Executive Report

1. Introduction

1.1 Regulations came in to force on 01 July 2012 following the introduction of the Localism Act 2011. Section 33 of these regulations prescribes the circumstances in which the Standards Committee or the Monitoring Officer may grant dispensations to Councillors to speak and/or vote at a meeting in which they have a Disclosable Pecuniary Interest under Section 31 of the Act. If a Member acts in accordance with the granting of such a dispensation, any participation in business prohibited by the mandatory provisions of the Code of Conduct is not a failure to comply with the authority's Code.

1.2 These regulations refer to the circumstances where a Councillor, finds they are in a position where they have to declare a disclosable pecuniary interest under the Code of Conduct which would ordinarily then require them to leave the meeting. These councillors might be able to obtain a dispensation (permission) from the Standards Committee or Monitoring Officer to stay in the meeting after declaring the interest to either speak or speak and vote according to any dispensation granted.

1.3 The Standards Committee or Monitoring Officer may grant a dispensation to a Parish Council Member or co-opted Member in the following circumstances:

- (i) that so many Members of the decision making body have Disclosable Pecuniary Interests in a matter that it would "impede" the transaction of the business of that body. [In practice this means the decision making body would be inquorate as a result.]
- (ii) that without the dispensation the representation of different political groups on the body transacting the business would be such as to alter the outcome of the vote on that particular matter.
- (iii) that the authority considers that the dispensation is in the interests of persons living in the authority's area.
- (iv) that without a dispensation no Member of the Executive would be able to participate in a particular matter. They suggest that where the Executive would be inquorate as a result then the particular decision could be dealt with by an individual Member of the Executive. It may be necessary to make provision in the Scheme of Delegation to enable this to occur although it does appear to be an unlikely event.
- (v) that the Council considers that it is "otherwise appropriate" to grant a dispensation. This is a particularly wide provision as to some extent is (iii) above.

1.4 It is considered that grounds (i) and (iv) are objective and it is recommended that dispensations on these grounds are delegated to the Monitoring Officer with an appeal to a Standards Committee. This would enable dispensations to be granted effectively "at the door of the meeting".

1.5 Grounds (ii), (iii) and (v) are rather more complex and subjective and it is considered appropriate that the discretion to grant dispensations on these grounds remains with Standards Committee after consultation with the independent person.

2. Request to Grant Dispensation

2.1 Requests for dispensations must:

- (a) be made in writing;
- (b) be made to the Proper Officer of the Council;
- (c) be made by an individual Member or Co-Opted Member of the authority.

2.2 The requests for dispensations set out in Table A below were submitted to the Monitoring Officer in accordance with the criteria set out in paragraph 2.1. The written requests which have been made by the Councillors referred to in the table are for a dispensation to enable these Councillors to take part in the debate and vote upon a matter.

2.3 One of the Disclosable Pecuniary Interests (DPIs) which Members are required to disclose under the Authority's Code of Conduct is "Membership of other bodies: Details of any body exercising functions of a public nature of which you are a member or in a position of general control or management."

2.4 It follows, therefore, that a District Councillor who is also a Town or Parish Councillor has a DPI to disclose in relation to item 15 (Council Tax Reduction Scheme 2014/15 – specifically Recommendation 4) on the 12 December 2013 Council agenda as it includes a recommendation that "No transfer of funding will be made to parish and town councils".

2.5 In this instance it is considered that ground iii) "that the authority considers that the dispensation is in the interests of persons living in the authority's area" may be applicable. This is on the basis that 25 of the 48 Councillors who have notified us that they will be present at the Council meeting (apologies have been received from Councillors David Goff, David Rendel, Roger Hunneman and David Betts) have notified us that they have a DPI. The Monitoring Officer is of the view that this issue is substantive and a failure to grant a dispensation would impede the transaction of the business because of the number of members having the same DPI.

3. Considerations in granting a dispensation

3.1 The Standards Committee should take the following into consideration when determining whether or not a dispensation should be granted:

- (i) the Standards Committee should weigh up the effect of Members' disclosable pecuniary interest against the outcome of the vote if they are not participating in the vote.
- (ii) the Standards Committee should consider whether the nature of the interest in question is such that public confidence in the authority would be damaged if that Member were allowed to vote.

- (iii) the Standards Committee should look at whether the interest in question is one that is common to both the Member and to a significant proportion of the population.
- (iv) account should also be taken of the expertise and knowledge of the Member and whether this justifies their participation in the item in question. For example, if members of Police and/or Fire authorities would be able to bring their expertise by addressing the meeting.
- (v) Standards Committee Members should have regard to whether the business in question relates to a voluntary or public body which is to be considered by the Overview and Scrutiny Management Commission, and additionally whether the interest is a financial one.
- (vi) if a dispensation not being granted would mean the meeting was not quorate, this might be a reason to grant the dispensation.

4. Procedure

1. The Standards Committee should consider the implications for the dispensation set out at 3.1 above. This consideration may also take account of any other relevant circumstances or local criteria.
2. The Standards Committee should determine the nature of any dispensation they are minded to grant:
 - (a) whether the applicant can speak and not vote; or
 - (b) whether the applicant can participate fully and vote.
3. The Committee can also decide the length of the dispensation (not more than four years). In this instance it is recommended that the dispensation be granted for this item only.
4. The regulations do not allow for the Standards Committee to grant a general dispensation to cover any situation where a disclosable pecuniary interest may arise.
5. If the Committee grants a dispensation it should do so in writing and before the meeting(s) in question is/ are held.
6. The Standards Committee may decide to refuse an application for a dispensation. This is within their discretion under the regulations.
7. A written record of the decision taken must be kept and placed with the Register of Interests maintained under Section 81(1) of the Local Government Act 2000.

5. Recommendation

- 5.1 While the Monitoring Officer has the ability to consider a request for a dispensation in certain circumstances this is not one which the Monitoring Officer considers to fall within his remit. The Monitoring Officer considers that this request would fall within criterion iii that “the authority considers that the dispensation is in the interests of persons living in the authority’s area.”

5.2 The Monitoring Officer recommends that in this case all the Members as set out in Table A should be granted a dispensation to speak and vote on the matter during the consideration of this item at the 12 December 2013 Council meeting.

5.3 The Standards Committee is asked to determine:

- (a) whether a dispensation should be granted;
- (b) if they are minded to grant a dispensation :
 - (i) whether the applicant can speak and not vote; or
 - (ii) whether the applicant can participate fully and vote
- (c) if they are minded to grant a dispensation how long they are willing to grant the dispensation for.
