### 1. Purpose of the Report

1.1 This report sets out for information purposes the year end balances for all maintained schools, highlighting those schools with a deficit or significant surplus.

#### 2. Recommendation

2.1 To note the report.

to be referred to the Council or the Yes: No: No:
---

#### 3. Introduction

- 3.1 This report provides an overview of maintained school balances as at the end of 2018/19 and highlights those schools with a deficit or significant surplus. This report does not represent all schools in West Berkshire.
- 3.2 The Scheme for Financing Schools states: "In order to control surplus balances, the authority will report the balances held by each school at the end of the financial year to the Schools' Forum. The Schools' Forum may request individual schools to provide further information and/or attend a meeting of the Heads Funding Group if the data reported raises any concerns regarding their financial management".

#### 4. Overview of School Balances as at 31st March 2019

4.1 The schools' accounts for 2018/19 have now been closed and school balances at 31.3.2019 are £5.3m. The table below summarises the balances of West Berkshire

Maintained schools by fund.

- 4.2 Total balances have increased by £1.6m from 2017/18, mostly comprising of £802k in Main School Budget (MSB) and £699k in Capital.
- 4.3 The majority of the MSB change is due to the nine deficit schools reducing their combined Main School Budget deficits by £600k. Five of these schools are now out of deficit.
- 4.4 All schools have had to make tough decisions in order to improve their ongoing financial position. National agreements on funding are invariably agreed for a limited period of time, so cannot be relied upon for future budgeting purposes.
- 4.5 In the 2018 budget, the government announced an extra £400 million of capital funding for schools in England for 2018/19. West Berkshire was allocated £655k, allocated across each eligible institution as a lump sum of £3,000 and a variable amount based on a per-pupil amount of £32.10, weighted by the phase of the pupil. The funding was received in February 2019, leaving little time to spend the allocation before the end of the year. A list of capital allocations by school is at Appendix C.
- 4.6 The table below shows the increase/decrease by school category.

Total Balances Summary	As at 31/03/2018	Increase/ -Decrease in year	As at 31/03/2019	Change
	£000	£000	£000	%
Nursery Schools	246	-62	185	-25.0%
Primary Schools	2,218	1,569	3,787	70.7%
Secondary Schools	480	197	677	41.0%
Special Schools	496	82	578	16.6%
Pupil Referral Units	286	-179	107	-62.6%
Total for all Schools	3,726	1,608	5,334	43.1%

For Primary schools the balance of £3.8m represents 7.7% of the 2018/19 funding allocation. For Secondary schools the balance of £677k represents 5% of the funding allocation. Secondary schools have removed the collective fund for supporting schools in financial difficulty, meaning that schools have to provide their own safety net.

### 5. Conclusion

- 5.1 The overall increase in maintained school balances has been achieved by schools striving to improve their financial position against a backdrop of uncertain future funding.
- 5.2 A list of all maintained schools balances is included in the Appendices.
