2018/19 Savings and Income Generation Programme: Risk items

Appendix C

R#	Directorate	Service	Description	Category	£	RAG	Explanation of Red/Amber
25	Communities	Corporate Director	Family Group Conferencing	Income	20,000	Red	Demand for this service from Reading Council has not met the levels to achieve the target. A pressure bid has been made for 19/20.
26	Communities	Corporate Director	Emotional Health Service	Income	20,000	Red	Insufficient demand for this service up to this point in time has not been realised.
27	Communities	Corporate Director	Merging LSCB Boards	Efficiency	15,000	Red	Expected efficiencies not yet being delivered by Berkshire West LSCB because of the commitment to continue current contribution levels.
28	Communities	Corporate Director	Trading expertise for the conduct of Family Group Conference	Income	6,000	Red	Unachievable as the expert who this saving was attached to is no longer at WBC.
1	Communities	Adult Social Care	Transforming lives - delivering care to existing clients with complex needs differently	Efficiency	175,000	Amber	Now titled Delivering Care Differently. This work stream involves targeted reviews of clients to look at how they can be supported differently, reducing the cost of the care package but still have their needs met. It includes a project working with individuals and care providers to focus on reducing the use of double-handed through provision of equipment, increasing the use of assistive technology and changes to the care setting.
2	Communities	Adult Social Care	New Ways of Working	Transformation	225,000	Amber	Now titled Three Conversation Model. Implementation of the new case management system meant ASC did not receive NWW performance reports. This has been resolved for 2018/19 and the key indicator of people coming to the front door who then go on to long term services is a very positive 6%. The service will continue to maintain a focus on maintaining this conversion rate but this will not mitigate other factors that impact commissioning budgets e.g. delayed transfers of care or private funders who run out of money and become the Council's responsibility.
78	Communities	Adult Social Care	Establish a framework for S12 specialist GPs for Deprivation of Liberty safeguards for ASC	Efficiency	6,000	Red	Unlikely to be achieved this financial year
11	Communities	Children & Family Services	Placements demand mgt/Family Safeguarding/lower cost placements	Transformation	200,000	Amber	Placement budgets are forecast to be overspent driven by demand. There is a risk the savings target which will not be fully achieved in year
12	Communities	Children & Family Services	Childcare Lawyers demand management	Transformation	200,000	Red	Childcare lawyer costs are incurred when applying for Court Orders to safeguard a child. The complexity of the case and the extent to which it is contested can add considerably to the costs. Furthermore, there is increasing expectation that children in care should be safeguarded by Court Orders rather than informal (voluntary) arrangements. 80% of West Berkshire children in care have a Court Order protecting their status. It is difficult to predict future demand accurately, however there is an opportunity to better forecast costs particularly high cost cases by having the latest data on legal costs which we are working with Reading council on. Longer term there may also be the opportunity to procure legal services from a different provider.
10	Communities	Education Services	Castlegate Transformation	Income	50,000	Amber	Initial spare bed capacity was to be sold to non WBC children however subsequent increase in demand for WBC children requiring respite care has filled these beds.
32	Economy & Environment	Planning & Development	Increase rent levels charged for temporary accommodation	Income	13,000	Amber	It is too early in the year to confirm this as green
42	Economy & Environment	Transport & Countryside	Income targets for service budgets - car parks	Income	75,000	Amber	External power supply problems, vandalism of, and thefts from parking equipment and fewer enforcement resources than anticipated has had an adverse impact on income.
44	Economy & Environment	Transport & Countryside	Increase number of CEOs by 1.5FTE and include CEOs into the debate for Site/Street inspections.	Income	46,500	Red	Considerable difficulty in recruiting enforcement officers has resulted in reduced income from penalty charges, and there has been no increased income from on street parking charges.
73	Resources	Strategic Support	Income generation from internal recharging for services provided by Graphics Team	Income	48,000	Red	Reduced internal demand for the services of the imagery and graphics design team has resulted in anticipated income being £48k lower than target for this service.
80	Corporate	Corporate	Corporate Digitisation Enablers	Transformation	39,200	Amber	Delay in completing digitisation work has resulted in uncertainty about the level of deliverability of savings this year. These remain possible but not yet certain.
80	Corporate	Corporate	Corporate Digitisation Enablers	Transformation	10,800	Red	Delay in completing waste digitisation work has reduced possible full year resource savings by 30%
