42.	Darryl Chapman	Newbury	[REDACTED]	Yes	The proposed premises will alter the nature of Market Place, as well as increasing the likelihood of public disorder and nuisance for residents, who already are disturbed by the weekend night economy and the Post Office Sorting Office.	2020-07-11

46.	Charlie Arnold	Newbury	[REDACTED]	Yes	Gambling can be addictive. A 24 hour licence would be dangerous and irresponsible. I fear the temptation would be too great for some to handle. Pubs have a licence to serve alcohol within permitted hours during their opening to reduce encouragement to drink 24hours a day. I believe betting shops should adhere to the same restrictions. You can drink at home, you can gamble at home. It would be very foolish to proceed down this road in my opinion.	2020-07-12
