PARTI

22 **Minutes**

The Minutes of the meeting held on 12 June 2017 were approved as a true and correct record by the Committee and signed by the Chairman.

The Committee reviewed the actions arising from the minutes of the previous meeting. Regarding the action on page 2, Paul Anstey confirmed that in relation to the query around Food Hygiene Rating Scheme totals, there had been no data errors but there was a lag between the database and the website which meant the totals did not equal 100%. Members requested that an explanatory note be placed on the website.

All other actions had been completed.

Declarations of Interest 23

There were no declarations of interest received.

Notice of Public Speaking and Questions 24

No notice had been received that members of the public wished to address the Committee on any of the agenda items.

No public questions were submitted in relation to general issues concerned with the work of the Partnership or any items which were on the agenda for the meeting.

Future Plan 25

Members noted the future plan.

Partnership

Nominations to the Board of Directors of Trading Standards South 26 **East Ltd (PP3354)**

The Committee considered a report (Agenda Item 6) which asked that the Committee approve that Sean Murphy be nominated as Director of Trading Standards South East (TSSE) Ltd to represent West Berkshire District Council, Bracknell Forest Borough **Public Protection**

West Berkshire Wokingham

Bracknell Berkshire Council

WOKINGHAM **BOROUGH COUNCIL**

Council and Wokingham Borough Council ('the Councils') and that John Nash be nominated to the role as Alternate Director to represent the Councils.

Steve Loudoun explained that the decision was a straightforward business need. All three Councils had a right to be members of the company but as they were part of a shared service there was an opportunity for a saving and have only one person representing all three Councils.

Sean Murphy explained that each authority was entitled to nominate one Director and a number of Alternate Directors. Currently Sean Murphy was a Director for West Berkshire Council. Wokingham Borough Council had no formal representation on the Board. Bracknell Forest appointed Rob Sexton but he stood down on the formation of the Public Protection Partnership (PPP) in the expectation that the PPP would then assume this role. As each of the three Members of TSSE Ltd were now parties to the Public Protection Partnership, it was proposed that it would make good sense to have common representation on the Board. This would not alter the individual status of each authority as a Member of the company.

Councillor Norman Jorgensen asked what sorts of decisions were taken by Directors of TSSE Ltd. Sean Murphy responded by explaining that the initial purpose of the company was to manage and deliver the contract with the government for the Consumer Direct Advice Line. Initially it ran in parallel with the Trading Standards South East Partnership which was an affiliation of member authorities who shared best practice and developed initiatives aimed at improving service improvements, cross border co-operation and value for money. In 2007 a decision was made to broaden the remit of TSSE Ltd to encompass all activity. The company had a good governance structure and drove efficiencies. It handled grant funding from a variety of government sources and made decisions relating to the business of the company and its strategic direction.

Councillor Nick Allen asked whether there might be any disadvantages to voting rights in not having three representatives on the company's board. Sean Murphy advised that there was one other joint service on the board (Buckinghamshire and Surrey) which has maintained two Directors however he had not come across a situation when two votes would have changed a decision made. It would be possible for the Committee to change a decision regarding nomination to the board at any time.

Councillor Allen asked for the cost implications. Sean Murphy advised that the cost structure was set depending on the size of the Council. The three Councils' fee was lower as a shared service versus paying as three separate unitary authorities. The Committee could opt to have more than one representative if they chose but officers recommended that one representative could speak on behalf of the three Councils. Steve Loudoun added that each Council was still able to bid separately for any funding and could in effect have three bites of the cherry. Clare Lawrence noted that county councils had a significantly larger remit in comparison to unitary authorities but were permitted one representative.

Councillor Ian McCracken noted that in the financial implications section of the report, the membership fee was £12.3k per annum and the benefit had been equivalent to £200k over five years. Sean Murphy clarified that the £200k figure had been based on the former shared service between Wokingham and West Berkshire and therefore did not include the benefit received by Bracknell Forest Council. To maximise the opportunity for grant funding there needed to be a critical mass so that the resource could be deployed. All three councils would have better access to grant funding now they were all part of the shared service. Membership of the company also provided access to national investigative resources. Steve Loudoun added that sending just one rather than three representatives would be one of the potential benefits that should arise from the partnership.

Councillor Boeck asked whether representation would be improved or reduced as a result of one Director representing the PPP. Sean Murphy explained that the Director would be speaking with one voice on behalf of the membership and if the Committee were dissatisfied with the decision they could change it at the next meeting.

Councillor Allen noted the benefit of membership of TSSE Ltd but asked if the benefit would reduce if the PPP was represented by only one person. Steve Loudoun explained there would be a benefit in terms of officer time saved.

Councillor Michael Firmager expressed concern that the PPP could be outvoted if they chose to have only one representative. Sean Murphy advised that he could not recall a time when two votes would have made a difference in terms of the decision made.

Councillor McCracken asked whether there was a tiered structure to the company's board. Sean Murphy advised that there was a Chair, a Finance Director and a Strategic Management Group which comprised past Chairs as therefore as a former Chair he was a member.

RESOLVED that the Committee approve that: Sean Murphy be nominated as Director of Trading Standards South East Ltd to represent West Berkshire District Council, Bracknell Forest Borough Council and Wokingham Borough Council ('the Councils') and that John Nash be nominated to the role as Alternate Director to represent the Councils.

27 Update on the Business Plan

The Committee considered a report (Agenda Item 7) to update Members on performance against the aims of the business plan agreed on 14th March 2017. Paul Anstey also tabled a document entitled Performance Information which he explained was a live document.

Sean Murphy gave a presentation to provide an overview of the Public Protection Partnership's Activities since the Business Plan was adopted by the Committee in March 2017. He noted the role of the Committee and the Joint Management Board which was a monthly officer meeting which took forward the business of the Committee. There had been changes to the senior leadership at West Berkshire and Wokingham Borough Councils and regeneration in Bracknell Forest.

Sean Murphy then provided an overview of the Committee's previous and upcoming agenda items, explaining how they aligned with the business plan.

The Committee received information on the staff structure of the Partnership and the current vacancies. Teams now operated on behalf of all three Councils, for example the Licensing section had one team which dealt with licensing applications on behalf of all three Councils and one team which handled the governance and regulatory committees for all three Councils.

Thought had also been given to workforce planning and the PPP would aim to 'grow it's own' staff. They would be maximising the opportunities arising from the Apprenticeship Levy in creating a regulatory services trainee role. This would enable the PPP to access some of the funding for apprenticeships and ensure that new staff had the necessary competencies for working across a broad partnership.

The PPP was undertaking work on behalf of neighbouring local authorities and public sector organisations.

Paul Anstey provided a summary regarding accommodation of the PPP. Officers wanted to ensure that the staff could reap the benefits of coming together into one shared service so they could share their experiences and work as a team. It was intended to begin by collocating the frontline teams in one building to act as a hub for the PPP. The

Committee had previously heard that there were conversations with the Royal Berkshire Fire and Rescue Service (RBFRS) to share a building but unfortunately the timescales were such that progress had been slow. Officers had therefore sought an alternative solution in the meantime, namely the former library building in Theale. This building could be used for two years while talks with RBFRS continued.

Councillor Jorgensen asked whether there was a risk that the PPP would be paying twice to kit our buildings, once for the Theale building and again in two years time. Paul Anstey advised that the 'worst case scenario' cost of furnishing the building would be £30k. The PPP would have to pay £27k per annum in rent to West Berkshire Council.

Steve Broughton offered reassurance that West Berkshire Council's Chief Executive would be meeting with the Deputy Chief Fire Officer in October 2017 to help progress collocation between RBFRS and the PPP. There would still be scope to move other PPP staff in with RBFRS if timescales gathered pace.

Returning to the plans to hire apprentices, Councillor Firmager enquired whether officers were confident about their ability to retain staff they had trained. Paul Anstey advised that all three Councils had a good track record of staff retention. The PPP would be in the fortunate position of being able to offer new staff a variety of experiences and could offer existing staff mentoring opportunities. Sean Murphy praised the Bracknell model of employing regulatory services officers.

In response to a question from Councillor McCracken, Paul Anstey advised that it was intended that teams would operate from the same locations and not be spread out over the three Council areas.

Councillor Allen asked if there would be an underspend as a result of the unfilled vacancies. Paul Anstey advised that some funds had been diverting to other projects in year as officers had deemed this to have the most benefit. For example they had been able to invest in improving case management IT systems with the headroom created by the vacancies. It was possible there would be a small underspend at year end. Sean Murphy confirmed that some vacancies had been filled like-for like but the overall needs of the partnership had been prioritised.

Councillor Jorgensen enquired how staff felt about the possibility of being located in Theale. Paul Anstey responded that the move was being explained to staff as a transitional arrangement and no changes to contracts were been proposed in the short term. Informally, the proposal had not been controversial and some staff would benefit from a change in office location in terms of their personal commuting time and costs.

Councillor Jorgensen noted that the report stated that of the 23 risk profiles listed, one was marked red and this related to workforce. Steve Loudoun invited the Committee to note the progress against the business case so far.

Councillor McCracken requested that the presentation slides and risk register be circulated to the Committee (SM/ JR to action).

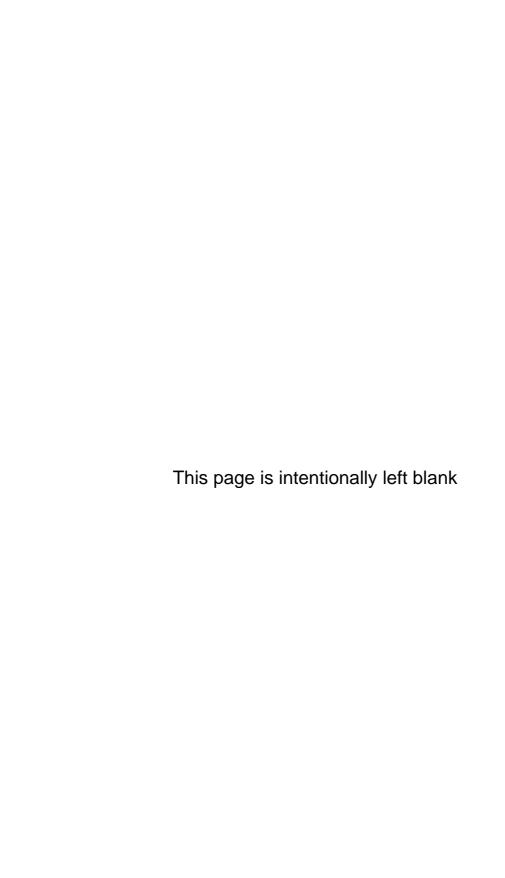

Councillor McCracken acknowledged that he and Councillor Emma Webster were also members of the Fire Authority and enquired whether they were required to take any role in conversations regarding collocation at this stage. Steve Broughton confirmed that conversations were positive and the delay had been caused by trying to find a suitable time for both parties. Members were not required to intervene at this stage.

RESOLVED that the report and presentation be noted.

Public Protection Partnership Revenue Budget 2018/19 - Report

Committee considering report: Joint Public Protection Committee

Date of Committee: 14th December 2017

Report Author: Sean Murphy

1. Purpose of the Report

1.1. To set out the draft revenue budget for 2018/19 including fees and charges.

1.2. To set out a proposed adjustment to 2017/18 West Berkshire and Wokingham Dog Boarding Licence fee for 2017/18

2. Recommendation(s)

- 2.1. That the Committee consider the draft revenue budget including fees and charges set out.
- 2.2. That they recommend to the Councils the sums set out at 6.3 along with the relevant fees and charges schedule.
- 2.3. That the Committee vary West Berkshire and Wokingham fee for Animal Boarding for 2017/18 as set out in 5.4.

3. Implications

Financial:

The budget for the PPP service in 2017/18 was set out in the out in the Inter-Authority Agreement dated the 6th January 2017. The budget was set at £3.213M to be paid by the Councils in the following percentage shares: Bracknell Forest 26.24%, West Berkshire 39.95% and Wokingham 33.81%.

The net revenue budget for 2018/19 is £3,395k. It is proposed that percentage applied will be as per set out in 6.3. The basis of the increase from 2018/19 is out in Appendix A.

The fees and charges proposed are set out Appendix C (West Berkshire and Wokingham) and Appendix D (Bracknell Forest) to this report. These are either statutory fees in which case any variance will have been set by law or discretionary fees. In respect of the discretionary fees there has an inflationary rise of 3% has been applied subject to rounding.

Any money allocated from monies received under the Proceeds of Crime Asset Recovery Incentivisation Scheme do not form part of the PPP revenue budget.

The rationale for the proposed change to the 2017/18 Animal (Dog) Boarding Fees are set out in Appendix A of the report.

Policy: The Joint Public Protection Committee has

responsibility for the setting the strategic direction and policy of the PPP Service. This includes the maintenance of financial oversight to ensure sound

financial management.

Personnel: There are no personnel implications arising from

these proposals if the budget set out is proposed and

subsequently accepted by the Councils

Legal: The IAA that set up the Partnership effectively

delegates responsibility for the strategic direction of the joint service to the Joint Committee. The responsibilities of the committee are set out in

Schedule 1 to the agreement.

Included is the responsibility to propose a fee structure, annual budget to the Councils and agree any variations from the budget from the Inter-Authority Agreement. It also has the responsibility to set out a proposal for the agreed percentage figures. The agreement requires that these should be 30th November or other such date agreed. In reality work has been ongoing right up to time of submission of this report. We will need to consider the meeting cycle of the Joint Committee to meet this obligation in future years.

It remains at all times the responsibility of the Councils to set their own budgets including fees and charges having received the recommendation of the Committee.

Risk Management: There are no specific risk identified with this report

other than the Councils considering and then subsequently proposing a reduction in the revenue

budget from that proposed.

Property: None

Other: None

4. Other options considered

None at this stage for the reasons set out in the body of the report.

5. Executive Summary

- 5.1. The Inter-Authority Agreement (IAA) between the Councils sets out of the functions that are delegated to the Joint Committee under the terms of the agreement. These include an array of statutory functions relating to the housing, nuisance, environmental protection, licensing, trading standards, food safety and standards and health and safety.
- 5.2. The IAA also identifies the key priority areas for the service which are community protection; protection and improving health; protection of the environment; supporting prosperity and economic growth and the delivery of effective and improving service.
- 5.3. In order to deliver these functions for the Councils they are requested on an annual basis to allocate a budget to the Joint Committee. That budget is proposed by the Joint Committee along with a proposed schedule of fees and charges. The total net revenue budget for the service is then divided between the Councils in the agreed percentages. The proposed net revenue budget for 2018/19 is £3,395k and the new agreed percentages as set out in 6.3. The basis of the calculation is set out in Appendix A to this report.
- 5.4The Animal Boarding Fee for home Dog Boarding for 2017/18 for Wokingham and West Berkshire was set at £371. This was a universal fee based on full cost recovery at the agreed rate of £53 per hour. This included consideration of the licence application and two visits per annum to each licence holder and the wider enforcement regime. This totalled seven hours hence the fee being set out at £371. This represented an increase of £198 on the 2016/17 fee. There has been substantial amount of concern raised by those renewing. It is proposed that the principle of cost recovery is upheld but that the fees be reduced in accordance with the rationale set out in Appendix A. If approved the varied fee would be first licence application £265 and a renewal of £185.

6. Conclusion

- 6.1. This is a key responsibility for the Joint Committee to recommend a revenue budget including a fees and charges structure. It also has a responsibility to keep under review the budget and consider any the outturn or any variance. A report will be brought forward in due on the 2017/18 outturn.
- 6.2. The budget proposed is effectively a standstill budget based on a number of factors including annual salary inflation, adjustments for incremental salary rises, increased contributions to the Royal Berkshire Pension Fund and CPI applied to contracts and adjustments for minor anomalies in the 2017/18

budget build which have a the effect of adjusting the agreed percentages. Existing discretionary fees and charges have been increased by approximately 3% rounded. A small number of new fees have been issued on full cost recovery and these are identified.

6.3. The Committee is consider the matters set out in this report and propose the contributions and fees and charges schedules to the authorities in the following terms:

| Authority | Agreed Percentage | Budget Allocation | Fees and Charges |
|------------------|----------------------|-------------------|-------------------|
| Bracknell Forest | 26.25 | £891,100 | As per Appendix D |
| West Berkshire | 39.95 | £1,356,200 | As per Appendix C |
| Wokingham | 33.80 | £1,147,400 | As per Appendix C |

Public Protection Partnership Revenue Budget – Supporting Information

1. Supporting Information – Revenue Budget

- 1.1 The net revenue budget for 2018/19 has been calculated taking into account:
 - The annual cost of living rise at 1%
 - The increase in employer pensions contributions amounting to £84k
 - Incremental rises to the value of £69k

This gives a total net budget for 2018/19 of £3,395k

The agreed percentages have been slightly amended to account for anomalies relating to efficiencies and pension adjustments and. These have the effect of the pension adjustment is under query.

Based on the adjusted proposed percentages the contribution sought from each authority are those set out at 6.4 of the summary report.

2. Supporting Information – Fees and Charges

- 2.1 A major piece of work is planned for 2018/19 to evaluate and unify to the licensing processes employed across the three authorities. As a result of the previous shared service across Wokingham and West Berkshire this has largely been done and one fee created. The new shared service across Bracknell, West Berkshire and Wokingham requires that this all be revisited to ensure that the most efficient, unified and streamlined service is established to derive benefits for both the Councils and the licensing services clients. The Joint Committee will receive a report on this in due course. In the meantime we are effectively left with two fee structures which is far from ideal.
- 2.2 Although fees in some areas are broadly similar in others there are marked differences and these can be seen from the figures set out in Appendix C and Appendix D. These differences reflect different practices and regimes in the different Councils. It is planned that by the time the Committee considers the fees and charges for 2019/20 there will only be one fee schedule for the PPP. In the meantime the fees are based on the 2017/18 fees and charges. The former West Berkshire and Wokingham fee schedule (Appendix C) have had 3% applied to discretionary fees which has been rounded. The Bracknell Forest fee schedule has been adjusted by the percentages as set out in the schedule.

3. Supporting Information – Proposed Change to Dog Home Boarding Fees

- 3.1 If you run a business that provides accommodation for other people's dogs and cats you are required to have a licence even if it is run from your own home. The licences last 12 months and can be renewed. Licence conditions apply and in certain circumstances you can be refused a licence. It is unlawful to operate without a licence.
- 3.2 In Wokingham there a currently 33 licence holders and in West Berkshire 36 In the 2016/17 the fee for 'home boarding' was £173. In light move towards full cost recovery the fee was reviewed based on the service hourly rate of £53. It was established that based on processing, checks and two full inspections per annum that the issue of a licence would take seven hours thus giving a fee for 2017/18 of £371. Many current licence holders have argued that this would make their businesses unviable as many only have perhaps two dogs and not regularly in some cases.
- 3.3 As a result of the concerns raised we have looked again at the licensing regime and would propose as follows:
 - That the number of visits be reduced from two per annum to one. Should follow up visits be required as a result of none compliance these would be charged at the hourly rate. Non-compliance is rare.
 - That the licensing regime recognises that renewals take less time than initial licensing.
- 3.4 In effect this would reduce the time spent on the licensing function to 5.0 hours for a new licence and 3.5 hours for a renewal. This includes processing, invoicing, inspection and where necessary enforcement of the wider regime. Applying the hourly rate the proposed licence fees are £265 for an initial application and £185 for a renewal. These will be subject to the rounded up 3% inflationary rise for 2018/19 as per Appendix C.

Public Protection Partnership Community Fund Applications – Summary Report

Committee considering report: Joint Public Protection Committee

Date of Committee: 12th December 2017 Date agreed by Joint Management Board: 24th November 2017

Report Author: Paul Anstey

1. Purpose of the Report

To determine any applications made to access the Community Fund as agreed through the Asset Recovery Incentivisation Scheme (ARIS).

2. Recommendation(s)

2.1. To decide on all applications submitted by the deadline of midnight 3rd December 2017.

3. Implications

Financial: The fund is capped at 20% of the allocated POCA

reserve and has no revenue/capital implications.

Policy: There are no implications for the Asset Recovery

Incentivisation Scheme (ARIS) policy which applies.

Personnel: n/a

Legal: No direct implications. In the event that an irregularity

in an application is identified or grant money is awarded and subsequently misused the PPP will seek to recover all monies and may require support

from legal services.

Risk Management: All projects which receive grant funding will be

monitored in line with the policy.

Property: No implications at this stage.

Other: None

4. Other options considered

4.1. None.

5. Executive Summary

- 5.1. The fund was established by virtue of the Committee decision to implement the policy on the Asset Recovery Incentivisation Scheme (ARIS) on March 14th 2017.
- 5.2. The Committee expressed a wish to determine all grant applications as part of their routine agenda.
- 5.3. As agreed by Committee, the size of the fund has been capped at 20% of the total POCA reserve held (Proceeds of Crime Act).

6. Conclusion

6.1. Having a robust and thorough application process which gives the Committee enough detail upon which to make decisions is essential. The Community Fund and the anticipated subsequent positive publicity is an important step in raising the profile of the Public Protection Partnership and its objectives.

Appendix A

Public Protection Partnership Community Fund Applications - Supporting Information

1. Introduction/Background

- 1.1. The fund was established by virtue of the Committee decision to implement the Asset Recovery Incentivisation Scheme (ARIS) on March 14th 2017.
- 1.2. The Committee expressed a wish to determine all grant applications as part of their routine agenda.
- 1.3. The size of the fund has been capped at 20% of the total POCA reserve held (Proceeds of Crime Act).
- 1.4. The Community Fund has been promoted using a comprehensive PR campaign and the level of interest has been very encouraging.

2. Supporting Information

- 2.1. The application process has generated interest from a variety of community groups and local media, including an interview on local television. This has resulted in 19 applications.
- 2.2. Some clarification was required with regards to the status of Parish Councils but officers have agreed that in the spirit of the fund and its objectives, whilst Parish Councils were not specifically mentioned they are welcome to apply.
- 2.3. The PPP has had support from across the 3 Partner Authorities (Bracknell Forest, West Berkshire and Wokingham Councils) and their communications teams have worked together very effectively. The PPP Lead Officer for Community Engagement has been very complimentary about the demonstration of collaborative working. An example of the work produced is below:

2.4. Referring back to the original business plan the PPP is very excited to be able to help local communities get access to funds which will help address community safety and/or crime prevention issues.

3. Options for Consideration

- 3.1. The Committee is required to determine applications which meet the specific requirements as laid down by the report approved on 14th March 2017.
- 3.2. If any other applications are received between the deadline of 4th December 2017 and the Committee meeting on 12th December 2017 they will be considered at the next Committee meeting currently scheduled for 16th February 2018.

4. Proposals

4.1. To decide on all applications submitted by the deadline of close of play on 4th December 2017.

5. Conclusion

- 5.1. The Committee has made it clear that the Community Fund is a high priority.
- 5.2. The PPP will continue to champion the principle that crime should not and will not be allowed to pay, working hard to bring the benefits of good investigation work and careful application of the Proceeds of Crime Act (POCA) back to local communities.

6. Consultation and Engagement

6.1. The nature of the report does not merit external consultation at this stage however it may be beneficial to engage with local organisations who have links to crime prevention to discuss the merits of the Public Protection Community Fund. The extent of this will be dependent on resources available throughout the term of the agreement.

Background Papers:

None.

Papers containing facts or material you have relied on to prepare your report. The public can access these background papers.

PPP Strategic Aims and Priorities Supported:

The proposals will help achieve the following Public Protection Partnership aims as stated in the Inter Authority Agreement:

| \boxtimes | 1 – | Community Protection |
|-------------|--------|---|
| \boxtimes | 2 – | Protecting and Improving Health |
| | 3 – | Protection of the Environment |

Equality Impact Assessment – Stage One

We need to ensure that our strategies, polices, functions and services, current and proposed have given due regard to equality and diversity as set out in the Public Sector Equality Duty (Section 149 of the Equality Act), which states:

- "(1) A public authority must, in the exercise of its functions, have due regard to the need to:
- eliminate discrimination, harassment, victimisation and any other conduct that (a) is prohibited by or under this Act;
- advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; This includes the need to:
- remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
- take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
- foster good relations between persons who share a relevant protected characteristic and persons who do not share it, with due regard, in particular, to the need to be aware that compliance with the duties in this section may involve treating some persons more favourably than others.
- The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.
- Compliance with the duties in this section may involve treating some persons more favourably than others."

The following list of questions may help to establish whether the decision is relevant to equality:

- Does the decision affect service users, employees or the wider community?
- (The relevance of a decision to equality depends not just on the number of those affected but on the significance of the impact on them)
- Is it likely to affect people with particular protected characteristics differently?
- Is it a major policy, or a major change to an existing policy, significantly affecting how functions are delivered?
- Will the decision have a significant impact on how other organisations operate in terms of equality?
- Does the decision relate to functions that engagement has identified as being important to people with particular protected characteristics?
- Does the decision relate to an area with known inequalities?
- Does the decision relate to any equality objectives that have been set by the council?

Please complete the following questions to determine whether a full Stage Two, Equality Impact Assessment is required.
