

Joint Public Protection Committee Actions Arising from Previous Meetings

Ref	Meeting Item	Action	Officer	Update
1.	14 March 2022 West Berkshire Water Safety Partnership Annual report 2021/22	Jon Winstanley to raise the possibility of installing defibrillators alongside the water safety cabinets with the partnership	JW	<p>The WBC Health and Wellbeing Board are happy with the current coverage, if any further defibs are felt necessary they would require initial capital investment, electric supply and on-going maintenance provision.</p> <p>However there was consensus at the Water Safety Partnership meeting held on the 30 January 2023 that Defibs could be provided at locations where we have water safety cabinets.</p> <p>This will continue to be reviewed.</p> <p>Ward Members to be approached about the potential use of the Member's bid process to fund Defibs at the location of the three water safety cabinets.</p>
2.	26 January 2023 Regulation of Investigatory Powers	Officers agreed to look into how wider elected member oversight of the regulations could be delivered.	SM	This will be covered in the PPP induction for members in both authorities post the May elections.
3.	13 March 2023 Public Protection Partnership Priorities 2021 to 2023 – Refresh	Sean Murphy to consider the implications, if any, for the PPP resulting from the enactment of the Hunting Trophies (Import Prohibition) Bill and update the Committee.	SM	The impact of the enactment of the legislation to be covered off in the priorities setting process for the Service.

Ref	Meeting Item	Action	Officer	Update
4.	13 March 2023 Public Protection Partnership Priorities 2021 to 2023 – Refresh	Rosalynd Gater to look at the Houses of Multiple Occupancy information on the PPP website to make sure that it is up to date and is as informative as it could be.	RG	The website is up to date and the guidance on the website has been updated.
5.	12 June 2023 Public Protection Partnership Service Update and Q4 Outturn for 2022/23	Members requested that the data in terms of customer satisfaction be split into three sections: Trading Standards enquiries, Business inquiries, and Environmental Health and Licensing enquiries	MF	The number of responses to satisfaction surveys received during Q1 was small and it was determined that splitting it down into the three areas would make the information statistically unreliable This would however continue to be monitored.
