
Compton Neighbourhood Development Plan

Committee considering report:	Council
Date of Committee:	2 December 2021
Portfolio Member:	Councillor Richard Somner
Date Head of Service agreed report: <i>(for Corporate Board)</i>	15 th November 2021
Date Portfolio Member agreed report:	September 2021
Report Author:	Umrah Mahadik
Forward Plan Ref:	C4156

1 Purpose of the Report

1.1. The Compton Neighbourhood Development Plan (NDP) has been subject to Independent Examination and, subject to some minor modifications, has been recommended for referendum. However, the independent Inspectors decision is not binding and only West Berkshire Council can decide if the NDP progresses to referendum. This report provides the evidence for Council to make that decision.

2 Recommendations

2.1 To endorse the Decision Statement on the Compton NDP which concludes that the Compton NDP, with the inclusion of some modifications, meets the Basic Conditions.

2.2 Because the plan meets the Basic Conditions, it is recommended that:

- a) the plan should proceed to referendum; and
- b) Upon a successful 'yes' vote at referendum, agreement is sought that the Compton NDP is adopted immediately after the votes have been counted so that it becomes part of the development plan for West Berkshire.

3 Implications and Impact Assessment

Implication	Commentary
Financial:	For all areas where a NDP has not previously been adopted for that area, local planning authorities can claim £20,000 from

Compton Neighbourhood Development Plan

	<p>when they issue a decision statement detailing their intention to send the plan to referendum.</p> <p>Local planning authorities can claim £5,000 for the first five neighbourhood areas designated only.</p> <p>The cost to the council is largely through officer time, and in the organisation of the independent examination and referendum. It is estimated that approximately 80 - 90 hours of officer time is required to support a community develop a neighbourhood plan, at a cost of approximately £2,500. This is based on the time given to support the development of the Stratfield Mortimer Neighbourhood Plan.</p> <p>On average referendums cost £5,000 per ballot box to deliver, plus the officer time associated with arranging the referendum.</p> <p>The cost of the referendum for the Compton NDP will be met by Planning Policy and the potential savings include less time and resources spent opposing 'unwanted' development, a statutory influence on planning application decisions, enhanced influence on the content of Local Plans, no longer processing appeals against rejected planning applications, officer time requirements reduced in processing planning applications and reduced administrative costs and legal fees.</p> <p>In addition, the cost of the Compton NDP independent examination was £6,786 which represents a significant saving when compared to Stratfield Mortimer NDP which cost approximately £18,185.</p> <p>Should the plan be successful with a 'yes' vote at referendum Compton Parish Council will receive 25% of CIL receipts from applications for development that are approved after the NDP has been adopted.</p>

4 Executive Summary

- 4.1 Since 2017, Compton Parish Council alongside its residents, have been working on a NDP. NDPs are formal planning documents that allow local communities to shape the future of the areas in which they live, and they include policies for development and the use of land.
- 4.2 The Compton NDP has been through independent examination. The examiner has issued his final report which recommends that, subject to eight modifications, the plan can proceed to referendum.
- 4.3 The examiner's report is not binding and West Berkshire District Council (WBDC) must determine if the Compton NDP, as modified, meets the Basic Conditions, is compatible with the Convention rights, complies with the definition of a NDP, and the provisions that can be made by a NDP. WBDC must also determine if the plan should proceed to referendum.
- 4.4 On consideration of the recommendations and modifications contained within the examiner's report, officers have concluded that the modified plan meets the Basic Conditions, is compatible with the Convention rights, complies with the definition of a NDP, and the provisions that can be made by a NDP. Officers recommend that the Compton NDP should proceed to referendum, and this is set out in a Decision Statement (see Appendix D).
- 4.5 If the Compton NDP is successful at referendum, it will be immediately adopted as part of the development plan for West Berkshire.

5 Supporting Information

Introduction

- 5.1 Neighbourhood planning was introduced by the Localism Act in 2011. Neighbourhood Plans, or NDPs as they are also known as, are formal planning documents that allow local communities to shape the future of the areas in which they live, and they include policies for development and the use of land.

Compton Neighbourhood Development Plan

- 5.2 In West Berkshire, neighbourhood planning is led by Parish and Town Councils in consultation with their local community, and WBDC provides technical assistance.
- 5.3 Neighbourhood plans must be subject to consultation, independent examination and a referendum. If successful at referendum they form part of the statutory development plan for West Berkshire. In other words, they are used to determine the outcome of planning applications.

Background

- 5.4 Compton Parish Council, as the qualifying body, successfully applied for Compton parish to be designated as a Neighbourhood Area in January 2017 under the Neighbourhood Planning Regulations. Since the designation of the Neighbourhood Area, Compton Parish Council alongside its residents, have been working together to create a plan and they produced a draft of this at the end of 2020 which they consulted on.
- 5.5 Following the submission of the Compton NDP to WBDC on 6 May 2021, the plan was publicised and comments were invited from the public and stakeholders between 4 June and 16 July 2021.
- 5.6 WBDC appointed an independent examiner, Andrew Mead, to review whether the plan met the Basic Conditions required by legislation and should proceed to referendum. The independent examination of the Compton NDP took place between August and October 2021. The examiner's final report was received on 6 October 2021 and is included within Appendix C.
- 5.7 A NDP will meet the Basic Conditions if:
- it has had regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the plan;
 - it contributes to the achievement of sustainable development;
 - it is in general conformity with the strategic policies of the Local Plan; and
 - it does not breach, and is otherwise compatible with EU obligations.
- 5.8 Regulation 32 of the Neighbourhood Planning (General) Regulations 2012 (as amended) also prescribes the following Basic Condition:
- The making of the neighbourhood development plan does not breach the requirements of Chapter 8 of Part 6 of the Conservation of Habitats and Species Regulations 2017(7).
- 5.9 The examiner concluded that the plan meets the Basic Conditions, and that subject to modifications proposed in his report, the plan should proceed to referendum.
- 5.10 The Compton NDP will guide development in the parish of Compton to 2037, and it contains 27 policies designed to ensure development meets the needs of the local community, whilst maintaining the open countryside of the Parish and protecting the character and identity of Compton within the setting of the North Wessex Downs Area of Outstanding Natural Beauty. The Local Plan allocates the former Pirbright Institute for Animal Health site, which lies within the Parish, as a residential led mixed use

redevelopment. The NDP, therefore, contains a number of development management policies that seek to encourage the comprehensive development of the site in order to deliver an appropriate residential led scheme with employment floorspace, community facilities and green infrastructure. The plan makes no housing allocations but it does cover matters such as design, climate change, the retention and provision of community facilities and employment. The plan also proposes seven sites for Local Green Space designation.

Proposals

5.11 Following the examination of the Compton NDP and the receipt of the Examiner's Report, WBDC is required to make a decision on the next steps. As set out in Part 5 of the Neighbourhood Planning (General) Regulations 2012 (as amended) these are:

- (a) To decline to consider a plan proposal under paragraph 5 of Schedule 4B to the Town and County Planning Act 1990 (as amended) (as applied by section 38A of the Planning and Compulsory Purchase Act 2004 (as amended)) or a modification proposal under paragraph 5 of Schedule A2 to the 2004 act;
- (b) to refuse a plan proposal under paragraph 6 of Schedule 4B to the 1990 act (as applied by section 38A of the 2004 Act) or a modification proposal under paragraph 8 of Schedule A2 to the 2004 Act;
- (c) what action to take in response to the recommendations of an Examiner made in a report under paragraph 10 of Schedule 4B to the 1990 act (as applied by section 38A of the 2004 Act) in relation to a neighbourhood development plan or under paragraph 13 of Schedule A2 to the 2004 Act in relation to a proposed modification of a neighbourhood development plan;
- (d) what modifications, if any, they are to make to the draft plan under paragraph 12(6) of Schedule 4B to the 1990 Act (as applied by section 38A of the 2004 act) or paragraph 14(6) of Schedule A2 to the 2004 Act;
- (e) whether to extend the area to which the referendum is (or referendums are) to take place; or
- (f) that they are not satisfied with the plan proposal under paragraph 12(10) of Schedule 4B to the 1990 Act (as applied by section 38A of the 2004 Act) or the draft plan under paragraph 14(4) of Schedule A2 to the 2004 Act.

5.12 In accordance with Regulation 18(2) of the Neighbourhood Planning (General) Regulations 2012 (as amended) Regulations, WBDC must produce a Decision Statement that sets out the Council's decision and the reasons for this. This is included in Appendix D.

5.13 The Decision Statement sets out that the recommendations and modifications made in the independent examiner's report should be accepted. The modifications will ensure that the NDP meets the Basic Conditions. A version of the NDP with the modifications is included in Appendix E.

- 5.14 WBDC published the submitted NDP and its supporting documents for a 6 week consultation which ran between 4 June and 16 July 2021. Several representations were submitted which suggested minor factual and contextual corrections, however these were not identified in the examiner's modifications because they did not relate to the Basic Conditions. On consideration of these representations, officers consider it appropriate to make two minor amendments and these are detailed in the Decision Statement.
- 5.15 The Decision Statement recommends that the Compton NDP should proceed to referendum, and that the referendum area should apply to Compton Parish.
- 5.16 Officers are currently liaising with the Elections Team to determine a date that the referendum could take place should Members endorse the Decision Statement. Given the need to give advance notification of the date for the referendum a provision date 10 February 2022 has been provided by Electoral Services.

6 Other options considered

- 6.1 That the recommendations of Compton NDP independent examiner are not followed and the plan does not proceed to referendum.
- 6.2 For the purposes of the determination of planning applications, the development plan for West Berkshire would not include the Compton NDP. There is however no justification for following this approach.

7 Conclusion

- 7.1 The independent examiner's report on the Compton NDP recommended that, with the inclusion of several modifications, it meets the Basic Conditions and should proceed to referendum. The independent examiner's report is not binding, and it is for WBDC to make the final recommendation.
- 7.2 Officers have considered each of the independent examiner's recommendations and modifications, and have decided on an action to take in response to each recommendation and what modifications should be made to the plan in order to be satisfied that the Basic Conditions are met. This is set out in the Decision Statement. The Decision Statement concludes that the Compton NDP, with the inclusion of several modifications, should proceed to referendum.
- 7.3 If the majority of those who vote in the referendum are in favour of the draft NDP (a successful 'yes' vote), WBDC must make the NDP within eight weeks (unless there is a legal challenge) part of the West Berkshire development plan. Officers consider that the NDP should be adopted, as part of the development plan for West Berkshire, as soon as practicable after the referendum.
- 7.4 Following a successful 'yes' vote at referendum it is proposed that the Compton NDP automatically will be adopted by WBDC as part of the development plan and be used in part for the determination of planning applications.

Corporate Board’s recommendation

The report on the Compton NDP was noted.

It was identified that the report was not structured in the correct way for Members.

It was requested that against ‘Legal’ in the ‘Implications and Impact Assessment’ table that mention is made that Parishes with an adopted NDP receive 25% of CIL receipts.

Because the ‘Implications and Impact Assessment’ table mentions against Legal the relevant legislation for making a neighbourhood plan, it was requested that the Operations Board report be sent to Legal for review.

Subject to these changes, Corporate Board recommended that the report proceed to Operations Board.

Subject to Call-In:

Equality Impact Assessment (EqIA) - Stage One

We need to ensure that our strategies, policies, functions and services, current and proposed have given due regard to equality and diversity as set out in the Public Sector Equality Duty (Section 149 of the Equality Act), which states:

- (1) A public authority must, in the exercise of its functions, have due regard to the need to:**
 - (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;**
 - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; This includes the need to:**
 - (i) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;**
 - (ii) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;**
 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it, with due regard, in particular, to the need to be aware that compliance with the duties in this section may involve treating some persons more favourably than others.**
- (2) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.**
- (3) Compliance with the duties in this section may involve treating some persons more favourably than others.**

The following list of questions may help to establish whether the decision is relevant to equality:

- Does the decision affect service users, employees or the wider community?
- (The relevance of a decision to equality depends not just on the number of those affected but on the significance of the impact on them)
- Is it likely to affect people with particular protected characteristics differently?
- Is it a major policy, or a major change to an existing policy, significantly affecting how functions are delivered?
- Will the decision have a significant impact on how other organisations operate in terms of equality?
- Does the decision relate to functions that engagement has identified as being important to people with particular protected characteristics?
- Does the decision relate to an area with known inequalities?
- Does the decision relate to any equality objectives that have been set by the council?

Please complete the following questions to determine whether a full Stage Two, Equality Impact Assessment is required.

(3) Result	
Are there any aspects of the proposed decision, including how it is delivered or accessed, that could contribute to inequality?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Please provide an explanation for your answer: Neighbourhood Planning allows communities to shape the future of their local area in land use planning terms	
Will the proposed decision have an adverse impact upon the lives of people, including employees and service users?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Please provide an explanation for your answer: Development of a neighbourhood plan should have a positive impact upon a local community as all members of the community are encouraged to engage with the process of developing the plan.	

If your answers to question 2 have identified potential adverse impacts and you have answered ‘yes’ to either of the sections at question 3, or you are unsure about the impact, then you should carry out a EqIA 2.

If an EqlA 2 is required, before proceeding you should discuss the scope of the Assessment with service managers in your area. You will also need to refer to the EqlA guidance and template – <http://intranet/index.aspx?articleid=32255>.
