

Glossary and Definitions used in the report

Misinterpretation of Establishment data can often occur through an incorrect understanding of the definitions that are used. The attached Appendices include a number of terms and the definitions are shown below.

Definitions

Grouped Posts:

Individual posts with the same criteria against them are sometimes grouped into one generic post with the full time equivalent (FTE) value reflecting the total number of hours from the individual posts. A Grouped Post will have one post number, but each employee allocated to the Grouped Post will retain their individual Employee numbers.

The following information must be the same for every employee within the Grouped Post:

- Job title;
- Grade;
- Reporting Line;
- The team the post is in;
- Location;
- Cost Centre;
- Funding source; and,
- Post status (i.e. Permanent or Temporary).

Establishment:

The number of posts (shown as full time equivalents (FTE)) that are supported by the approved staffing budget, agreed by the Council (through the Policy and Budget Framework) at the annual budget setting meeting. If the Executive subsequently change the staffing budget during the year then the Establishment would be expected to change. Changes in Establishment can also result from restructuring where two lower paid posts could be created from a single higher salaried post or vice versa. In this case the budget does not change but the Establishment will.

The Establishment includes both occupied and vacant posts. In some cases vacant posts within the Establishment may be covered by temporary or agency staff. These are not added to the Establishment.

The Establishment includes Permanent and Fixed Term positions whether they are full or part time.

Casual and Relief staff as well as those on variable hour contracts are not included within the Establishment figures and are reported separately.

The Establishment includes all Permanent, and Fixed Term positions irrespective of their funding source, as long as they are West Berkshire

Council employees. As a result, staff funded by external grants or jointly funded with Partner organisations will be included. At the same time no distinction is made between Revenue and Capital funded positions.

Occupied FTE:

This is the total Full Time Equivalent (FTE) posts within the Establishment that are occupied at the end of the reporting period. It does not include posts that are being covered by temporary or agency staff. This data includes staff who may not currently be working in their post, but who are still employed e.g. on maternity leave, on sick leave.

Vacant FTE:

This relates to the total Full Time Equivalents that are vacant within the Establishment at the end of the reporting period. Adding the number of vacant and occupied posts together will show the total Establishment. Staff due to start employment will not move a post from 'vacant' to 'occupied', even where an offer of employment has been made.

Staff headcount:

The total number of staff in post as at the end of the reporting period. This is the same as occupied FTE except that the headcount counts people who are not full time equivalents. This data includes staff who may not currently be working in their post, but who are still employed e.g. on maternity leave, on sick leave. Staff headcount is shown per service in this report. The headcount per service should not be totalled as this gives an inaccurate figure as some employees have several posts, sometimes in the same, and sometimes in different, services.

Annualised Turnover:

As quarterly turnover but annualised to show a forecasted annual figure if the level of leavers should be maintained for the rest of the rolling year.

Overtime - Flat:

Any time paid over standard contractual hours paid at flat hourly rate.

Overtime - Enhanced:

Any time paid over standard contractual hours paid at an enhanced hourly rate.

Casual:

Any hours paid for casual staff who do not have a contracted number of hours each period.
