
Contracts for Award Under Delegated Authority from Executive Board

Committee considering report:	Executive
Date of Committee:	2 November 2023
Portfolio Member:	Councillor Jeff Brooks
Date Portfolio Member agreed report:	26 September 2023
Report Author:	Kate Pearson / Liz Martin
Forward Plan Ref:	EX4407

1 Purpose of the Report

- 1.1 To provide details of forthcoming supply, service and works contract awards that will have a contract value in excess of £2.5m and as such will require approval from the Executive during the next quarter. This report provides the Executive with visibility of all high value contracting activity and the opportunity to request further information regarding any of the contracts identified.
- 1.2 To gain approval from the Executive to delegate authority to an individual (Service Lead or Service Director) to proceed with the contract awards provided in this report, on the condition that a Procurement Strategy and a Contract Award report is granted approval by Procurement Board.
- 1.3 A consolidated report is considered the most effective way of complying with the Council's Contract Rules, whilst providing the Executive with visibility of forthcoming high value contracts requiring approval. This in turn will help minimise any delays that may impact the tender timetable for contract award and service mobilisation.

2 Recommendation

- 2.1 Executive to delegate authority to an individual (Service Lead or Service Director) to proceed with the award of the contract in table [4.7] in consultation with the Portfolio Holder following the completion of the appropriate tender process and Procurement Board approval of a Contract Award report.

4 Executive Summary

- 4.1 To gain approval from Executive on forthcoming contract awards due to take place during the next quarter of the financial year.
- 4.2 We currently have one contract with a value of £2.5m+ which is planned to be awarded during the next quarter. The Supported Living contract has had a Procurement Strategy approved by Procurement Board and will follow the Council’s Contract Rules for tendering and award approval.
- 4.3 The tender relating to this contract was advertised on the Council’s e-tendering portal, relevant external journal publications (e.g. Contracts Finder & Find a Tender Service).
- 4.4 Following the completion of the tender process, the service area will be required to submit a Contract Award report to Procurement Board for approval prior to awarding the contract. The Service Lead/Service Director will consult with portfolio holders, the s.151 officer and Monitoring Officer prior to contract award to ensure necessary consultation has been completed.
- 4.5 There are a number of projects listed on the Council’s Capital programme where it is not known at this stage if the delivery of these projects will require tendering for supply contracts. Whilst every effort has been made to include all contracts which are likely to arise, it is possible that other, urgent requirements may emerge. Such cases will need to be reported separately to the board as individual contract award reports for approval. It is acknowledged that there will also remain the need for some contracts to follow the standard governance process rather than be included in this report.
- 4.6 The contract award summary table (4.7) provides an overview of the contract which is being tendered following approval of a Procurement Strategy by the Procurement Board. This contract is expected to have a contract value of over £2.5m based on the previous contract term value.

4.7 Forthcoming Contract Award Summary Table

Pending contract award

5 Supporting Information

5.1 Introduction

The contract presented in this report has an estimated value in excess of £2.5m for the whole life of the contract term, including any optional extensions. The budget information and previous contract value is currently provided by the service area leading the procurement strategy.

5.2 Background

Procurement Board has the overall responsibility for monitoring contractual spend within the Council. The Procurement Board scrutinise both the strategy and award reports to ensure the procurement is compliant with the Council's constitution, relevant legislation, the Public Contracts Regulations 2015 and that the award of the contract demonstrates value for money. All contracts with a value in excess of £100,000 require an individual Procurement Strategy to be submitted to Procurement Board for scrutiny and approval prior to the service area conducting a tender process. Following the completion of the procurement process, a contract award report detailing the outcome of the tender is submitted to Procurement Board, Corporate Board and Operations Board for approval prior to awarding the contract.

5.3 The Contract Rules state that for supply contracts with a value of in excess of £2.5m, a Contract Award report must be approved by Procurement Board, Corporate Board, Operations Board and Executive, before the contract can be awarded.

5.4 Further detail regarding the contract set out in 4.7 is included as a Part II report for the Executive meeting.

6 Other options considered

6.1 The approval of a consolidated contract award report is considered the most efficient way of meeting the governance requirements of the Constitution, therefore no alternative proposals are being made.

7 Conclusion

7.1 This report provides details of the contract which has been registered with Commissioning & Procurement and scheduled for award during the next quarter. Whilst every effort has been made to capture and include all the forthcoming contracts, there may be other projects which Commissioning & Procurement have not yet been involved in or the service area have not yet submitted a strategy to the Procurement Board for approval. Should the Commissioning and Procurement team become aware of contracts with a value of over £2.5m that need approval during the next quarter, then these will be submitted separately to Corporate Board, Operations Board and Executive as individual Contract Award reports for approval.

7.2 The Executive resolves to:

- (1) delegate authority to the relevant Service Lead/Service Director in consultation with the relevant portfolio holder, s.151 officer and Monitoring Officer to proceed

with award of the forthcoming contract that has been identified in this report for award approval during the next quarter of the financial year.

- (2) delegate authority to the Service Lead Legal and Democratic in consultation with the relevant Executive Director to finalise the terms of any agreement as set out in the tender documents and make any necessary drafting or other amendments (such amendments not to be substantia or material) to the terms of the agreement necessary to produce a final agreement for execution and to enter into that agreement; and where relevant.
