Please state the ground(s) for review (please read guidance note 1)

This application for the premise licence for the Bunk Inn to be reviewed is made as there is a continuing problem from these premises from public nuisance. Complaints of noise nuisance from live and recorded music at the premises, and noise disturbance from people in the car park and leaving the premises, have been made to Environmental Health.

The most recent complaint made to EH Out of Hours service was received at 02:35 on New Years Day (01/01/2011) with the complaint that noise from a karaoke night at the premises was causing noise disturbance at a nearby property. The OOH officer visited the locality at 03:05 and witnessed loud noise from the playing of Rap type music at the premises. The noise increased each time the doors were opened as taxis arrived at the premises. The noise level from the music increased whilst the officer was nearby, with also shouting from drunk young men outside the premises. The music continued until 03:56 with people leaving the premises. The officer concluded that the levels of music witnessed outside the complainant's property were loud and would have caused sleep disturbance.

There is a long history of noise complaints regarding noise and disturbance from these premises. There are residential properties in close proximity to the Bunk Inn, with one property immediately adjacent to one boundary, and properties on Chapel Lane opposite the front boundary.

Prior to the introduction of the Licensing Act 2003 an abatement notice under the Environmental Protection Act 1990 was served in September 1999.

A representation was made to the Licensing Hearing in September 2005 concerning

the noise from live and recorded music indoors and outdoors until 01:00 Sunday - Thursday and until 02:00 Friday - Saturday.

When granting the licence additional conditions relating to noise were placed on the licence by the Licensing Committee:

NOISE AND VIBRATION

Prominent, clear and legible notices will be displayed at all exits requesting patrons and staff to respect the needs of local residents and to leave the premises and the area quietly.

For the final hour of opening the music will be discernibly quieter.

The playing of live or recorded music in the garden areas of the premises will not be permitted after 2200 hours.

Noise complaints continued to be received regarding noise from the playing of amplified music, and from people shouting in car park. An Abatement Notice under the Environmental Protection Act was served on 4th September 2008.

Following the service of the abatement notice a meeting was held with the DPS of the premises, Nicola Clark, in order to discuss the management controls in place to ensure that noise from the playing of music, and from people leaving the premises in the early hours of their morning, did not give rise to noise nuisance at nearby residential properties. The complainants advised that the situation improved for a while following this meeting however renewed complaints were received in September 2009.

The complainants contacted Environmental Health and also contacted the premises directly when noise from the premises was causing disturbance. The DPS was reminded of the licensing conditions, particularly those covering noise control from the premises, during a visit by licensing officers in December 2010.

Despite these measures the lack of management control at these premises during the witnessed disturbance on 1st January 2011 demonstrates that the Bunk is unable to operate effectively with live and recorded music playing up until 00:00 Sunday - Thursday and 01:00 Friday and Saturday. The management control over the noise of patrons leaving the premises and car park area at these late hours was not apparent.

In summary it is considered that the premise licence for the Bunk Inn should be reviewed to consider whether the playing of live and recorded music indoors and outdoors during the hours allowed under the existing licence can be continued as public nuisance is being caused at nearby residential properties. The review can then consider the prevention of public nuisance from the operation of these premises.

Please provide as much information as possible to support the application

Noise Nuisance from Fan on Chimney of "The Bunk Inn"
THATCHAM Curridge THATCHAM
Berkshire Berkshire

24/ 5/2002 15:10 LKW

Mrs Monger is complaining about a noise nuisance from a fan which is on the Chimney of "The Bunk Inn" at Curridge, C states that there is a constant high pitched whining like sound. Please advise.

24/ 5/2002 15:15 JWC

No answer

Client phoned back the issue seems to be an extractor fan which has been a problem for about 3 months.

Adrian, could you visit and listen to the fan, then pop into the pub and speak to the landlord.

29/ 5/2002 9:39 AZS

Intend to visit tomorrow. Tried ringing client to arrange time to visit but no answer so left a message on a/m.

31/ 5/2002 15:15 AZS

Visited site - Mrs Monger tried pointing out a high pitched whining noise to me but I could not hear anything from the lounge and could only just make it out from normal background noise when in the bedroom. Explained to Mrs Monger that I didn't consider this to be a statutory nuisance but I would make a phone call to The Bunk Inn enquiring about the extractor fan anyway.

31/ 5/2002 15:35 AZS

Phoned The Bunk Inn and spoke to Ms Saunders and explained that we had received a complaint of alleged noise from the extractor fan and that it has been left on at night. NFA

29/ 7/2004 10:56 TMP

Ongoing problems with noise from the Bunk. Loud music being played late at night until midnight/1am. Has called before - would like a log form.

29/ 7/2004 11:24 JMC previous srs 020289, 021160, 021236,
021239,035865,023572 - NOTICE HAS BEEN SERVED AMPLIFIED MUSIC 1999 BY
JZP.

Tony suggests notice out of date - over 5yrs has passed.

Tel client - says did get better after the notice, the odd day/night Xmas etc they have put up with. Appears to have got worse 2/3 months - weekdays usually Wed/Thurs poss hen nights etc., last night (wed) got louder after 11ish, went on until 1.20am.

She is happy to start process again and fill out log forms.

Still is Michael Liquorish who manages - possibly doing karaoke nights - checked with lic.team, no p/ent.licence.
Discussed briefly with Brian - need to establish too if they need a pel.

29/ 7/2004 15:13 JMC

spoke to Michael liquorish - made him aware of complaints, advised him that noise from the pub will be logged by complainants. He explained no karaoke, no live music/dancing to need a pel, sometimes has one guitarist.

Next event will be 7 Aug - will take measures to reduce noise, close doors, windows, etc. Warned him of the past history, the notice served '99. Explained if ooh or other witness noise nuisance, a notice will be served.

Tried to update client, did not leave a message.

00.20 Left house to make other calls

00.35 Lots of clanking bottles, loud voices, car/van doors slamming.

00.40 Left site activity still in pub

11/9/2006 10:07 RJG

Letter sent to licensee advising that stat nuisance witnessed.

061716 The Bunk Inn The Bunk Inn Ms Vanessa Mong 2 Kiln Terrace
People - Shouting, Footsteps Alleged Noise Nuisance from The Bunk Inn
From Curridge Road T Chapel Lane
Curridge
Thatcham, West Berks Thatcham, West Berkshire

RJG 06/08/2007 Licensed Prem-Pub/club/disco

6/ 8/2007 11:08 ACT

The owner of the bunk inn has erected a large umbrella at the front of the premises in the last 6 weeks. (most likely due to smoking ban) customers are now sitting outside smoking, drinking and talking until 2am at the weekends. This has been especially bad in last 3 weeks. music still a problem but not as bad as it has been. Would not be such a problem for her if it was at the back of the premise - can they move it or get rid of it? Client would like advice on this.

6/ 8/2007 11:26 ZAA

Noise has got gradually worse over the last 4-6 weeks. Mostly from people outside drinking and not the music as this is now contained inside the pub. Licence conditions mean that front windows and doors should be closed at all times but with the coming and goings of customers to the front canopy area, noise is travelling and causing sleep disturbance.

Friday nights are the worst and people can be heard up until approx 4am outside the pub.

C had to sleep in child's bedroom at rear of property this Friday to escape from the noise.

C wants to know if they can relocate the canopy to the rear as the houses that back on to the pub are some distance and this may reduce the overall effects on residents.

advised that passed to POL for assessment and further advice.

7/8/2007 13:49 RJG

Rang Ms Monger - advised her of log procedure - she will note times and whether doors, windows open, and whether music or people causing problem.

Log letter sent to c, standard licen prem letter to DPS and memo to licensing sent.

NFA for present.

Complaint is about noise from people smoking in the pub garden after 11.00pm

5/9/2007 16:04 RJG

See also SR 61716 regarding noise from smoking area - log not yet received

Discussed with PZA - further letter to be sent to the Bunk re further complaint - proactive monitoring to be carried out - also pass to Licensing for them to actively monitor

No telephone number for Mr & Mrs Armstrong therefore log letter sent.
Letter to licence holder and memo to licensing sent.

11/ 9/2007 13:50 RJG

Appt made to visit following contact from Mickey Liquorish - 10:30
12/09/2007

12/ 9/2007 13:51 RJG

Met Mickey Liquorish - tour of premises - older premises primarily
restaurant/bar - newer extension b&b accomm. Conservatory and bar
leads onto front patio area which has a large parasol on steel frame .
This area and patio area beyond is used a smoking area. This area is
very close to adjoining property.

Rear garden used for children's activities - with bouncy castle on
Sundays. Petanque area adjoining.

The front area is the source of complaint particularly in early hours
of morning - discussed with him the management control of this area.
He advised that on a busy night there could be up to 40 people out
there - notices are up to advise smokers to be quiet. Discussed issue
of open doors and windows - he advises door & windows shut at 23:00
unless entrance door - possibility of increasing sound insulation of
doors and windows in critical areas - he will investigate this
further.

Discussed in summary the main area of concern 23:00-01:00 in front
patio area with nose from people and music/pub noise when doors opened
for access. Explained procedure of logs and that on receipt of a

completed log further investigations would commence covering key time periods.

6/11/2007 14:17 RJG

Letter received from Mr & Mrs Armstrong- they have both been ill recently and have not completed a full log - noise and disturbance have however continued from the Bunk - one occasion in particular - Thursday 20 Sept - morning of Friday 21 Sept - woken at 12:40 by car engine running loudly in road - raucous laughter, male voices shouting and women screeching for some time - went back inside pub then at 01:35 loud argument outside pub, male voices raised shouting swearing. At 03:10 2 cars went screaming off.

A further occasion - marquee in back garden - microphone used in tent - heard staff preparing for function - We shall need a table for the microphone. Microphone was used for the speeches - every word said could be heard - indoors with windows closed. At 22:30 loud music started up - not played in marquee however doors and windows of Bunk open - impossible to sleep.

30/ 1/2008 14:00 RJG

Following withdrawal of variation of licence no complaints have been received - closed

27/9/2007 15:04 RJG

Memo sent to Licensing advising return of completed log - and detailing some of the noted times in the log that would indicate that noise issues outside the permitted licensing hours.

1/10/2007 11:45 RJG

Called Mrs Monger - message left on ansafone to contact me.

2/10/2007 RJG

Call from Mrs Monger- appt made for 4th Oct 3pm.

4/10/2007 16:44 RJG

Visited Mrs Monger - discussed in general time periods when noise from Bunk causing problems - typically after 22:30 when they are in their front bedroom - noise can occur intermittently up until about 05:00 - wakes them up regularly - agreed with her that EH would try and witness - initially by use of OOH officer - if this is not effective pro-active monitoring on specific occasions to be tried.

The large umbrella outside front is quite often curtained in and doors to the bar left open - noise then clearly audible - smoking seems to be in the arbour right at the front of the pub forecourt.

On return to office email sent to CAC adding Mrs Monger to witnessing list.

30/10/2007 8:43 RJG

rang and left message for Mrs Monger to call me re licence variation.

20/12/2007 11:56 RJG

Call from Mrs Monger - noise from pub has generally been better since variation withdrawn , however last night her and her husband woken about 01:15 by a girl screaming outside pub. Her husband looked out window and thought he could see Mickey Licquorish standing outside pub observing row. She did not ring OOH as noise would be over by time

officer could visit. She wanted to know whether officer would need to witness from their bedroom - explained that we would need to assess from bedroom if it is late at night, and that in order for any further action to be taken, such as service of notice, we would need to witness nuisance. She said that no marquees have been put up so far this Xmas so is hopeful that Xmas may be quieter. They were surprised at number of objections raised to variation. She agreed to contact OOH if noise a problem.

30/ 1/2008 13:58 RJG

Memo sent to Licensing re further complaint and details . Closed

07/07/08 at 11:43 by rjgreen

Mrs Armstrong rang in as Saturday night had been so bad - a publicly advertised event - a Cocktail Party' was on - started at about 7 - 7:30- had music - disco and lights until 12:30am. A new pergola has been built in the back garden which was used and all doors and windows were open all evening. Music finished at 12:30 however people noise - shouting continued until 02:00 - there was some 'loud drumming ' on something which caused a lot of disturbance. She did not contact OOH as she did not think anything could be done.

Thursday and Friday night were also a problem - noise up until at least 11pm 0 shouting swearing and vomiting in front smoking area.

I have spoken with Pennington Solicitors in Basingstoke regarding the Premises and they have no record of the public house on file, They have advised me to contact Thomas Eggar aka Penningtons Newbury regarding the problem.

I have spoken with Michelle from Thomas Eggar regarding the DPS situation at the Bunk Inn and she has said that she has the DPS variation form on her desk ready to send to me and Mr Liquorish has given consent to carry on being the DPS until the variation has taken place.

New DPS will be Nicola Clark.

Called Mrs Monger - noise from Bunk was a problem last night - has occasionally been a problem over this year however they have contacted Bunk direct.

Last night she rang Bunk spoke to manager - 12:15 - marquee at back - he promised noise to be reduced in 15 minutes - this happened.

She is aware that Nicola Clark is operating Bunk now.

Discussed logging again as no complaint since notice served last Sept . She will log .Also discussed calling in procedure.

26/10/09 at 12:10 by rjgreen

26/10/09 at 12:10 by rjgreen

Visited The Bunk - meeting with Nicola Clark. She advised that she became a 60% shareholder in 2007 and then in March 2009 she became the 100% shareholder - the Liquorish's no longer have any interest in the business or property. Still operating as R C Inns Ltd.

Discussed the noise complaints and that logs had been returned - she advised that the initial complaints on 5th Sept were from the promotional event celebrating the refurbishment she has carried out. She has a live-in manager - who is away in France this week so she will be at premises late evening/night.

Advised re type of nuisance and EPA and public nuisance - review of licence. Went thru a couple of entries in log - she was most surprised. She has been thru with staff noise control and controlling people leaving premises. She has changed Smoking area .

Went outside to see smoking area - this has been moved to front of patio area against the road - located under parasol which has been moved to this area. Discussed taxis and cars entering/leaving the site. She had been advised that gravel parking area was required under planning app for extension - tarmac not in keeping. Suggested she speak to Planning Dept and check whether tarmac could be used now. She has been contacted on occasion by occupier of property immediately adjacent to the car park concerning early morning delivery noise.

She is to keep a log herself of events and when last people leave the premises. Discussed signage - which they have in bar, and also activity of people entering and leaving hotel. They have keys and use side entrance into hotel accommodation.

Advised her that officers would now attend if called on OOH - if witness nuisance notice to be served, along with consideration of reviewing the premises licence.

However see SR 09/02907/EP_A for on-going complaint fro neighbouring property re Bunk

08/09/09 at 10:29 by rjgreen

Called Mrs Armstrong - noise from Bunk was bad on Thurs and Sat. They have contacted the pub in the last few months if there was a problem - like people being outside after 11pm however contacted pub recently man who answered said 'What am I supposed to do with my customers_'. They then wrote to the pub - Nicola Clark - reminding them of informal agreement that outside area at front would not be used after 11pm and things improved. Thurs and Sat - music up till midnight then people noise.

Advised her that a log will be sent - she is happy to complete - log sent

Loud Music from the Bunk PH (URN 508)

02.37 - Called. Doors _ Windows open and karaoke really loud. Agreed to visit.

03.05 - Outside pub. Doors and windows closed. Rap type music clearly heard in Chapel Lane. Doors open and levels of music rise. Lasts 2 mins and doors close. Bass beat and 'groans' from mic clearly heard

still. People leave and levels rise - makes car 'vibrate@ as I sit outside. Drunk youngsters shout outside.

03.56 - Tooting of car horns as they leave. Music stops

04.00 - I assume it's finished and leave.

Rang Mrs Monger - discussed her call on New Years Day - advised her that OOH officer considered that noise level would cause sleep disturbance. She advised that not only noise from music caused a problem but people leaving premises up to 3am in the morning with taxis arriving , people shouting in car park. Advised that EH POL were going to apply for a review and suggested she would wish to make a representation. She will make one and also advised that Mr and Mrs Armstrong would also wish to make one. She has kept an on-going diary of times of disturbance - I requested that she forward a copy to me.

I advised I would let her know when application was submitted.

04/01/11 at 17:00 by rjgreen

prep of draft appn for review

04/01/11 at 16:23 by rjgreen

Call to Mrs Monger - message left on ansafone to call me.

04/01/11 at 13:44 by rjgreen

Discussed with ALS - attendance by SEG and notes of events provide sufficient information in conjunction with previous history to apply for a review of licence. The service of a EPA abatement notice not considered appropriate as event witnessed from outside the property.

Draft details prep for review application.

Environmental Protection Act 1990, Section 80

Abatement Notice in Respect of Statutory Nuisance

To: The Company Secretary
RC Inns Limited
The Bunk Inn
Curridge Road
Curridge
Thatcham
Berkshire
RG18 9DS

Take notice that under the provisions of the Environmental Protection Act 1990 the West Berkshire District Council being satisfied of the occurrence of a statutory nuisance under Section 79(1) of that Act at premises known as:

The Bunk Inn, Curridge Road, Curridge, Thatcham, Berkshire RG18 9DS

(within the district of the said Council) arising from:

Noise Emanating From Amplified Sound

hereby require you as the person in control to immediately, from the service of this Notice, to abate the same and hereby prohibit the recurrence of the same.

This is a notice to which the Statutory Nuisance (Appeals) Regulations 1995 applies and, in consequence, in the event of an appeal this Notice shall not be suspended until the appeal has been abandoned or decided by the court, as, in the opinion of the Council, the nuisance to which the Notice relates is:

- likely to be of limited duration such that suspension would render the notice of no practical effect;
- the expenditure which would be incurred by any person in carrying out works in compliance with the notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

If without reasonable excuse you contravene or fail to comply with any requirement of this Notice you will be guilty of an offence under Section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 on the Standard Scale (currently £5000, subject to alteration by order) together

with a further fine of an amount equal to one-tenth of that level for each day on which the offence continues after conviction. **A person who commits an offence on industrial, trade or business premises will be liable on summary conviction to a fine not exceeding £20,000.**

The Council may also take proceedings in the High Court for securing the abatement, prohibition or restriction of nuisance. Further if you fail to execute all or any of the works in accordance with this Notice, the Council may execute the works and recover from you the necessary expenditure incurred.

You may appeal against this Notice to a Magistrate's Court within twenty-one days beginning with the date of service of the Notice. Further details about appeals can be found on the attached notes.

Date: 04/09/2008

Signed: 
Authorised Officer

This Notice served by: **George Lawrence**, Senior Environmental Health Officer, available at Environmental Health & Licensing, Council Offices, Faraday Road, Newbury, Berkshire, RG14 2AF (Tel 01635 503242)

Linked Reference: 08/02230/EP_A

I HEREBY certify that on the 4/09/2008 ^{George Lawrence} being an officer of West Berkshire District Council did personally serve with the documents, true copies of which are attached hereto, in the manner indicated at **D** below.

- a) By handling the same to him/her personally
- b) By leaving the same for him/her with a person at the address shown on the document being his/her last known place of abode.
- c) By posting the same through the letterbox and affixing a copy to the front door at the address shown on the document being his/her last known place of abode.
- d) By sending the same by first class post to the address on the document being his/her last known place of abode.
- e) By sending the same by Recorded Delivery Service to the address on the document being his/her last known place of abode.

13 September 2010

Rosemary Green (Senior Environmental Health Officer) ...
Environmental Health & Licensing
West Berkshire Council
Council Offices
Faraday Road
Newbury
Berkshire
RG14 2AF

Dear Rosemary Green

Noise Nuisance from The Bunk Inn, Curridge RG18 9DS

The last correspondence on this issue was your letter to us dated 19th January 2010. From that, it appears that your department was satisfied that the problem of noise nuisance had been dealt with satisfactorily. We would like to point out that this is not the case. Since autumn 2009, we have been regularly disturbed by late night/ early hours' noise.

Following your meeting with The Bunk Inn in late October 2009, things did, indeed, improve for a few weeks; it appeared that the Managers were keeping to the conditions set out in the Licence granted in 2005. However, the noise caused by customers drinking and merrymaking on the outside patio soon started up again. As I know that you are aware, it is The Bunk's designated smoking area and is made 'comfortable' with overhead covering, heaters and patio-type furniture; this means that even in cold and wet weather customers are happy to sit outside until very late at night.

Recently, this late night noise has become almost unbearable and is once again causing us sleep deprivation. We note from the heading given to your letter (19/01/2010), that you appear to have been interested particularly in "Noise from Late Night Music". While this is still an occasional issue, the main cause of our problem continues to be the noise on the patio area after the stipulated time of 23.00 (and 22.30 on Sundays). We are not talking about the gentle buzz of civilised conversation. This is noise which would probably be offensive to many people in any other location and at an earlier time of day. Even with our double-glazed windows closed, it is often impossible to block out the raucous shouting, shrieking, screaming and swearing that gets more pronounced as the evening progresses.

What we have consistently requested, ever since the 2005 Licence with extended hours was granted to The Bunk, is for the Licence Conditions to be enforced. If this

is not possible, it would seem that the imposition of the Conditions was a waste of time and a mere 'sop' to satisfy us at the time, following our protest against the granting of the extended hours. The conditions are clearly set out and, from our point of view, we would expect that The Bunk should be made to honour their commitment to keep the front patio area quiet after the stated time. It should not be that we have to wait until the noise has ended in order to be able to go to sleep. And if this is not until 2.00am or 3.00am, as it is on occasions, it is obvious that this is incredibly stressful for us.

On occasions, we have phoned The Bunk and reminded them of their obligation to clear the patio area. They do, usually, comply; but only for that particular occasion; and, often, we have had to telephone on consecutive nights. In the end, we have got fed up with this approach, as it is obvious that the Managers do not take their responsibilities regarding this matter seriously enough.

We are writing to ask you to meet again with The Bunk and try to put pressure on them to adhere to the Licence conditions. Those that particularly relate to this problem involve the times that customers should be on the front patio and also the times that windows and doors should be closed to minimise the effect of music and general noise coming from inside. One of the more general Conditions states that noise and vibration should not be allowed to emanate from the premises; and this is happening all the time.

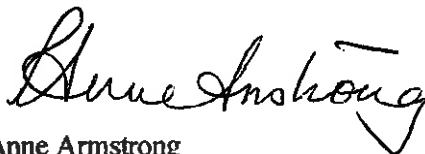

You will perhaps appreciate that, after the time and effort spent logging the precise incidents of noise that disturbed us last summer, and the fact that in the past some of your staff have witnessed late-night noise after being called out by local residents, we feel that our complaints should be taken seriously. So far, our input has not resulted in a satisfactory outcome; and we do not feel inclined to go through the same procedures again with the same frustrating situation continuing.

We are happy for The Bunk to function within the constraints of its 2005 Licence. However, we were told at the original Licensing meeting, by the Licensing Committee, that it would be easy to ensure that the Conditions were adhered to. And here we are, after 5 years of regular complaints, still suffering from this unacceptable noise.

Yours sincerely

Robin Armstrong

Anne Armstrong

File Note**OOH call re the Bunk New Years Day 2011**

02.35 Call from FC re noise from music at the Bunk, Curridge.

Complainant – Vanessa Monger, 2 Kiln Terrace, Chapel Lane, Curridge 201143

02.37 Called. Mrs Monger says that there is a karaoke night that is really loud. She said the doors and windows were open. She had tried to ring the pub but there was no answer. She had also called TVP – URN508. I explained that I am unlikely to get any police support tonight but I would attend and witness from outside. She said that matters had been better but they had been sleeping in the back, but tonight they had guests and were in the front. She also said she is sure they are selling alcohol to under 16s as she has seen them come out previously. She says Weds, Fri and Sat nights are normally an issue.

03.05 On site. Doors and windows closed. Rap type music clearly heard in Chapel Lane. As taxis arrive doors open (03.08) and levels of music rise substantially. Lasts a couple of minutes and doors close again. There is still loud music – particularly the bass and ‘groans’ from someone on a mic. The only recognisable track in the hour I was there was a Bob Marley track.

People – mainly young males – continue to leave and noise from music goes up again, such that it made the inside of my car vibrate – I was parked in the bus lay by outside the pub. Several young males, clearly drunk are shouting outside. One of these dunks males shouts to his friend down the road – ‘I’ll give you a lift I’m alright to drive’. Friends decline and male gets into a car – number plate obscured by mud – and drives off tooting his horn. Two further males in dark clothing walk up the middle of the road towards the B4001.

03.56 Music stops, others leave and I assume it has finished. I left at 04.00, nearly hitting two young males in dark clothing swaying across the road.

I did not attend in Mrs Monger’s premises as she had guests, but the levels of music outside her premises were loud and in my opinion, would have caused sleep disturbance.

MEMORANDUM

To: Senior Licensing Officer **Our Ref:** SR050101
From: Rosemary Green **Your Ref:**
Extn: 2074 **Date:** 26th July 2005

**The Bunk Inn, Curridge Village, Thatcham
Licence Application – Licensing Act 2003**

Having regard to the above application, I would make the following comments:

1. There is a history of noise complaints regarding the playing of amplified music at these premises. Eleven complaints have been received since 1998, with an abatement notice served in September 1999. The most recent complaints were received in July and September 2004, however no statutory nuisance was established at that time.
2. The premises are surrounded by residential properties with the nearest property approximately five metres away.
3. The applicant has requested that the hours be changed for the sale of alcohol, live and recorded music (both inside and outside) and associated entertainment activities to Sun – Thur 10:00-01:00 and Fri – Sat 10:00-02:00.
4. Under Section Q d) *The Prevention of Public Nuisance* the applicant has stated that no additional steps are required. There is insufficient information provided to demonstrate adequate control of noise both inside and outside the premises.

It is considered that the proposed extension of hours for the sale of alcohol in conjunction with provision of live and recorded music, both inside and outside, will give rise to a statutory noise nuisance at nearby residential properties.

In light of the above comments it is recommended that this application for variation of hours be refused.

Please do not hesitate to contact me if you have any queries relating to the above.

Regards

Rosemary Green
Senior Environmental Health Officer

Licensing Hearing for The Bunk Inn, Curridge Village, Thatcham

Representation for Public Protection (Pollution)

My name is Rosemary Green. I am a Senior Environmental Health Officer with West Berkshire Council, with over twenty five years experience specialising in noise pollution.

The Bunk Inn is located in the village of Curridge, with residential properties in close proximity, the nearest property approximately 5 metres from the bar and restaurant areas.

There is a history of noise complaints from the operation of these premises. Eleven complaints have received since 1998, with an Abatement Notice served in September 1999. This Notice was complied with, however further complaints were received as recently as July and September 2004 concerning the playing of music late at night. Following liaison with the applicant the situation improved and a statutory nuisance was not established.

Concerns are raised with regard to the variation in hours proposed for live and recorded music (both indoor and outdoor). The standard timings indicate that live and recorded music could be played both indoors and outside up to 01:00 hours Sun –Thur, and up to 02:00 on Fri & Sat, although within the ‘tickbox’ response the applicant has stated that live or recorded music will not be permitted outdoors after 22:00. The application does not indicate the curtilage of the outdoor area to be used, however the nearest residential property is within 5 metres of the premises on one boundary, and 25 metres on the other side boundary. Due to the close proximity of residential properties it is considered that the playing of outdoor live and recorded music over the standard timings would give rise to public nuisance at nearby residential properties.

Considering the playing of live and recorded music indoors, due to the close proximity of the nearest residential property it is considered that the playing of live and recorded music until 01:00 Sun – Thurs and 02:00 Fri & Sat would give rise to a public nuisance.

Noise levels within the residential property from the playing of live and recorded music within the public house are likely to exceed the World Health Organisation Guidelines of 30 dBA L_{Aeq} for night-time exposure within a bedroom, with a window open, and result in sleep disturbance.

Under Section Q d) *The Prevention of Public Nuisance* the applicant has stated that no additional steps are required to control possible noise nuisance, whilst within the Tick Box responses it is stated that notices will be displayed at all exits requesting patrons to leave the premises quietly. Overall there is insufficient information to demonstrate adequate control of noise nuisance from the playing of live and recorded music.

Since making this representation additional comments have been received from Pennington's, solicitors acting for the applicant, along with further conditions to control public nuisance. Copies of this correspondence are available. The additional conditions proposed are:

1. Prominent clear and legible notices will be displayed at all exits requesting patrons to respect the needs of local residents and to leave the premises and the area quietly.
2. For the final hour of opening music will be discernibly quieter
3. In the event of the playing of live or recorded music in outside areas of the premises, this will not be permitted after 22:00
4. Any outside furniture , which needs to be moved, collected or tidied will not be permitted after midnight
5. Doors and windows will be kept closed to reduce noise nuisance from the premises (except for ingress or egress) after midnight.

In summary, based upon the application for the variation of hours and the additional information and conditions proposed, it is considered that this variation be granted subject to the following conditions being applied:

- The playing of live and recorded music inside and outside the premises will not be permitted after 23:30.
- Noise and vibration shall not be permitted to emanate from the premises so as to cause a nuisance at nearby properties
- All external doors and windows must be kept closed, other than for access and egress, in all rooms when events involving amplified music or speech are taking place.
- Prominent clear and legible notices will be displayed at all exits requesting patrons to respect the needs of local residents and to leave the premises and the area quietly.

Subject: The Bunk Inn - Curridge

We recognise that the Bunk are trying to earn a living, and have no problem with their general activity within the village.

However, the pub continually stays open late, sometimes until 2/3am. We are woken up by people standing outside shouting whilst smoking, leaving the pub in the early hours of the morning, they play loud music, and generally have no regard for any of their neighbours.

On New Year's Eve there was a tremendous amount of noise, they were still partying until at least 4am.

A recent example would be that on Friday 28th January they were creating a disturbance outside the pub at 12:15am.

I hope this helps with your enquires.

Dear Licensing Officers,

Re: Review of licence for The Bunk Inn, Curridge

We have endured noise and nuisance from The Bunk Inn for many years.

Despite valued support from the Environmental Health Department and completing several logs of the noise we suffer, the premise continues to show blatant disregard and no consideration for its neighbours.

In the past there has been what can only be described as a 'yo-yo' effect, whereby the premises have been requested by Environmental Health to comply with the conditions of their licence and there has been some improvement, but only to worsen again a short while later.

In recent years, there has been a definite escalation in noise from The Bunk and we find ourselves frequently disturbed by noise from the premises which wakes us regularly. We enclose a log we have kept of the more notable occasions, but there have been many more times when we have been woken that have not been written down. As well as the wild, loud parties, we experience a lot of disturbance from the customers themselves. This is increasingly from young people and can continue until four or five am the following morning! We have also witnessed people arriving and going into the pub in the early hours of the morning.

As well as working with Environmental Health to reach a solution, we have also tried phoning the premises when it is noisy to politely request that they be quiet. On some occasions they have not answered the phone and we can only assume this is because it could not be heard because of the noise. At other times our request has eventually given us some respite, but this is only short lived as we then we find ourselves faced with the same noise and nuisance the following night!

We feel that all avenues to resolve the nuisance have now been exhausted and we welcome the review of the licence for these premises.

We would ask that when reviewing the licence for The Bunk consideration is given to:

- Its long history of noise nuisance, not only from amplified music and microphones, but also from the perpetual noise nuisance from customers either drinking or smoking outside or leaving the premises. The management are either unwilling or unable to control the noise from their customers and have consistently shown no consideration for their neighbours.

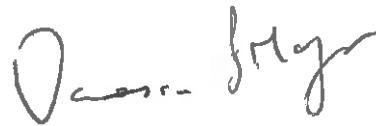

- The unreasonable level of noise that we experience. Noise from premises of this type should be very low level and from our property we would expect it to be no more than the closing of a car door. In reality, what we are experiencing is not dissimilar to living next door to a night club, with a very drunk and rowdy cliental.
- The premise is located in a quiet, rural village and has several residential properties in close proximity. There is no through traffic or ambient noise in this area and when the pub is closed it is extremely peaceful.
- The existing conditions on the licence have been unenforceable and the licensees have continually been in breach of their licence.
- It is inappropriate to have a smoking area at the front of the premises or outside the hotel entrance, as this exacerbates the noise we suffer at night.

We are of the opinion that microphones or amplified music and marquees should not be allowed at any time and question whether, given the licensee's inability and lack of willingness to adhere to its current licence, it should be permitted a licence at all.

Yours faithfully,

Mr N Monger

Mrs V Monger

Log of Noise from The Bunk Inn, Curridge

Early hours Thursday 22/10/09

Woken at 2:15am by men shouting and minibus engine running outside The Bunk.

Two men having banter with occupants of the minibus.

Minibus left around 2:25am.

Two men went back inside hotel entrance (rest of pub dark)

Continued to be disturbed by loud voices until 3am when door banged shut and finally quiet.

Early hours Wednesday 28/10/09

Woken at 12:35am by loud male voices.

1:30am – two young men left in car that was parked at the front of The Bunk and drove out of village.

Overnight Friday 6/11/09 - Saturday 7/11/ 09

Friday- Woken at 11:30pm by two male voices outside The Bunk. (Pub in darkness and appeared 'closed')

Woken again at 3am by taxis collecting men.

Overnight Friday 27/11/09 – Saturday 28/11/09

Woken at 2:20am by loud banging (possibly the pub door?) and shouting.

Young people leaving- four were local and several left in a taxi.

Overnight Friday 11/12/09

While watching television downstairs, we were disturbed by cheering and shouting and a brass band outside the front of the pub.

The noise (party) continued for some time. We closed our bedroom windows when we went to bed and eventually managed to drift off to sleep.

BUT, we were **woken at 1:15am** by shouting, cheering and ROARING.

1:20am front doors and windows closed by staff.

Overnight Friday 15/1/10 – Saturday 16/1/10

Woken at 12:30am by noise from people outside the front of the pub.

AND Overnight Saturday 16/1/10- Sunday 17/1/10

Woken at 3:45am by car engines and car horns and people shouting.

A group of young men were leaving the pub.

Overnight Friday 5/3/10 – Saturday 6/3/10

Woken at 2:30am by very young people leaving. Some school age. (Recognised one girl I'd seen getting off The Downs School bus in uniform.)

* Reported this to PCSO Alex de Mayer*

Overnight Saturday 13/3/10 –Sunday 14/3/10

Woken at 1:30am by noise from people and music.

Overnight Friday 19/3/10 – Saturday 20/3/10

Woken at 4:30am by noise from pub. Lights on in pub and young people inside.

Overnight Saturday 27/3/10 – Sunday 28/3/10

Woken several times by noise from pub on and off all night (Newbury Races)

Still heard people shouting and leaving at 4am.

Overnight Friday 16/4/10 – Saturday 17/4/10

Woken at 1am by men inside partying and loud music. (Newbury Races)

Still being disturbed and unable to sleep at 4am by noise from people inside the pub.

Monday 19/7/10

Woken at 3am by girl crying and arguing with a young male.

(We were on holiday 10-18 July)

Overnight Friday 23/7/10 – Saturday 24/7/10

Disturbed by loud voices of young people outside at 10pm. They eventually went inside and we fell asleep.

Woken at 2:20am by a young male arguing with a girl by the hotel entrance, repeatedly shouting “What the F... have I done?!”

After a while they went inside and we went back to sleep.

Then at 3am we were woken again by shouting and a taxi collecting people from the pub. It drove to Curridge Park before leaving the village.

Then, immediately, the couple were outside arguing again. “What the F... have I done?!”

They went in and out of the pub, shouting and arguing until it finally went quiet at 5:45am.

Overnight Friday 30/7/10

Kept awake until 1:30am by noise from a crowd of people outside the front of the pub.

Then woken at 3:30am by noise from a group of people outside the front of the premises.

(We were away 8 – 13 August)

Wednesday 18/8/10

A lot of noise from young people outside until late. Unable to sleep with windows open and noise still audible with windows closed.

Thursday 19/8/10

Raucous customers outside during the evening. Had to keep windows closed to be able to sleep.

Overnight Friday 27/8/10

A lot of noise from customers at 10pm.

Woken at 3am and again at 4am by men shouting outside hotel entrance.

Overnight Saturday 11/9/10

LOTS++ of noisy men (age 20's?) outside front during evening.

Despite bedroom windows being closed we were **woken several times** by men roaring and shouting.

Woken at 12:35am lots of shouting and foul language. Looked out to see approx 20 men outside front doors drinking and making noise.

At 12:45am I rang The Bunk to ask them to please be quiet. Told them they were in breach of their license, to stop the foul language and noise and let us sleep!

Pub was quiet by 2am.

Overnight New Years Eve 31/12/10- 1/1/11 (Karaoke and Curry Night)

2am VERY loud music and microphone noise. Front doors wide open. 'Rap and Garage' karaoke with men on microphone shouting at the top of his voice.

Rang Police for advice ref no: 508/1/1/11

Advised to call emergency out of hours and officer attended and witnessed the nuisance.

At 3am a car arrived and people went IN to the pub!

Pub went dark and microphone off at 4am but could still hear music inside.

We finally managed to sleep by about 5am!! VERY tired next day and unable to function..

Overnight Thursday 6/1/11 – Friday 7/1/11

Woken at 12:20am by loud voices of young people (male and female) outside The Bunk. Suddenly went quiet and thought we had been dreaming as when I looked out only the hotel lights were on and it appeared quiet.

Just dropping off to sleep 15 minutes later when disturbed loud voices, shouting and laughing again.

Looked out and this time could see people smoking outside the hotel entrance and people running around inside.

This yo-yo effect – quiet, then people outside 10-15 minutes later, **continued until 1:50am** when 3-4 cars left the pub and drove out of the village.

Very tired next day- had lost 2 hours sleep.....

Friday 14/1/11

Unable to get to sleep because of noise from people outside the front of the pub. Loud voices/laughter.

Even with our bedroom window closed and the tv on we could still hear the noise, so we moved into a back bedroom to get some rest.

Despite The Bunk being aware that their licence is being reviewed, we were disturbed again on Friday 28/1/11 There was a lot of noise from young people outside the hotel entrance when we went to bed at 10pm. Despite keeping our bedroom windows closed, we were woken 3 times during the next 2 hours by loud shrieking from young girls by the hotel entrance. At 12:20am we gave up and moved into the back bedroom to get some peace.

Dear Sirs

Re: Appraisal of Licence for The Bunk Inn, Curridge, Thatcham, RG18 9DS

Rosemary Green of the Environmental Health Department at West Berkshire Council has informed us that there is likely to be a Review of the Licence for The Bunk. She suggested that, since we have had a long-lasting problem with noise nuisance from The Bunk, we should make representation to your Committee stating our concerns. These are set out in the accompanying document. Also, we would ask that you refer to the detailed Log (which covers part of 2009) which we sent to Rosemary Green; it shows the nature of our problem and also the level of and frequency of the noise disturbance.

Yours faithfully

A handwritten signature in black ink, appearing to read "Anne Armstrong".

Anne Armstrong

**Representation to The Licensing Committee (West Berkshire Council) 26/01/11
Re: Licence Appraisal for The Bunk Inn, Curridge, RG18 9DS**

In this review, we feel that the following important points should be considered:

- it is an established fact that unacceptable levels of noise have been emanating from the premises of The Bunk over a period of years;
- all of this noise (see types identified below) results from the fact that The Bunk is open to customers throughout the night and into the morning hours;
- the owners / management of The Bunk have consistently disregarded the effect of this late-night noise on neighbouring properties and have failed to operate according to the requirements set out in their Licence and its conditions.

In order to qualify the above points, we state that:

- the Environmental Health Dept.(West Berkshire Council) has received complaints about noise over a period of years (at least since 2002) and has sent out members of their team to witness noise levels on several occasions; in 2009, we supplied to the Environmental Health Dept. a log giving details of types of noise and the extent that it disrupted our lives;
- types of noise which have proved unacceptable are:
 - loud music being played late at night on the premises;
 - shouting and raucous behaviour emanating from inside the building late at night;
 - raucous and noisy behaviour accompanied by foul language taking place on the front patio area late at night;
 - raucous behaviour (including quarrels) taking place in the road in the early hours of the morning when customers leave The Bunk;
 - traffic noise as vehicles arrive and depart with customers after 23.00 hours and throughout the night;
- the Environmental Health Dept (West Berkshire Council) has, over the years, met with the owners/ management of The Bunk on several occasions to discuss problems; however any improvements have been very short-lived, and noise levels have always increased to unacceptable levels, usually within a few weeks; we ourselves have, on occasions, phoned The Bunk to ask for the noise to be regulated; however, any response has been unsatisfactory and it is significant that their response on one occasion was, "I can't tell my customers what to do"; this indicates a poor attitude to management responsibility.

When the present Licence was granted to The Bunk in 2005, we were assured by The Licensing Committee at the time that the conditions which were attached to the Licence would mean that The Bunk had to consider more carefully the noise levels that were allowed to emanate from the premises; however this has not proved to be the case as both the previous owners/ management and the present owners/ management have regularly disregarded those conditions which were intended to reduce noise disruption.

Representation to The Licensing Committee (West Berkshire Council) 26/01/11
Re: Licence Appraisal for The Bunk Inn, Curridge, RG18 9DS

We accept that noise taking place out in the road and the noise of traffic entering and leaving the car park and waiting outside in the road may be beyond the control of the management of The Bunk, but this type of noise would not be taking place at this late hour if The Bunk was not open throughout the night. There is a case to make for opening hours to be reduced.

The Bunk does cater for overnight guests, however it is not remaining open just to cater for them. We have seen (and heard!) people arriving and leaving the premises, both on foot and in cars, throughout the night.

A designated outdoor 'Smoking Area' is situated on the front patio area of The Bunk, just a few metres from our bedroom window. This is furnished with comfortable furniture and heaters, and this encourages smokers to stay outside in this area for as long as they are customers. Having bought their drinks at the bar, they retire to the patio. This is not in keeping with Condition 6 of the Licence which was intended to reduce noise from that area; in fact, it has increased. We feel most strongly that this is an inappropriate place for a designated 'Smoking Area' as it is an area which is meant to be cleared at 23.00, according to the Licence Conditions.

The effect that this constant late-night noise is having on our quality of life and our health is shown when our log (2009) is consulted. This log indicates that sleep deprivation and disruption occurred several times a week, and sometimes on successive nights. Noise pollution is a recognised contributor to stress and ill-health.

It is clear that The Bunk consistently breaks the following Licence Conditions imposed in 2005:

- (3) "All external windows and doors for public access to the premises are to be kept closed from 23.00 hours except for egress and ingress."
- (4) "Noise and vibration shall not be permitted to emanate from the premises so as to cause a nuisance to nearby properties."
- (6) "Supply of alcohol to the outdoor areas of the premises is to cease at 23.00 hours Monday through Saturday and 22.30 on Sundays."

It also allows loud music to be played at later hours than is stipulated in Condition 5.

This Review of the Licence is, hopefully, an opportunity to prevent this constant noise nuisance. We have always felt that, if the present Licence Conditions were properly adhered to, we could accept that; but we would prefer that licensed hours be reduced. The problem is that there appears to be no straightforward way of ensuring that any Licence is adhered to. It is questionable whether the present owners/ management will adhere to any stipulation set at this Review. We would welcome some reassurance from the Licensing Committee that they are able to insist on The Bunk's compliance with its Licence and any attached conditions.
