The Prevention of Crime and Disorder:

Public Safety:

I already hear drunk people singing, shouting and sometimes fighting in the street outside my window into the early mornings every weekend and sometimes during the week. I accepted that there was going to be some of that when I agreed to live in an area with bars but opening a nightclub right next door will take this to a whole new level. If this club is popular then residents of my building will have to walk through queues of drunk people just to leave our front door in the evening. This nightclub might seem like a good opportunity to use a building otherwise not being used but you will make my building vacant in short order if this goes ahead.

The Prevention of Public Nuisance:

.....This nightclub is to be located next door to a residential block. I recently moved into this block unaware that there were plans to open this nightclub next door. Last night the nightclub tested their sound system and it shook my windows. In my tenancy agreement I am restricted from playing music after 10pm for the convenience of other tenants, however under this license this nightclub will be able to play music and have drunk people outside my window until 2:30/4am every single day. The action of approving this license may occupy the building next door but I believe it will soon make this building derelict as no-one is going to want to live next door to a nightclub. The town centre has a variety of bars and a couple clubs already. If this nightclub is to be opened surely it would make more sense to find a venue at least a street away from residential blocks. My building will simply be unlivable if this night club opening and licensing goes ahead.
