Dear Sir or Madam,

I am a Beenham resident of 21+ years and wish to support the Premises Licence Application (Reference Awberry Farm Barn: 22873).

I do not believe that the venue or license will negatively impact the village, local community, or licensing objectives. The proprietors are themselves keen villagers who wish to support and enhance the village and have agreed acoustic fencing, barn insulation, limited venue hours, limited total number of events, and applied a noise limiter with ongoing noise monitoring to mitigate any concerns.

Kind regards
