Supporting Information

1. Background

- 1.1 Since December 2008 Community Led Plans (or Parish Plans) have been formally endorsed by West Berkshire Council, via the Individual Decision process.
- 1.2 The endorsement of a Parish Plan means that the Council commits to working positively with the community to realise the vision set out in the plan. This means that the Council will give approval or sanction, where it can, actions that have the support of the community and have been included in the Parish Plan Action Plan. This is subject to the draft Action Plan having been circulated to the Council and its Partners by prior agreement and the actions discussed in consultation with the Principal Policy Officer for Community Planning.

Community Planning In West Berkshire

- 1.3 West Berkshire Council, working alongside other key partners from the Local Strategic Partnership such as the Community Council for Berkshire and the local community, has promoted the development of Community Planning across the District.
- 1.4 The Council's success in pushing forward this work has been recognised nationally; firstly through the award of Beacon Status for the local authority in 2006 as part of the "Empowering Communities Improving Rural Services" theme and subsequently through the successful joint local authorities bid to the national Beacon Peer mentoring fund, which the Council led, to further develop work in Community Planning.
- 1.5 Parish Plans are key documents that set out a vision for how a community wishes to develop in the future. They contain an action plan that will help to realise that vision.
- 1.6 Parish Plans are developed through a wide ranging consultation process with the local community. This helps ensure that the resulting plan reflects the needs and aspirations of local people. The Plans are therefore an important source of intelligence about the views and concerns of the community as well as highlighting specific actions that communities wish to see taken in their areas. This information plays an important part in shaping both service planning and delivery across the Council but is increasingly being used to inform Council strategy and policy development.
- 1.7 The process by which Parish Plans are developed involves extensive liaison and engagement with service providers and statutory organisations, most especially the Council. This close involvement and dialogue helps ensure that officers are aware of the direction and aspirations of the community and can help develop meaningful and realistic actions.
- 1.8 This close engagement between the Council and the community at a very practical level helps to provide an excellent platform for improving relationships and communications between the local authority and the communities it serves.

- 1.9 A further benefit emerging from Community Planning is that it has helped bring communities and organisations together to focus on developing solutions to local problems, for example; joint working on environmental issues, such as noise from the M4; allotment provision; growing food locally and development of local business groups.
- 1.10 The attached Yattendon Parish Plan sets out the Parish aspirations and Action Plan for this community. This refreshed plan updates the original plan which was completed in 2006.
- 1.11 The action plan is built around the 5 themes of the sustainable community strategy. This provides an ideal focus for the plan and helps develop clear links between local activities and the overall strategic vision for the district.

2. Recommendations

- 2.1 It is RECOMMENDED that the Plan be formally adopted by the Council as an important document.
