
Criteria and Budgets for Additional Funds 2018/19

Report being considered by: Schools Forum
On: 30/10/2017
Report Author: Claire White, Ian Pearson
Item for: Decision **By:** All Forum Members

1. Purpose of the Report

1.1 To set out the current criteria and budgets for additional funds for review by members, to ensure they are still relevant and meet their purpose.

2. Recommendation(s)

2.1 The following changes are proposed:

- Remove the Falling Rolls Fund from 2018/19.
- Widen the criteria for primary schools in financial difficulty to enable schools currently not in deficit to apply for funding towards meeting restructuring costs that are required to avoid a deficit.

2.2 The changes are subject to consultation with all schools, and the final decision is to be taken at the December meeting of the Schools' Forum.

Will the recommendation require the matter to be referred to the Council or the Executive for final determination?	Yes: <input type="checkbox"/>	No: <input type="checkbox"/>
---	-------------------------------	------------------------------

3. Introduction/Background

3.1 Under the current school funding regulations, no in-year adjustments to funding allocations are permitted and all funding to schools has to be allocated through the approved formula. There are, however, four circumstances where the local authority can provide additional funding:

- 1) A growth fund for the purpose of supporting growth in pre-16 pupil numbers to meet basic need; to support additional classes needed to meet infant class size regulation; and to meet the costs of new schools.
- 2) A falling rolls fund where a population bulge is expected in the future but where a good and necessary school or academy currently has surplus places and faces an unmanageable funding shortfall in the short term.

For each of these funds local authorities are required to produce criteria on which any growth funding or falling rolls fund is to be allocated. These should provide a transparent and consistent basis (with differences permitted between phases) for the allocation of the funding. The criteria should both

set out the circumstances in which a payment could be made and provide a basis for calculating the sum to be paid.

Funding for both these funds is from the Schools' Block DSG, and any increase to the previous year's budget is deducted from the funding that is to be allocated out to primary and secondary schools through the funding formula.

- 3) Funding for schools in financial difficulty where a school phase has agreed to de-delegate this funding (primary phase only in West Berkshire). There needs to be agreed criteria on how this funding is to be determined and allocated to schools.
- 4) Funding can be used from the high needs block to allocate additional funding to schools which have a disproportionate number of high needs pupils. This has to be determined by a formulaic method.

3.2 In 2017/18 West Berkshire holds funds for each of these four circumstances. These now need to be reviewed and amended where appropriate. The forthcoming school funding consultation will also invite views from schools.

3.3 Schools' Forum will be required to agree the criteria and be consulted on the total sum to be top sliced from the DSG at the DECEMBER meeting. The Schools Forum will receive regular updates on the use of the funding.

4. Proposals

4.1 2017/18 is the fourth year of using such funds, and the criteria have not been amended for the last two years.

4.2 The criteria for each fund are included in the appendices for members of the group to review.

4.3 No changes are proposed for the Growth Fund criteria.

4.4 It is proposed that the Falling Rolls Fund is removed. Not many other local authorities make use of such a fund and payments are made based on an assumption of future pupil numbers which may or may not materialise. In four years just one school has qualified (a payment of £23k has been made in 2017/18), yet the pupil numbers for this particular school are now no longer forecast to increase.

4.5 It is proposed to widen the criteria for primary schools to access the schools in financial difficulty fund. The proposal is for schools not in deficit but required to restructure to avoid going into deficit, to be eligible to apply for reimbursement of the one off redundancy cost. This will still be subject to the same application and scrutiny process. It is felt by Heads that those who forward plan their restructures and avoid going into deficit are then disadvantaged by not being able to access this fund

4.6 No changes are proposed to the criteria for schools with a disproportionate number of high needs pupils.

- 4.7 The budget for each fund also needs to be agreed. Previous year’s budgets and actual are shown in Table 1.

TABLE 1	Growth Fund	Falling Rolls Fund	Primary Schools in Financial difficulty	Additional High Needs Funding
Budget Set 2014/15	250,000	120,000	115,470	48,000
<i>Actual Spend 2014/15</i>	<i>148,341</i>	<i>0</i>	<i>112,297</i>	<i>38,576</i>
Budget Set 2015/16	250,000	40,000	115,110	50,000
<i>Actual Spend 2015/16</i>	<i>158,563</i>	<i>0</i>	<i>18,677</i>	<i>87,966</i>
Budget Set 2016/17	250,000	40,000	117,320	127,690
<i>Actual Spend 2016/17</i>	<i>100,922</i>	<i>0</i>	<i>137,930</i>	<i>114,033</i>
Budget Set 2017/18	162,000	40,000	119,980	100,000

- 4.8 The Schools Block allocation for 2018/19 includes £202,000 for the growth fund & falling rolls fund. It is proposed that the budget for the growth fund is kept as per the DSG allocation, and any unspent allocation from 2017/18 is carried forward and added to this fund in 2018/19. This is being mindful that in September 2019 a new primary school is due to open, and the additional funding for this will need to be met from the Schools Block DSG. All unspent growth funding up to the end of 2016/17 was reallocated back to schools in 2017/18. The funding arrangements for the next two years will require the growth fund to be met from the Schools Block DSG and there are no plans yet for the DfE to fund this element on in year requirements – it is currently being allocated based on historical budgets.
- 4.9 The primary schools in financial difficulty fund should also continue at the current level, as it is likely more schools will have difficulty in balancing their budgets and will undergo staffing restructures which will qualify for funding.
- 4.10 It is apparent that the number of schools with a disproportionate number of high needs pupils is continuing to grow, and funding needs to be set aside from the high needs block at the current level of spend, in order to fund those schools qualifying.
- 4.11 All the above proposals were agreed by Heads Funding Group on 11th October 2017.

5. Appendices

Appendix A – Current Growth Fund Criteria 2017/18

Appendix B – Current Falling Rolls Fund Criteria 2017/18

Appendix C – Current Funding for Primary Schools in Financial Difficulty Criteria 2017/18

Appendix D – Current Additional High Needs Funding Criteria 2017/18

Growth Fund Criteria 2017/18

1. Background

- 1.1 Under the current School Funding Regulations, local authorities can set up a growth fund from the DSG in advance of allocating school budget shares. The purpose of the growth fund is to support maintained schools and Academies which are required to provide extra places in order to meet basic need within the authority and to meet the cost of new and reorganised schools including pre-opening and diseconomy costs. It can also include funding schools where very limited pupil number growth requires an additional class as required by infant class size regulations. It cannot be used for general growth in pupil numbers at a school due to a school's popularity.
- 1.2 The growth fund is ring-fenced so that it can only be used for the purpose of supporting growth in pre 16 pupil numbers to meet basic need. Any funds remaining at the end of the financial year must be added to the following year's DSG and reallocated to maintained schools and Academies through the local formula.
- 1.3 Local authorities are required to provide on a transparent and consistent basis the criteria on which any growth funding is to be allocated. The criteria should both set out the circumstances and have clear objective trigger points for a school to qualify for payment and provide a clear formula for calculating the sum to be paid.
- 1.4 The Schools' Forum is required to agree the criteria and the total sum to be top sliced from each phase, and will receive reports on the use of the funding.
- 1.5 The criteria and funding for 2017/18 as agreed by the Schools' Forum at its meeting on 5th December 2016 is set out below.

2. Growth Fund Criteria

2.1 New School

Pre opening costs payable to a new school such as for the Headteacher and other staffing and recruitment costs prior to opening and initial equipping allowance *where the school is opening in response to basic need in the area*.

Funding will be actual cost of staff appointed and in post prior to the opening of the new school up to a maximum of £75,000, plus a fixed one-off lump sum of £25,000 for all other purchases necessary before the school opens.

Diseconomies of scale. The total pupil numbers required by the new school to ensure viability will be agreed in advance with the school on an annual basis whilst the school is growing to full capacity and funding paid via the school formula will be based on this number. This will meet any diseconomies of scale and the school will not require additional funding from the growth fund.

2.2 Extending Age Range (including new schools)

This is payable to a school which has extended its age range and set up a new class in agreement with the authority *in response to basic need in the area*. Funding is payable from the growth fund where the new pupil numbers have not been added to the school formula funding in agreement with the DfE (i.e. the deadline for such

agreement was missed) or the new pupil numbers are greater than the number agreed with the DfE.

Funding will be total AWPU per additional pupil in the new class (pro rata for the remainder of the financial year).

2.3 Provision of an Extra Class

This is payable where a school has *agreed with the authority to provide an extra class in order to meet basic need in the area* (either as a bulge class or as an ongoing commitment).

Funding will be total AWPU per additional pupil in the new class up to a maximum of £50,000 per class (approx. 17 pupils in primary, 11 pupils in secondary) pro rata for the remainder of the financial year. £50,000 will pay for a full time teacher at mid scale, a term time only Teaching Assistant, and approximately £9,000 for other costs.

2.4 Increase in Pupil Admission Number (PAN)

This is payable where a school has increased its admission number by 5 or more pupils *in agreement with the authority*, but this has not necessitated an additional class, or is not in response to basic need for a bulge class or general pupil number growth in the area.

Funding will be 50% of the AWPU per additional pupil up to a maximum of £25,000 (approx. 17 pupils in primary, 11 pupils in secondary) pro rata for the remainder of the financial year.

2.5 KS1 Classes (infant class size)

This is payable to a school with infant classes which is required to set up an additional class in the Autumn term as required by infant class size regulations, and the school cannot accommodate all its additional reception and Key Stage 1 pupils in classes of 30 or less i.e. the total number of pupils in the 3 year groups exceeds a multiple of 30. (see Appendix A for examples).

In order to qualify for the additional funding, the school must have set up an additional class and employed an additional teacher, and must not have exceeded its admission number unless requested to by the LA.

Funding will be a fixed sum of £40,000 for each new class (to pay for a mid scale teacher plus a teaching assistant), pro rata for the remainder of the financial year.

Before setting up an additional class and employing an additional teacher, schools should be aware that this additional in-year payment is temporary one-off funding for the remainder of the financial year in order to meet the pupil's basic need until full per pupil funding is received the following April. Schools will be required to meet the costs of the additional class from their formula pupil funding and lump sum from the following financial year. Schools accessing the infant class size funding where pupil numbers are just 2 or 3 above the limit, should carefully consider the longer term financial implications of employing an additional teacher (approximately 11 additional pupils are needed to pay for a midscale teacher, or 9 additional pupils for a newly qualified teacher).

3. Funding to be Top sliced from DSG

3.1 The sum to be set aside in 2017/18 is as follows:

Estimated Requirement	Calculation	Total
New School (none expected)		£0
Extending Age Range (none expected)		£0
Additional Classes x 4	$£50,000 \times 4 \times 7/12$	£116,000
Increase in PAN (none expected)		£0
Infant classes x 2	$£40,000 \times 2 \times 7/12$	£46,000
Contingency		£0
TOTAL DSG REQUIREMENT		£162,000

- 3.2 Funding requests from schools are to be submitted to Schools' Finance who will make payment following approval by the Head of Education if he is satisfied that the criteria are met. All approvals will be reported to Schools' Forum.
- 3.3 Any overspends in year will be met from a top slice of the following years DSG allocation. Any underspends will be carried forward and reallocated to all schools through the following years funding formula.

Falling Rolls Fund Criteria 2017/18

1. Background

- 1.1 Since 2014/15, local authorities have been able to top slice the DSG in order to create a small fund to support good schools with falling rolls. This is for where a population bulge is expected in the future but where a good and necessary school or academy currently has surplus places and faces an unmanageable funding shortfall in the short term.
- 1.2 The falling rolls fund is ring-fenced. Any funds remaining at the end of the financial year must be added to the following year's DSG and reallocated to maintained schools and Academies through the local formula.
- 1.3 It is mandatory that the falling rolls fund is restricted to population increases expected in 2-3 years in necessary schools which are classed by OFSTED as good or outstanding.
- 1.4 Local authorities are required to provide on a transparent and consistent basis the criteria on which any falling rolls funding is to be allocated. The criteria should both set out the circumstances in which a payment could be made and provide a basis for calculating the sum to be paid.
- 1.5 The Schools' Forum is required to agree the criteria and the total sum to be top sliced from each phase, and will receive reports on the use of the funding.
- 1.6 The criteria and funding for 2017/18 as agreed by the Schools' Forum at its meeting on 5th December 2016 is set out below.

2. Falling Rolls Criteria

- 2.1 School must have been judged good or outstanding at their last OFSTED inspection.
- 2.2 The total number of pupils on roll (4 – 16) has fallen by at least 10% or 30 pupils between October 2016 census and October 2017 census.
- 2.3 Local planning data shows a requirement for at least 50% of these places being refilled within the next 3 years.
- 2.4 According to the current pupil numbers on roll, the school needs to reduce the number of classes required now, but will need to increase the number again within the next 3 years (calculation based on classes of 30 pupils)
- 2.5 Where a school meets the above criteria, funding will be provided equivalent to the staffing cost of continuing to run the additional class(s) at a fixed sum of £40,000 per class pro rata to the number of pupils the roll has reduced by in each class (e.g. if year 3 has reduced by 10 compared to 30 in the previous year, payment will be $£40,000 \times 10/30 = £13,333$ for this class).
- 2.6 The payment will be made the following financial year, as funding for the remainder of the current financial year is still based on the previous October's higher pupil

numbers. This will enable the school to continue with the current number of classes in the following financial year without incurring a redundancy.

3. Funding to be Top sliced from DSG

- 3.1 The sum to be set aside in 2017/18 is £40,000
- 3.2 Funding requests from schools are to be submitted to Schools' Finance who will make payment following approval by the Head of Education if he is satisfied that the criteria are met. All approvals will be reported to Schools' Forum.
- 3.3 Any overspends in year will be met from a top slice of the following years DSG allocation. Any underspends will be carried forward and reallocated to all schools through the following years funding formula.

Funding for Primary Schools in Financial Difficulty Criteria 2017/18

1. Background

- 1.1 Under School funding reform, from April 2013 local authorities have been required to delegate to all schools the contingency previously held for schools in financial difficulty. Each phase in the maintained sector has the option of de-delegating this funding to continue to have this funding centrally retained.
- 1.2 At the Schools' Forum meeting held on 5th December 2016, the primary school members of the Forum opted to continue to de-delegate this funding in 2017/18 at a rate of £9.64 per pupil. The amount totals £119,980 in 2017/18.
- 1.3 The Schools' Forum is required to set clear criteria for the allocation of this funding. The criteria for 2017/18 was reviewed and agreed by the Schools' Forum at its meeting on 5th December 2016 and is set out below.

2. Contingency for Schools' In Financial Difficulty Criteria (Maintained Primary Schools Only)

If a school has a deficit budget it may be allocated additional support funding. If a school can meet the following criteria, a bid for additional funding can be made by the school to be considered by the Schools' Forum:

1. The school has sought and followed the advice of the Schools' Accountancy Service **prior** to going into deficit
2. The school has (up to) a five year robust deficit recovery plan in place which has been discussed with and verified by the Schools' Accountancy Service.
3. Additional funding may be payable for one of the following exceptional unforeseen circumstances which has taken the school into deficit:
 - Short term downturn in pupil numbers - to maintain current staffing structure where evidence can be provided that the numbers are likely to recover within a 2 - 3 year period and where downsizing of staff and resultant redundancy costs in order to balance the budget on a short term basis would not be an efficient use of resources.
 - Sudden permanent downturn in pupil numbers in a school causing concern (i.e. Ofsted category of notice to improve or worse) - to maintain current staffing levels on a temporary basis where to reduce the staffing levels immediately in order to balance the budget would be detrimental to the recovery of standards in the short term.
 - Unforeseen sudden permanent downturn in pupil numbers - to cover staffing costs during a short term interim period whilst restructuring takes place and in order where possible to avoid redundancies (such as through natural wastage).
 - Redundancy payments, where the staffing reductions are required in order to balance the budget, but these costs will put the school further into a deficit position and taking the school longer to recover the deficit.
 - Any other one off costs incurred on recovery of the deficit, such as specialist consultancy advice/support. (it was agreed by Schools' Forum on 11th July 2016 that where West Berkshire's Accountancy Service are engaged for such

support, the cost can be charged direct to this fund without making a separate bid).

In order to access this funding, a school will need to complete and submit an application to the WBC Schools' Finance Manager who will arrange a panel (usually the next Heads Funding Group) to assess the application. The school will be invited to present their case in person to the panel and answer questions. The panel will also be provided with benchmarking information produced by Schools' Accountancy (which will be shared with the school prior to the meeting). The panel will recommend the amount and duration of the financial support to Schools' Forum for approval or not.

Additional High Needs Funding Criteria 2017/18

1. Background

- 1.1 Local authorities can provide additional targeted support to individual schools from its high needs block where it would be unreasonable to expect the first £6,000 of support for that schools high needs pupils to be met by them from its (pre 16) formula funding due to an exceptional number of such pupils on its roll.
- 1.2 The guidance from the DfE has stated that the additional funding paid to schools should be formulaic based on the number of high needs pupils in each school. It cannot take into account lower level needs of pupils. The formula or criteria should be as clear and simple as possible, and should be devised so that additional funds are targeted only to a minority of schools which have particular difficulties because of their **disproportionate number** of high needs pupils or their characteristics.
- 1.3 The Schools' Forum agreed the methodology at its meeting on 5th December 2016, and this is set out below.

2. Methodology and Process

- 2.1 There will be an additional payment to schools where the actual number of pre 16 high needs pupils (i.e. pupils in mainstream receiving top ups) is significantly (1%) above the average of all schools in West Berkshire.
- 2.2 Where the actual number of pre 16 high needs pupils per school is 1% above the West Berkshire average (the average is calculated using the number of high needs pupils in January 2017 and shown in the pink column on the attachment), each additional high needs pupil will attract £6,000 in addition to the top up. The number of additional pupils will be calculated on a proportionate basis rather than rounding up or down to whole pupil numbers to avoid a funding cliff-edge.
- 2.3 The funding will be paid pro rata each term based on the actual number of pre 16 pupils receiving top ups at that time for the number of days in that term i.e. calculated and paid in April, October and January.
- 2.4 The attached table shows for each school how many high needs pupils equals the average + 1% (the pink column) before qualifying for additional funding in 2017/18. Schools will receive £6,000 per 1.0 high needs pupils they have on roll *above this average number*. Note that funding may be a proportion of £6,000 if the calculation is less than 1.0.
- 2.5 The amount of funding to be set aside for this purpose in the high needs budget will be £100,000.

Provisional 2017/18 Additional SEN Funding for Schools with Disproportionate large numbers of High Needs Pupils

Cost Centre	SCHOOL	Relevant Data			Indicative Funding		
		Total Pre 16 Pupil No.s (Oct 2016 Census excl RU)	Mainstream Pre 16 Pupil No.s Receiving Top Ups January 2017	Notional SEN Budget 2017/18	Average No. of Pupils Formula Funded	High Needs Pupils Above Average (un rounded)	Indicative Add'l Funding £6,000
