Subject: Objection licensing application for a "Newbury Premier" convenience store at 3 Monument Close

I would like to submit an objection to the application for a licensing application for a "Newbury Premier" convenience store at 3 Monument Close.

Wash common does not need another convenience store when we already have co-op and Sainsbury's local.

There are already significant characters who sit on the walls drinking at all hours so we would not want to encourage more of this.

It would be wonderful to see a local cafe back on that parade of shops.
