8	Councillor Alan Law	24/01/2017	Clarification of when Secondary Network treated.	03/02/2017	Definition of when Secondary Treatment Network treated clarified.
9	Helen Hooper	25/01/2017	Request that The Street (serving Englefield Primary School) is promoted to the Primary Network.	31/01/2017	Forms part of Snow Clearance Network so will be treated on the forecast of snow. Low risk during normal winter conditions.
10	Frilsham Parish Council	25/09/2017	Seeking clarification of different treatment networks.	26/09/2017	Summary of treatment networks provided.
11	Aldermaston Parish Council	25/09/2017	Seeking clarification of any proposed changes to networks affecting Aldermaston.	26/09/2017	No proposed changes affecting Aldermaston.
12	Woolhampton Parish Council	25/09/2017	Seeking clarification of any proposed changes to networks affecting Woolhampton. Enquiry relating to upgrading of Woolhampton Hill and Cods Hill.	27/09/2017	No proposed changes affecting Woolhampton. Potential costings provided to PC. No formal request received to date to upgrade Woolhampton Hill and Cods Hill.
13	Chaddleworth Parish Council	27/09/2017	Seeking clarification of any proposed changes to networks affecting Chaddleworth.	27/09/2017	No proposed changes affecting Chaddleworth.

Ref Number	Name / Organisation	Date Received	Comments	Response Issued	Action
14	Councillor Cole (received via Councillor Clifford)	26/09/2017	Concerns that West Woodhay is not served by any treatment network.	27/09/2017	West Woodhay is currently served only by the Secondary Treatment Network. Rural community with local primary school. Include on the Snow Clearance Network for 2017/18.
15	Thatcham Town Council	02/10/2017	Clarification of when the paved footway treatment network is treated.	03/10/2017	Paved footway treatment network is treated when hoar frost and/or ice have been experienced for an unbroken period of 72 hours or greater (ie, sub-zero temperatures experienced through the period for 3 continuous days and nights).
16	Chieveley Parish Council	04/10/2017	Request to upgrade East Lane to the Primary Network.	04/10/2017	Currently forms part of Snow Clearance Network. In addition, it will be added to the Secondary Network so will be treated in severe winter conditions. Potential costings provided to PC. No formal request received to date from Parish Council to promote to Primary Network.
17	Speen Parish Council	07/10/2017	Clarification on ownership of salt bins on the network.	09/10/2017	Confirmed which salt bins the Parish Council are responsible for, including maintenance and re-filling of bins.
18	Theale Parish Council (Comments received after consultation ended).	11/10/2017	Clarification of extents of treatment of Englefield Road. Footway Snow Clearance Network, request to join up treatment in Church Street.	11/10/2017	Forms part of Snow Clearance and Secondary Networks. Clarification of extents given (A340 to Church Street). Footway Snow Clearance Network to be amended to reflect this.
