# West Berkshire Vision 2036

---

**Report being considered by:** Health and Wellbeing Board

**On:** 4 October 2018

**Report Author:** Gabrielle Mancini

**Item for:** Discussion

---

## 1. Purpose of the Report

- 1.1 To present the West Berkshire Vision 2036 which is currently out for consultation. The document is the culmination of an evidence review and workshops to agree aspirations of partners for the future of West Berkshire.

## 2. Recommendation

- 2.1 The Board note the Vision.

## 3. How the Health and Wellbeing Board can help

- 3.1 Share the draft document widely through communication and engagement channels.
- 3.2 Respond to the consultation if any additions are required, including the referenced evidence base.
- 3.3 Consider ways in which organisational strategies will align to the ambitions set out in the Vision.

<b>Will the recommendation require the matter to be referred to the Executive for final determination?</b>	Yes: <input type="checkbox"/>	No: <input type="checkbox"/>
--	-------------------------------	------------------------------

## 4. Introduction/Background

- 4.1 West Berkshire is a thriving district in Southern England. It is seen as a fantastic place to live by its residents, who benefit from good educational, health and employment opportunities. It has also received, in recent years, significant investment which has allowed it to flourish as a well-connected, prosperous and desirable local economy with world-class digital infrastructure.
- 4.2 That isn't to say it's without its problems. Evidence suggests that these benefits are not being enjoyed by all residents across West Berkshire. There are significant inequalities in wealth, life expectancy and health as well as education and employment prospects within the district.
- 4.3 West Berkshire, and the world around it, is always changing. Of course, some of this is planned, but much of it is because of national and international trends and events. Regardless of how it comes about, we must be ready for it and take every opportunity to harness the best possible results for residents.

- 4.4 A number of West Berkshire organisations, working under the umbrella of the West Berkshire Health and Wellbeing Board (HWBB), have started a fresh discussion about what the district might want to look like in 2036. The draft West Berkshire Vision 2036 is the product of these discussions and contains evidence which sets out the sort of place West Berkshire is now, and the sort of place it could aspire to be. This conversation has encouraged us to focus on how the HWBB can contribute to the development of the districts existing attributes, whilst embracing the change the future brings.

## 5. Supporting Information

- 5.1 The Vision is supported by a fully referenced evidence base, which HWBB members have scrutinised and verified.

## 6. Proposals

- 6.1 The consultation on West Berkshire Vision 2036 will close on 31 October 2018. HWBB members are asked to respond where necessary to the consultation and to encourage participation by sharing through their communication and engagement channels.
- 6.2 All comments will be considered following the closure of the consultation period and will be assimilated into the final version.
- 6.3 The final version will be submitted to all partner organisations and be presented to the Health and Wellbeing Board for formal approval on 19 January 2019.
- 6.4 The Council will approve the document on 5 March 2018.

## 7. Conclusion

- 7.1 Over the next six months the draft Vision will be shaped and amended through discussion, debate and consultation with a wide range of stakeholders from across the district, including residents, businesses and organisations. From this, a consensus will emerge as to what the people of West Berkshire would like their district to look like in 2036.

## 8. Consultation and Engagement

- 8.1 The Health and Wellbeing Board and wider stakeholders have been engaged throughout the development of the Vision 2036 including at the Annual Health and Wellbeing Conference on 19 April 2018 and a workshop on 30 August 2018.
- 8.2 Partners and the public can respond to the consultation on the Council's website by 31 October 2018, at <https://www.surveymonkey.co.uk/r/WBVision2036>.

## Appendix A

### Data Protection Impact Assessment – Stage One

The General Data Protection Regulations require a Data Protection Impact Assessment (DPIA) for certain projects that have a significant impact on the rights of data subjects.

Should you require additional guidance in completing this assessment, please refer to the Information Management Officer via [dp@westberks.gov.uk](mailto:dp@westberks.gov.uk)

Directorate:	
Service:	
Team:	
Lead Officer:	
Title of Project/System:	
Date of Assessment:	

### Do you need to do a Data Protection Impact Assessment (DPIA)?

	Yes	No
<p><b>Will you be processing SENSITIVE or “special category” personal data?</b></p> <p><i>Note – sensitive personal data is described as “data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation”</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will you be processing data on a large scale?</b></p> <p><i>Note – Large scale might apply to the number of individuals affected OR the volume of data you are processing OR both</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will your project or system have a “social media” dimension?</b></p> <p><i>Note – will it have an interactive element which allows users to communicate directly with one another?</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will any decisions be automated?</b></p> <p><i>Note – does your system or process involve circumstances where an individual’s input is “scored” or assessed without intervention/review/checking by a human being? Will there be any “profiling” of data subjects?</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will your project/system involve CCTV or monitoring of an area accessible to the public?</b></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will you be using the data you collect to match or cross-reference against another existing set of data?</b></p>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>Will you be using any novel, or technologically advanced systems or processes?</b></p> <p><i>Note – this could include biometrics, “internet of things” connectivity or anything that is currently not widely utilised</i></p>	<input type="checkbox"/>	<input type="checkbox"/>

If you answer “Yes” to any of the above, you will probably need to complete [Data Protection Impact Assessment - Stage Two](#). If you are unsure, please consult with the Information Management Officer before proceeding.
