**Ward Member(s):** Councillors Rick Jones, Thomas Marino and Andrew Williamson

---

### **1. Additional Consultation Responses**

Further correspondence has been received from public requesting clarification of the height of the monopole.

### **2. Height Clarification**

At the committee site visit the height of the monopole tower was raised due to the table on Page 6 of the Supplementary Information (WBE21856) report accompanying the application states the overall height is 18 metres. It was clarified with the applicant that this was incorrect and the monopole tower is 15 metres as per the other documentation submitted with the application including the drawings, covering letter and application form.

### **3. Street lighting**

Queries were raised at the committee site visit about the height of the surrounding street lighting columns. The street lighting columns visible from the application site are 10 metres high. Please see picture of street lighting column adjacent to the access to Tall Trees (south-west of application site):

#### **4. Updated Recommendation**

The recommendation remains as set out in the agenda committee report.
