

Technical Conventions

This report sets out the Council's progress against its Priorities for Improvement set out in the [Council Strategy](#). Performance is presented by priority and augmented with Influencer measures to further describe the operating environment and / or challenges.

Activities are monitored within the council priorities and RAG rated by projected year end performance, e.g. a prediction of whether the target or activity will be achieved by the end of the financial year (or, for projects, by the target date):

Red (R)	Indicates that we have either not achieved (or do not expect to achieve) the activity or target by year end, or the specified target date.
Amber (A)	Means we are behind schedule, but still expect to achieve or complete the measure or activity by year end, or the specified target date.
Green (G)	Means we have either achieved or exceeded (or expect to achieve or exceed) what we set out to do.
Annual	Indicates that the measure that can only be reported against at a particular point in time e.g. at quarter 4.
Baseline	Means that the measure is not targeted and the results are provided as a baseline for future monitoring.
Data not available (dna)	Indicates that the quarterly data is not yet available and will be updated at a later date, usually the following quarter.
Data not provided (dnp)	Means that data has not been provided and will be updated at a later date, usually the following quarter
(E)	Indicates a result is an estimate and will be updated during the year, as and when data becomes available.
(P)	Means a result is provisional and subject to further validation e.g. from an external body, and will be updated during the year, as and when data becomes available.

Where a measure is reported as 'amber' or 'red', an exception report is provided. This identifies the reasons for this assessment and shows what remedial action has been put in place to either bring the measure back on target or to mitigate the consequence of it not being achieved; and whether any Strategic action is required.

Benchmarking

Where possible our progress is compared to all English single tier and county councils, where available, by quartile and rank. Due to the timescales involved in central government publication these are usually available 6-12 months in arrears.

Influencer Measures

Non-targeted measures are reported to either illustrate the demand on a service or provide context for the demand, e.g. economic activity.
