## EXECUTIVE

### MINUTES OF THE MEETING HELD ON THURSDAY, 28 MARCH 2019

**Councillors Present:** Dominic Boeck, Graham Bridgman, Jeanette Clifford, Hilary Cole, Lynne Doherty, James Fredrickson, Graham Jones and Richard Somner

**Also Present:** Nick Carter (Chief Executive), Sarah Clarke (Head of Legal Services), Andy Day (Head of Strategic Support), Tess Ethelston (Group Executive (Cons)), Tandra Forster (Head of Adult Social Care), Olivia Lewis (Group Executive (Lib Dem)), Gary Lugg (Head of Development & Planning), Gabrielle Mancini (Economic Development Officer), Stephen Chard (Principal Policy Officer), Councillor Lee Dillon, Councillor Tony Linden, Councillor Mollie Lock, Councillor Gordon Lundie and Councillor Quentin Webb

**Apologies for inability to attend the meeting:** John Ashworth, Councillor Anthony Chadley and Councillor Rick Jones

#### PART I

##### 95. Minutes

The meeting commenced with all present observing a one minute silence for former District Councillor Ian Clay who had sadly passed away very recently. As well as being a former District Councillor, Ian had also been a Parish Councillor, a School Governor, had fulfilled roles with Sovereign Housing Association and Royal Berkshire Hospital Foundation Trust, as well as performing volunteer roles. This named just some of the roles that Ian had undertaken both across the District and in his more local area.

The Minutes of the meetings held on 14 February 2019 were approved as a true and correct record and signed by the Leader.

Councillor Graham Jones recorded his thanks for the accuracy of the minutes produced for Executive meetings over the past four year period.

##### 96. Declarations of Interest

### 98. **Petitions**

There were no petitions presented to the Executive.

### 99. **West Berkshire Council Economic Development Strategy (EX3674)**

The Executive considered a report (Agenda Item 6) concerning the draft Economic Development Strategy.

## EXECUTIVE - 28 MARCH 2019 - MINUTES

Councillor James Fredrickson introduced the item by explaining that the Economic Development Strategy was designed to help meet forthcoming challenges for the District. Key amongst those challenges was the projected demographic shift in West Berkshire which suggested a move from the current position of having four working age people for every retired person to two working age people for every retired person. A projected 185% increase in over 85 year olds over the next 25 years was not sustainable as things stood and was being prepared for. The Economic Development Strategy had a key role in this.

West Berkshire's local economy was strong, resilient and diverse, and brought many benefits to meet future challenges. The district had an incredible amount to offer businesses and residents with excellent digital connectivity (including broadband in rural areas and a move to 5G connectivity), key strategic transport links, world class training opportunities and representation from a wide range of industries. Councillor Fredrickson added that West Berkshire Council had been nominated for an award for its plans to support economic growth.

In terms of specifics, Councillor Fredrickson highlighted (as one example of many initiatives) that the Economic Development Strategy would encourage the greater uptake of apprenticeships. A Community Apprenticeship Levy Fund would be created and used innovatively to enable a wider range of businesses to employ an apprentice.

The Executive was being asked to approve the Economic Development Strategy for consultation. Subject to gaining approval, the consultation process and the resultant adoption and then implementation of the document would be owned by the newly formed Economic Development Board.

Councillor Lee Dillon advised that he would make his comments in response to the consultation, but he questioned the absence of any mention of Brexit and/or the UK's relationship with the European Union (EU). Had that been considered in the production of the Strategy?

In response, Councillor Fredrickson explained that consideration was given in producing the Strategy to the political situation in relation to the EU and meeting changing market forces. The focus for the future was for West Berkshire to be more independent regardless of difficulties that might be encountered.

**RESOLVED that** the draft Strategy would be approved for consultation.

**Other options considered:** None.

### 100. **Key Accountable Performance 2018/19: Quarter Three (EX3422)**

The Executive considered a report (Agenda Item 7) which outlined quarter three outturns for the Key Accountable Measures (KAMs) which monitored performance against the 2018/19 Council Performance Framework; provided assurance that the objectives set out in the Council Strategy 2015-2019 and other areas of significant activity were being managed effectively; presented, by exception, those measures which were predicted to be 'amber' or 'red' at year end, provided information on any remedial action taken/its impact; and recommended changes to measures/targets requested by services.

Councillor Dominic Boeck in introducing the report drew attention to the fact that actions were being put in place to improve those measures reporting as 'amber' or 'red'. In particular, this included measures relating to:

- (1) The number of bed days due to Delayed Transfers of Care (DToC). This was already reported to Members, including the Overview and Scrutiny Management Commission (OSMC), on a regular basis.

## EXECUTIVE - 28 MARCH 2019 - MINUTES

(2) The number of Adult Social Care (ASC) clients with Long Term Support receiving a review. Improvement actions included an invitation to the Local Government Association to conduct a focussed peer review to identify any further solutions to manage performance in this area.

The report also recommended that the following points be noted:

- House prices and planning measures, and their potential impact on the provision of affordable housing committed to in the draft Council Strategy.
- The increase in demand and its subsequent impact on performance and financial commitment in Children's Social Care and Adult Safeguarding Services.

Councillor Graham Bridgman added to the points made about DToC. He explained that significant improvements had been made in this area of work and this had been achieved with the help of cross-system and cross-organisation co-operation with health partners. However, while performance was considerably better than a year ago, the Council was not resting on its laurels and this work continued to be high on the radar. Benchmarking data was regularly analysed for comparison purposes and to help identify any further areas for improvement.

Turning to Long Term Support packages, Councillor Bridgman advised that plans were in place to review these in line with Care Act requirements. This activity was listed as a high priority as part of the ASC New Ways of Working review. He would be working with officers to continue to make progress in this area.

Finally, Councillor Bridgman made reference to improvements at Birchwood Nursing Home. He had recently visited the home with Councillor Marigold Jaques and they were very impressed by the work of the team at Birchwood. As Portfolio Holder he was satisfied by the considerable amount of work that had been and continued to be undertaken, and by the resource levels put in place. He felt this was in line with the requirements and expectations of the Care Quality Commission (CQC).

Councillor Hilary Cole drew attention to the Council's performance in the area of bin collection and street cleaning. The percentage of recycled, composted, reused and recovered household waste remained positive at an estimate of 89%. This equated with performance of previous years and it was expected that the annual target would be met.

The level of street cleanliness had been judged as 'Good' by Keep Britain Tidy.

Councillor Jeanette Clifford explained that since the report was written, the road condition annual report had been released and this showed that the condition of West Berkshire's roads was found to be better than they had ever been previously.

Councillor James Fredrickson referred to the Measure of Volume for residents in receipt of Job Seeker's Allowance and Universal Credit. He highlighted the point made by officers that under Universal Credit a broader span of claimants were required to look for work than under Jobseeker's Allowance thereby helping more residents find work.

Councillor Lee Dillon queried where it was most appropriate to ask questions on these quarterly performance reports. He had been advised previously to ask questions at OSMC, but this required attendance of Portfolio Holders so they could answer questions. Councillor Graham Jones responded with the view that questions could be answered in more depth at OSMC meetings. Councillor Dillon therefore hoped that at the very least either the Leader, Deputy Leader or Portfolio Holder for Corporate Services would be in attendance at the OSMC. Councillor Graham Jones suggested that dialogue on this matter continue outside of the meeting. Councillor Boeck added that relevant Portfolio Holder attendance at OSMC would be aided by planning work in advance of OSMC meetings.

## EXECUTIVE - 28 MARCH 2019 - MINUTES

Councillor Dillon added comments on DToC, a topic which had been worked on by the OSMC. He commended the improvements that had been made in what was a multi-faceted area of work. Councillor Dillon noted that this was aided by the good relationship in place between the Council and the Royal Berkshire Hospital and felt that this was something to replicate with other hospitals.

Councillor Dillon next turned to the Key Accountable Performance Scorecard. He noted that of the seven priorities for improvement, three were reporting as 'red' and another three as partially 'red'. He queried therefore the level of investment given to these areas by the Council and the level of risk of not achieving these priorities.

Councillor Bridgman responded by pointing out that the 'red' performance in safeguarding vulnerable adults was only as a result of the CQC rating awarded to Birchwood Nursing Home. This would not change until the home was re-inspected. Councillor Bridgman therefore advised that it was necessary to understand the detail behind the RAG ratings.

Councillor Graham Jones encouraged further dialogue on this point at OSMC meetings, with appropriate Members invited to participate in the debate.

### **RESOLVED that:**

- Progress against the KAMs and key achievements in all services be noted.
- Those areas reported as 'amber' and 'red' had been reviewed to ensure that appropriate actions were in place, in particular for the measures relating to:
  - (1) the number of bed days due to Delayed Transfers of Care (DToC) already reported to elected Members during the OSMC on a regular basis; and
  - (2) the number of ASC clients with Long Term Support receiving a review – improvement actions included Corporate Board's recommendation that the LGA be invited to conduct a focused peer review to identify any further solutions to manage performance in this area.
- The house price and planning measures, and their possible impact on the provision of affordable housing committed to in the draft Council Strategy, be noted.
- The increase in demand and its subsequent impact on performance and financial commitment in Children's Social Care and Safeguarding Services be noted.

**Other options considered:** None.

### **101. Senior Management Arrangements from April 2019 - Final Proposals (EX3679)**

The Executive considered a report (Agenda Item 8) which set out the final proposals for a new emergent senior management structure which, if agreed, would start to be implemented from April 2019.

Councillor Graham Jones commented that a strong and stable senior management structure had been in place at the Council for many years. However, some Heads of Service had retired and others were due to retire in the relatively near future and therefore this emergent senior management structure had been put forward. While an efficient and, as much as possible, a cost effective structure would continue to be in place, a need for enhanced strategic capacity was reflected in the proposed new structure as was the need for different skill sets.

Councillor Graham Jones continued by explaining that the senior management review was not driven by a desire to find savings. There was however an expectation that the changes, including enhanced remuneration, would be met from within the existing budget envelope. Overall financial savings would be delivered through reducing the number of senior managers at Tiers 1 to 3. This was likely to be offset by an increase in

## EXECUTIVE - 28 MARCH 2019 - MINUTES

remuneration but more significantly by a likely increase in capacity and capability at Tier 4. The appointment of an Executive Director (Resources) would create a budget pressure although this would be offset in part by a reduction in the numbers of Heads of Service within the Resources Directorate. It was recommended that any short term budget pressure emerging during 2019/20 would be met from the Restructuring Reserve.

Councillor Lee Dillon advised that the Liberal Democrat Group had received a briefing from the Chief Executive on this report and its proposals. While concern had been expressed of the potential for increased costs, it was felt that the phased approach to the new structure was sensible with implementation as and when Heads of Service retired.

### **RESOLVED that:**

- (1) the consultation comments in paragraphs 2.21 – 2.29 of the main report be noted along with the resulting commentary;
- (2) the proposed new management structure outlined in Appendix E2 be agreed subject to further consideration of the Service Director (Children and Young People) post at an appropriate point in the future;
- (3) the proposal to implement this new management structure from April 2019 (subject to consultation) be noted, and that implementation of the new structure will be emergent;
- (4) appointment to the post of Executive Director (Resources) commences immediately in accordance with the Person Specification, Job Description and Remuneration set out in Appendix F. The Personnel Committee will be asked to authorise that this post is assigned the Council's Section 151 Officer;
- (5) an annual review of the progress with implementing the management structure is undertaken by the Head of Paid Service to determine whether sufficient progress has been made with implementing the new arrangements;
- (6) on the subsequent appointment of Service Director posts, the Tier 4 management arrangements be reviewed and proposals brought forward on a Department by Department basis by the Service Director working to an agreed corporate framework;
- (7) a paper specifying remuneration levels for the Chief Executive, Executive Director, and Service Director posts be brought forward by the Head of HR after April 2019 and that this includes an option to enhance the current grade structure to assist recruitment and retention at Tier 4.

**Other options considered:** An independent review by South East Employers is set out at Appendix D. This highlights the structural options that have been explored as part of this review. In practice there are not many to choose from. Further potential options are also briefly set out within this paper. The retention of the status quo has not been actively considered given it is deemed necessary to review remuneration levels and if these increase then there is a need to contain the overall cost of any new senior management structure within the existing financial envelope. This can only be done through restructuring.

## **102. Members' Questions**

A full transcription of the public and Member question and answer sessions is available from the following link: [Transcription of Q&As](#).

- (a) **Question submitted by Councillor Mollie Lock to the Portfolio Holder for Children, Education and Young People**

A question standing in the name of Councillor Mollie Lock asking what sum of money was needed to get schools out of deficit without further spending cuts was answered by the Portfolio Holder for Children, Education and Young People.

## EXECUTIVE - 28 MARCH 2019 - MINUTES

(b) **Question submitted by Councillor Lee Dillon to the Portfolio Holder for Adult Social Care**

A question standing in the name of Councillor Lee Dillon asking the Portfolio Holder about his involvement in the management of the Adult Social Care budget was answered by the Portfolio Holder for Adult Social Care.

(c) **Question submitted by Councillor Lee Dillon to the Portfolio Holder for Corporate Services**

A question standing in the name of Councillor Lee Dillon on the subject of whether or not there was an outstanding contract with St Modwen in relation to the LRIE was answered by the Portfolio Holder for Corporate Services.

(d) **Urgent Question submitted by Councillor Gordon Lundie to the Portfolio Holder for Planning, Housing and Waste**

An urgent question standing in the name of Councillor Gordon Lundie, asking under what circumstances could a CIL charge be cancelled or set aside, was answered by the Portfolio Holder for Planning, Housing and Waste.

(e) **Urgent Question submitted by Councillor Mollie Lock to the Portfolio Holder for Children, Education and Young People**

An urgent question standing in the name of Councillor Mollie Lock asking for an update on the Highwood Copse project, given that the contractor had gone into administration, was answered by the Portfolio Holder for Children, Education and Young People.

Prior to the move to exclude members of the press and public, Councillor Graham Jones took the opportunity to say farewell to Andy Day, the Head of Strategic Support, who was in attendance at his last Executive meeting before he retired and to place on record his thanks for Andy's work over many years at the Council.

Andy's career in local government started on 20 June 1977 at Gosport Borough Council at the age of 17. In 1988, Andy became an Associate of the Institute of Chartered Secretaries. Andy joined West Berkshire Council in 2001 and had been Head of Service since 2007.

Aside from the workplace, Andy was a passionate footballer. He played semi-professionally for Portsmouth and Councillor Graham Jones enjoyed Andy's regular use of football metaphors at meetings.

Councillor Graham Jones concluded by once again thanking Andy and stating that it had been a great pleasure to work with him.

Councillor Lee Dillon echoed the comments made by the Leader. He added, from Liberal Democrat Members, that Andy's role in Strategic Support and in supporting Members had always extended across both parties in an encouraging way. For example, when Liberal Democrat Members had brought forward propositions, Andy had helped find the best way to bring them before the Council. Councillor Dillon, on behalf of the Opposition, gave thanks to Andy and, on a personal level, thanked Andy for his help in discussing Council issues and stated that his advice had always been welcomed.

Councillor Mollie Lock then gave her thanks to Andy for procuring the Chairman's badges. This was very much appreciated as it recognised that a Member had undertaken this important role.

Councillor Graham Jones then extended his thanks to officers for the support given to himself over many years as this was his last Executive meeting before he stood down as a Councillor. In particular, he singled out Nick Carter, Chief Executive, with whom he had

## EXECUTIVE - 28 MARCH 2019 - MINUTES

worked since 2005, and stated that it had been an absolute pleasure to work with him over such a long period. Nick stated that it had likewise been an absolute pleasure to work with Graham.

As this was Councillor Graham Jones last Executive meeting, Councillor Hilary Cole, on behalf of the Executive, reflected on Graham's time as Leader of the Council. He had served two periods as Leader and in his second spell as Leader he had done exceptionally well, particularly during the very sad and difficult period of time when former Leader, Councillor Roger Croft, had sadly passed away.

She continued by explaining that Graham's consensual and inclusive approach had been both essential and exceptional. He was willing to take the views of others into account and this was important when considering the large Conservative Group and the, at some times, differing views of its Members.

Councillor Cole concluded by stating that it had been an absolute delight to work with Graham and an honour and a privilege to be his Deputy in more recent times. She wished Graham all the very best for the future.

Councillor Dillon referred to the comments already made in relation to Graham's leadership at the Full Council meeting in March 2019. As mentioned by Councillor Cole, Graham took over as Leader in very difficult circumstances when Councillor Croft sadly passed away and his experience, together with already fulfilling the Deputy Leader role and his wide knowledge of how the Council operated, brought much needed stability at that difficult time to the Administration. Councillor Dillon added his best wishes to Graham for the future.

Councillor Dillon then extended best wishes to other Council Members who would not be standing again as Councillors or might not remain in their Seats beyond the May elections.

Councillor Dillon felt that over the past four years, while there had only been a small Opposition, there had been a dignified and respectful relationship between the Administration and Opposition, and the two Groups had worked together well. This had been a very important factor for the Council.

Councillor Graham Jones gave thanks for these many kind comments. He would miss West Berkshire Council, but felt it was the right time to look to new challenges and he already had many plans for his retirement from politics.

Councillor Graham Jones felt that the collegiate atmosphere across the Council, 'The West Berkshire Way', created a positive way of working. He felt that this was the best way to ensure that a good level of service continued to be delivered to West Berkshire's residents.

### 103. Exclusion of Press and Public

**RESOLVED that** members of the press and public be excluded from the meeting for the under-mentioned item of business on the grounds that it involves the likely disclosure of exempt information as contained in Paragraphs 1 and 2 of Part 1 of Schedule 12A of the Local Government Act 1972, as amended by the Local Government (Access to Information)(Variation) Order 2006. Rule 8.10.4 of the Constitution also refers.

### 104. Youth Offending Team - Redundancy Payments (EX3712)

The Executive considered an exempt report (Agenda Item 11) which sought approval for redundancy payments associated with the organisational change process in the Youth Offending Team.

**EXECUTIVE - 28 MARCH 2019 - MINUTES**

**RESOLVED that** the recommendation in the exempt report be agreed.

**Other options considered:** as outlined in the exempt report.
