
- Planning and implementing safety controls
- Monitoring school health and safety performance
- Auditing and reviewing health and safety compliance and best practice.

Schools must also use the Council's Webrisk system to record accidents and incidents relating to the health and safety of their staff, pupils or visitors.

Appendix F

West Berkshire Council Maintained Schools Proposal to De-Delegate Formula Funding 2017-18 School Improvement & Governor Support Team (SIGT)

Context of the Proposal

The changing national landscape of school improvement is one of transition from local authority led to a system-led model of school improvement with the subsequent reduction to local authority funding. This proposal concerns the support for transitional school improvement funding in two stages:

- From April to August 2017
- From September to March 2018 (reduced model)

Locally, the SIGT has developed a partially traded service and works in partnership with the Teaching Alliances to deliver CPD and broker school to school support as part of transitional arrangements to system-led delivery. All maintained schools also currently have access to significant free core SIA and governance support on top of what are statutory functions. (See Annex A)

As part of this transition, and as a consequence of the council needing to make a budget saving of circa £8 million in 2017/2018, a School Improvement reduction of £200,000 takes effect from April 1st 2017. In addition, a challenge for forward planning has been the short notification of LA funding from April 2017 onwards. (December 2016).

What are the issues?

Although national school improvement funding is reducing, the LA has not lost any responsibility for its statutory functions (see Statutory Functions p.3). It has also been nationally acknowledged by the National Schools' Commissioner that there is not yet enough capacity in the system for schools to be wholly responsible for supporting each other to raise standards and being the sole provider of CPD.

In response to this ambiguous position, the DfE has recently announced that there will be a contribution to transitional funding to support statutory functions from September 2017 to the equivalent of £1,800 per school per year. This sum does not fully meet the cost of transitional arrangements or the delivery of statutory functions. In particular, it would not adequately cover the need to provide support to schools currently "at risk" or to undertake preventative work to ensure that schools do not fall into Ofsted categories or decline in performance.

The LA currently has

- 2 primary schools below the floor standard in 2016
- 4 primary schools which meet the coasting criteria
- 10 schools which are RI, 2 of which are twice RI

• A further 16 schools which are categorized lower than category B for support

The LA has shown that it provides effective support to help schools improve. The percentage of schools judged good or better has risen from 75% in January 2015 to 87% in January 2017. No schools have been judged inadequate since February 2013.

What are the costs of the proposed transition model?

School Improvement and Governance Service – 2017/18 Financial Year Proposed Cost of Service for De-delegation

	Calculation	Cost £
April to August 2017		(rounded)
4x fte Advisers; 2 Gov support officers; 2	£468k x 5/12	£195k
Admin support/commissioned SI support		
Non staffing costs	£24k x 5/12	£10k
Total Cost April to August		£205k
September 2017 to March 2018		
Advisors/commissioned School Improvement	£238k x 7/12	£139k
and Curriculum Support		
Admin & Gov and SI support to cover		
statutory duties		
Non staffing costs	£8k x 7/12	£4k
Total Cost September to March		£143k
Less : school improvement grant	£1,800 x 71 x 7/12	-£143k
Net Total Cost September to March		£0k
Total Net Cost 2017/18 Financial Year		£205k
Add: Statutory cost (Moderation + SACRE)	£29k	£29k
Add: Support Service recharges		£33k
Less buy backs from non mainstream		-£11k
schools		
Total Net Cost for De-delegation		£256k
Cost/Charge per pupil	Divide by 15,487	£16.52

	2016-7 Budget	2017-8		
Total	£620k	£267k		
	57% decrease year on year			

What will schools continue to receive for this funding?

April 2017 to August 2017

The SIGT service will continue to provide an enhanced service, central support, advice and guidance to all schools.

All statutory functions will be carried out.

September 2017 to April 2018

The SIGT will be further reduced in capacity and the focus will be on the delivery of the statutory functions as well as the development and delivery of a quality traded service. The most immediate consequence of this will be a reduction of non – statutory core support to schools currently categorized A or B (core visit note categorization "securely" good or better school). However, schools will be able to buy back support if they wish through the current traded services agreement. The DfE has announced that a new £140m Strategic

School Improvement Fund to drive up standards will also be available for schools. LAs can support schools to make bids to the DfE for this funding.

In addition, we will also guarantee that **as well as fulfilling statutory duties**, we shall continue to:

- Maintain school categorisation for support for all maintained schools through monitoring and analysis of performance information, Ofsted reports, requests from schools themselves, and LA intelligence. Schools lower than category B will receive support/tailored SIA visits. Ensure that the LA's successful preventative work continues so that no school "slips" unexpectedly.
- Ensure that schools which require improvement or where standards are too low have targeted local authority support and guidance to help them improve and "secure good".
- Provide support during section 5 inspections and section 8 monitoring visits.
- Continue to provide training through traded arrangements for English, mathematics and assessment.
- Provide access to central expertise for governing boards.
- Provide induction for new headteachers/welcome pack.
- Provide induction for new governors.
- Support for Headteacher Forums.
- Support for curriculum networks.
- Access to advice and support on pupil and school performance data.
- Support for the induction of NQTs.
- Provide general telephone guidance and support for school improvement and governance.
- Continue to support the strategic development of school to school support and Teaching Alliances across West Berkshire.
- Support the writing of bids for school improvement funding from the DfE or National College.

What are the statutory functions for governance and school improvement?

Statutory Functions	
School Governance section 22 of the 2002 Education Act	
LA's are required to support:	
 Setting out requirements for governing bodies: ensuring instruments of governance are in place for all maintained schools/advice and guidance to schools requiring a change to their formal constitution 	
 Appointment of committees 	
 Appointment/removal of LA governors 	
 Advice and support for governors 	
 Providing Information, including newsletters, signposting and training to enable governors to discharge their functions as governors 	
 Maintaining records of governing body membership and terms of office 	
 Procedures, advice and guidance to community and VC schools on 	

- parent governor elections
- Support of temporary governing boards
- Support making arrangements to allow governing bodies to federate or collaborate
- Support the writing of statements of action for schools in categories
- Issuing Warning notices to governors as required/disband governing bodies/putting in IEBs (see school improvement)

School Improvement

Duties in relation to high standards and the fulfillment of potential From section 13A of Education Act 1996

"Duty to promote high standards and the fulfillment of potential". When delivering school improvement functions, LAs must also have regard to the Schools Causing Concern statutory guidance. This guidance covers "Schools Causing Concern" but also other maintained schools which the LA has serious concerns about and needs to be addressed.

To fulfill these requirements, the LA is required to have the expenditure to:

- Monitor all maintained schools (visit to schools at risk, data monitoring; categorization of support)
- Have the resources to be able to take action where necessary to support the improvement of standards in particular, This includes issuing Warning Notices where there are concerns about standards, leadership, governance, finance or the safety of pupils.

Monitoring National Curriculum Assessment Arrangements

Expenditure on monitoring NC assessment arrangements required by orders made under section 87 of the 2002 Education Act.

Under the Education (NC)(KS1 Assessment Arrangements) Order 2004,a local authority must:

- 1. Moderate teacher assessments carried out at the end of KS1 by schools in at least 25% of maintained schools each year and ensure that every school will be subject to moderation at least once every 4 years.
- 2. Appoint a person who has recent experience of provision of the NC in primary schools.
- 3. LAs have equivalent duties in KS2

(Currently costed at £25K per annum)

Religious Education

A local authority must:

- 1. Set up a standing advisory council on religious education (section 390 Education Act 1996); and
- 2. Prepare an agreed syllabus of religious education in accordance with Schedule 31, Education Act 1996.

(currently costed at £4K per annum)

Will there be further consultation with schools over the future shaping of the school improvement and governance service?

Yes. This proposal is setting out the basic need to continue over the next year. The landscape is continually changing. We would be interested in further discussion with schools over time if there was a sense that retention of central school improvement services beyond statutory functions would be desirable.

Annex A

In addition to the core SIA and governance support, all maintained schools have a full core package which covers key statutory and non-statutory requirements and strategic elements for school development and improvement. This core package is outlined in full in the Prospectus of Support for West Berkshire schools and includes:

Current Non Statutory Core Offer at no cost to schools

- Three termly visits to each maintained school
- Additional support/"health checks" for schools below category B for curriculum and school improvement
- PP networks/reading network/maths network
- PP and governance reviews (free for some targeted schools)
- Support for induction and mentorship of new headteachers
- Support for short listing and appointment of new headteachers
- Support for section 5 inspections and section 8 monitoring visits
- Support for primary Headteacher Forums, Link groups and Leadership Forums
- Advice on school to school support
- Support for statutory data returns
- Support for NQT induction and assessment
- Access to advice and support on pupil and school performance data.
- General advice and guidance on request for governance and school improvement
- Support for induction of new chairs of governors
- Additional governor support for schools below category B
- Support for the development of school to school support/brokering with Teaching Alliances

Traded Services

The SIGTwill continue to provide a traded service for schools, including the following services/ options

- LA as Awarding Body for NQTs
- Data Packages
- Headteacher performance management (primary)
- Value Package A
- Governance Improvement Package
- Governance Pay As you Use Package
- Subject support for mathematics and English
- "Health Checks" and Reviews (including governance)
- Ofsted support
- Pupil premium review
- Purchase of training against the SLA
- Tailored requests to meet the needs of schools and governing bodies

Schools will be contacted in January 2017 about the traded services on offer.
